Pericles An Annotated Bibliography:

Pericles, an Annotated Bibliography Nancy C. Michael, 1987 First published in 1987 Routledge is an imprint of Taylor Francis an informa company **Shakespeare** Kiernan Ryan, 2014-06-11 This is the first collection of criticism on Shakespeare's romances to register the impact of modern literary theory on interpretations of these plays Kiernan Ryan brings together the most important recent essays on Pericles Cymbeline The Winter's Tale and The Tempest the greatest of the last plays staging a dynamic debate between feminist poststructuralist psychoanalytic and new historicist views of the masterpieces Shakespeare wrote at the close of his career The book aims not only to anthologise accounts of the last plays by leading Shakespearean critics including Stephen Greenblatt Janet Adelman Leah Marcus Howard Felperin and Steven Mullaney but also to dramatise what is at stake in the choice of a particular critical approach It allows the student to compare the strengths and limitations of a deconstructive and a feminist reading of the same romance or to test the plausibility of one psychoanalytic angle on the last plays against another The headnotes that preface the essays highlight their distinctive slants on Shakespearean romance unpack the theoretical assumptions that steer their interpretations and throw into relief the key points at which their authors collide or converge The editor's introduction places the essays in the context of twentieth century criticism of the last plays and makes a powerful case for a fundamental reappraisal of Shakespearean romance The comprehensive fully annotated bibliography provides an unrivalled guide to further reading on all four plays **The Bible and its Rewritings** Piero Boitani, 1999-09-16 Piero Boitani discusses how some of the most fascinating scenes of Old and New Testament Genesis Exodus Job the Susanna story the Gospel of John are directly or indirectly rewritten in works ranging from the medieval period to the late twentieth century by Milton and Mann by Chaucer Dryden La Fontaine Orwell and Kafka by Faulkner and Tournier by Shakespeare T S Eliot and Joseph Roth Literature resonates with the mystery of recognition between human beings and between God and humankind The opening and closing chapters of the book examine this theme from Abraham and Yahweh at Mamre to Joseph and his brothers from Helen and Menelaus to Jesus and Mary Magdalene from Pericles and Marina to Mendel Singer and his son Menuchim The three central sections of the book discuss the means by which re-scripturing interprets the Scriptures through truth or fiction through letter or allegory through liturgy exegesis catacomb frescoes even churches themselves This is an illuminating look at the Bible and its medieval and modern rewritings **Shakespeare and the Classical Tradition** Lewis Walker, 2019-05-24 This bibliography will give comprehensive coverage to published commentary in English on Shakespeare and the Classical Tradition during the period from 1961-1985 Doctoral dissertations will also be included Each entry will provide a clear and detailed summary of an item's contents For poems and plays based directly on classical sources like Antony and Cleopatra and The Rape of Lucrece virtually all significant scholarly work during the period covered will be annotated For other works such as Hamlet any scholarship that deals with classical connotations will be annotated Any other bibliographies used in the

Reconciling Ancient and Modern Philosophies of History Aaron Turner,2020-10-26 The distinction between ancient and modern modes of historical thought is characterized by the growing complexity of the discipline of history in modernity Consequently the epistemological and methodological standard of ancient historiography is typically held as inferior against the modern ideal This book serves to address this apparent deficit Its scope is three fold Firstly it aims at encountering ancient modes of historical and historiographical thought within the province of their own horizon Secondly this book considers the possibility of a dialogue between ancient and modern philosophies of history concerning the influence of ancient historical thought on the development of modern philosophy of history and the utility of modern philosophy of history in the interpretation of ancient historiography Thirdly this book explores the continuities and discontinuities in historical method and thought from antiquity to modernity Ultimately this volume demonstrates the necessity of re evaluating our assumptions about the relation of ancient and modern historical thought and lays the groundwork for a more fruitful dialogue in the future

Shakespeare Survey Stanley Wells,2002-11-28 Shakespeare Survey is a yearbook of Shakespeare studies and production Since 1948 Survey has published the best international scholarship in English and many of its essays have become classics of Shakespeare criticism Each volume is devoted to a

The books are illustrated with a variety of Shakespearean images and production photographs. The current editor of *Survey* is Peter Holland. Routledge Revivals: Shakespeare and Feminist Criticism (1991) Philip C. Kolin, 2017-02-17. First published in 1991, this book is the first annotated bibliography of feminist Shakespeare criticism from 1975 to 1988, a period that saw a remarkable amount of ground-breaking work. While the primary focus is on feminist studies of Shakespeare, it also includes wide-ranging works on language, desire, role-playing, theatre conventions, marriage, and Elizabethan and Jacobean culture, shedding light on Shakespeare's views on and representation of women, sex, and gender. Accompanying the 439 entries are extensive informative annotations that strive to maintain the original author's perspective, supplying a careful and thorough account of the main points of an article. *The Essential Shakespeare* Larry S. Champion, 1993 **Graham Greene's**

Thrillers and the 1930s Brian Diemert, 1996-08-27. Diemert traces Greene's adaptation of nineteenth-century romance thrillers and classical detective stories into modern political thrillers as a means of presenting serious concerns in an engaging fashion. He argues that Greene's popular thrillers were in part a reaction to the high modernism of writers such as James Joyce, Gertrude Stein, and Virginia Woolf, whose esoteric experiments with language were disengaged from immediate social concerns and inaccessible to a large segment of the reading public. *Graham Greene's Thrillers and the 1930s* investigates some of Greene's best-known works such as *A Gun for Sale*, *Brighton Rock*, and *The Ministry of Fear* and shows how they reflect the evolution of Greene's sense of the importance of popular culture in the 1930s.
