Newland intricately weaves observation and personal reflection while chronicling his deep admiration for the Nordic landscapes. The book serves as a series of vignettes that capture the serene beauty of forests, the rhythm of water, and the contemplative nature of fishing. Newland's prose is rich and evocative, reflecting the Romantic literary movement of the 19th century, characterized by a profound connection to nature and personal emotion, drawing readers into both the tranquility and the challenges of the angler's environment in Scandinavia. Henry Newland was not just a fisherman but a man deeply enamored with the natural world. His experiences in Norway and Sweden during a pivotal moment in the 19th century, when nature was increasingly viewed through both scientific and aesthetic lenses, informed his writing. Newland's background as a naturalist and his passion for exploration afford readers insights into the ecological richness and cultural significance of these regions, revealing the profound impact that such encounters have had on his worldview. This book is highly recommended for those interested in travel literature, nature writing, and the reflective exploration of personal experiences in enchanting landscapes. Newland's eloquent descriptions and philosophical musings will resonate deeply with anyone who cherishes the serenity of nature and the contemplative pursuit of fishing.

After hearing that her mother is aborting her sister, a young woman is run down in front of an abortion clinic, trying to stop it from happening. Lying in a coma, she visits the sister in heaven and shares her life. When she recovers enough to go home, she is confined to a wheelchair but she learns many things about abortion and the evils associated with it. Unknown to her, a cult is operating in the area, and a man is raping and murdering those around her. On Halloween, he is disguised as death and kidnaps her friend Melissa, which sets up an evil triangle of mystery, a fight to survive, and a family's struggle to overcome evil and embrace righteousness. Using hypnosis and drugs, every member of the family will be drawn into the web of intrigue and suspense, and things will start happening that aren't as they appear.
