on the Argentine people The essays in this volume seek to uncover the man behind the myth to define the true nature of

This book utilizes a corporatistic analytical framework meshed with a comparative approach to examine inter American
relations during the early years of the Cold War The emergence of Juan and Eva Peron in Argentina provoked a major
ideological crisis as Argentina briefly emerged as a genuine rival to U S leadership of the Western hemisphere By advocating
a statist brand of corporatism reminiscent of European fascism and utilizing a populist appeal remarkably similar to that of
communism Peron challenged U S efforts to disseminate liberal capitalism multilateral trade and traditional Anglo Saxon
democracy The resulting clash was one in which the Truman Administration worked steadily but quietly to derail the Peronist
experiment without engaging in any potentially counterproductive open intervention in Argentine affairs Peronistas and New
Dealers makes a substantial contribution to the historiography of the inter American relations by illustrating clearly that anti
communism was not a dominant factor in the U S policymaking in Latin America in the late 1940 s BOOK JACKET Peron
