## **Periodontics A Synopsis:**

*Periodontics* W. M. M. Jenkins, Christopher James Allan, 1999 *Periodontics A Synopsis* is an essential text for senior undergraduate dental students and postgraduates preparing for Royal College diploma examinations. It describes in a concise and straightforward style the features of periodontal disease and current methods of treatment. Since it deals with the management of periodontal diseases from a biological basis and within a wider context of dental care, this book will also be a valuable reference guide to general dental hygiene. This publication responds to the growing need for texts which present essential concepts in a way which makes them easily understood by the reader. **A Study Companion for**
