Rossano,2017-12-02 How would Socrates and Plato react to a modern world where secularism and religious fundamentalism are growing while the gap between the human mind and animal mind is narrowing Using some creative license mixed with real history science and philosophy Seeking Perfection addresses that question Matt J Rossano uses a narrative dialogue format to superimpose on modern times ancient Greece s two most eminent philosophers along with its government and culture The story begins with Plato s daring escape from Sicily where he tutored Dionysius II in philosophy On board his homebound ship Plato recounts his experiences in Sicily In this narrative the intellectual difference between practical rewards and the pursuit of ideals provides the basis for a series of dialogue on science secularism religion and the uniqueness of the human mind Upon the ship s arrival home Plato s mentor Socrates is arrested and his trial provides the venue for the book s final dialogue The final dialogue serves as a counterweight to the earlier ones Rossano begins and ends with a philosopher imprisoned by his views indicative of one of its main messages the true philosopher uses a well disciplined mind and the best knowledge of the day to get as close to the truth as possible In doing so he invariably gets into trouble This imaginatively constructed tale will absorb those interested in what the philosophical masters might say about today s world
