Perpetual Happiness The Ming Emperor Yongle:

Perpetual Happiness Shih-shan Henry Tsai, 2011-07-01 The reign of Emperor Yongle or Perpetual Happiness was one of the most dramatic and significant in Chinese history. It began with civil war and a bloody coup, saw the construction of the Forbidden City, the completion of the Grand Canal, consolidation of the imperial bureaucracy and expansion of China's territory into Mongolia, Manchuria and Vietnam. Beginning with an hour by hour account of one day in Yongle's court, Shih-shan Henry Tsai presents the multiple dimensions of the life of Yongle (Zhu Di 1360-1424) in fascinating detail. Tsai examines the role of birth, education and tradition in molding the emperor's personality and values and paints a rich portrait of a man characterized by stark contrasts. Synthesizing primary and secondary source materials, he has crafted a colorful biography of the most renowned of the Ming emperors.

The Treasures Ships. Ming China on the seas: history of the Fleet that could conquer the world and vanished into thin air Stefano Cariolato, 2017-12-18 In 1400 an immense Chinese fleet of hundreds of ships and tens of thousands of men sailed through the seas reaching Indonesia, India, Persia, Arabia and Africa, sent by a proud emperor to bring to the world the glory and the power of the Ming. It was commanded by the most famous of the Chinese admirals, an eunuch named Zheng He. The ships carried valuable books, precious fabrics, delicate and beautiful ceramics in addition to gold and silver destined for the princes of the visited countries and were taking back in China exotic merchandise to show at court with the ambassadors of the Asian world who prostrated themselves in submission for this reason they were called Treasures Ships. The history and descriptions of the peoples met are presented based on the news collected by previous and following travellers as well as by the chroniclers who followed the fleet leaving a testimony of the voyages that had been accomplished. Despite the fact that the surviving information is very limited, this book narrates the missions of the Fleet of the Treasures between 1405 and 1433, attempting to reconstruct the routes likely to have been followed on the basis of the sea and wind conditions phased by the monsoon cycle and detected today with precision by the satellites. After a thirty year long endeavour, the Chinese retired from the sea, cancelled the travels, reports destroyed the ships, renouncing to sail and remained helpless in face of the penetration of European Navies before and of the Japanese aggression afterward. Today China is currently rebuilding a large fleet that is already carrying its weight in home and neighbouring waters and its flag in the oceans retracing the endeavour accomplished 600 years ago.

Reading for the Moral Maria Franca Sibau, 2018-04-01 Reassesses didacticism in seventeenth century Chinese vernacular fiction and challenges the view that the late Ming was a notoriously immoral time *Reading for the Moral* offers an innovative reassessment of the nature of moral representation and exemplarity in Chinese vernacular fiction Maria Franca Sibau focuses on two little studied story collections published at the end of the Ming dynasty *Exemplary Words for the World* Xingshi yan 1632 and *Bell in the Still Night* Qingye zhong c 1645 Far from being tediously moralistic

tales these stories of loyal ministers filial children chaste widows and selfless friends provide a deeper understanding of the five cardinal relationships central to Confucian ethics They explore the inherent tension between what we might call textbook morality on the one hand and untidy everyday life on the other The stories often take a critical view of mechanical notions of retribution countering it with the logic of virtue as its own reward Conflict between passion and duty is typically resolved in favor of duty a duty redefined with a palpable sense of urgency In constructing vernacular representations of moral exemplars from the recent historical past rather than from remote or fictitious antiquity the story compilers show how these virtues are not abstract or monolithic norms but play out within the contingencies of time and space Reading for the Moral is an entertaining and insightful exploration of how seriously moralistic writers really were in a time that became notorious for its supposed immorality Sibau s encyclopedic knowledge of both original texts and relevant secondary literature make this an excellent source of inspiration for further research This book is an outstanding accomplishment Robert E Hegel author of Reading Illustrated Fiction in Late Imperial China *Warriors of the Himalayas* Donald J. LaRocca, Metropolitan Museum of Art (New York, N.Y.), 2006 The first in depth examination of the fascinating and virtually unknown of armor and weapons from Tibet dating from the 13th to the 20th century **Encyclopedia of China** Dorothy Perkins, 2013-11-19 Presents a representative cross section of entries on all aspects of the history and culture of China Alphabetically organized the entries include major cities and provinces historical eras and figures government and politics economics religion language and the writing system food and customs sports and martial arts crafts and architecture important Chinese figures outside of mainland China important Westerners in China *The Age of Wars of Religion, 1000-1650* Cathal J. Nolan, 2006-04-30 The Age of Wars of Religion saw navies armies armed merchant companies and mercenaries battle one another and local potentates in many lands and along numerous shores Wars of religion were fought in and between all the major religions and civilizations from Europe to China in Africa and in the isolated Americas mixing motives of knightly idealism mercenary greed and competing claims of divine sanction This unparalleled work traces the extraordinary upheavals of the period in military technology competing theologies and civilizational change that were brought about by or impinged upon military conflict It offers nearly 2 000 discrete but cross referenced entries on cultural military religious and political history as well as geography biography and military literature Close to 2 000 entries offer detailed information on the major events places battles figures technologies and ideas one must know to begin to make sense of the past six centuries of global conflicts Though especially ferocious and intense the Wars of Reformation and Counter Reformation fought by Europeans from the 15th through 17th centuries were hardly unique in world or military history The Byzantine Empire bastion of Christian Orthodoxy staggered to the tortuous end of its long conflict with the Ottoman Empire the Great Power of the Sunni Muslim world The Ottomans in turn were still engaged in an equally ancient intra Muslim war between Sunnis and Shi ites In India the Hindu Rajputs and Marathas and also the Sikhs organized armies around religious communities to throw off the Muslim
