The Jewish Novel in the Ancient World Lawrence M. Wills, 2015-03-11 Lawrence M Wills here traces the literary evolution of popular Jewish narratives written during the period 200 BCE 100 CE In many ways these narratives were similar to Greek and Roman novels of the same era as well as to popular novels of indigenous peoples within the Roman Empire Yet as a group they demonstrated a variety of novelistic innovations the inclusion of adventurous episodes passages of description and of dialogue concern with psychological motivation and the introduction of female characters Wills focuses on five novels Greek Esther Greek Daniel Judith Tobit and Joseph and Aseneth Drawing on a wide range of theoretical works he delineates the techniques and motifs of the Jewish novel shows how the genre both initiated and distanced itself from nonfictional prose such as historical and philosophical writing discusses its relation to Greco Roman romance and describes the social conditions governing its emergence and reception Wills also places the novels in historical context situating them between the Hebrew Bible on the one hand and subsequent developments in Jewish and Christian literature on the other Wills sees the Jewish novel as a popular form of writing that provided amusement for an expanding audience of Jewish entrepreneurs merchants and bureaucrats In an important sense he maintains it was a product of the novelistic impulse the impulse to transfer oral stories to a written medium to reach a more literate audience

Ritual Violence and the Maternal in the British Novel, 1740-1820 Raymond F. Hilliard, 2010 This challenging book brings to light a mythic dimension of seventeen important eighteenth and early nineteenth century narratives that revolve around the persecution of one or more important female characters and offers original reading of novels by Richardson Fielding Burney Radcliffe Godwin Austen Scott and others The myth in question which Raymond Hilliard calls the myth of persecution and reparation serves as a major vehicle for the early novel's preoccupation with the mother a mythic figure distinct from the historical mother or from the mother as she is represented in eighteenth and early nineteenth century maternal ideology Hilliard argues that the myth of persecution and reparation derives from the topos of female sacrifice in the romance tradition and shows that this topos is central to several kinds of novels realist Gothic Jacobin feminist and historical Hilliard contends that the narrative of persecution and reparation anticipates the twentieth century maternal myth associated with the work of Melanie Klein and other relational model psychoanalytic theorists and he thus

also examines the psychosexual significance of the mother Hilliard explores the relation of psychosexual themes to social representations and delineates a new theory of plot both tragic and comic plots in the early novel Book Jacket *The Trial of Julian Assange* Nils Melzer, 2022-02-08 The shocking story of the legal persecution of Wikileaks founder Julian Assange and the dangerous implications for the whistleblowers of the future In July 2010 Wikileaks published Cablegate one of the biggest leaks in the history of the US military including evidence for war crimes and torture In the aftermath Julian Assange the founder and spokesman of Wikileaks found himself at the center of a media storm accused of hacking and later sexual assault He spent the next seven years in asylum in the Ecuadorian embassy in London fearful that he would be extradited to Sweden to face the accusations of assault and then sent to US In 2019 Assange was handed over to the British police and on the same day the U S demanded his extradition They threatened him with up to 175 years in prison for alleged espionage and computer fraud At this point Nils Melzer UN Special Rapporteur on Torture started his investigation into how the US and UK governments were working together to ensure a conviction His findings are explosive revealing that Assange has faced grave and systematic due process violations judicial bias collusion and manipulated evidence He has been the victim of constant surveillance defamation and threats Melzer also gathered together consolidated medical evidence that proves that Assange has suffered prolonged psychological torture Melzer s compelling investigation puts the UK and US state into the dock showing how through secrecy impunity and crucially public indifference unchecked power reveals a deeply undemocratic system Furthermore the Assange case sets a dangerous precedent once telling the truth becomes a crime censorship and tyranny will inevitably follow The Trial of Julian Assange is told in three parts the first explores Nils Melzer s own story about how he became involved in the case and why Assange s case falls under his mandate as the Special Rapporteur on Torture The second section returns to 2010 when Wikileaks released the largest leak in the history of the U S military exposing war crimes and corruption and Nils makes the case that Swedish authorities manipulated charges against Assange to force his extradition to the US and publicly discredit him In the third section the author returns to 2019 and picks up the case as Ecuador kicks Assange out of the embassy and lays out the case as it currently stands as well as the stakes involved for other potential whistleblowers trying to serve the public interest **Hated Without a Reason** Patrick Sookhdeo, 2020-05-28 This uplifting and moving book surveys worldwide Christian persecution throughout history by revealing the different ways that real discipleship attracts persecution In this easy to read book Dr Sookhdeo provides scholarly references to much material that is little known in the West with inspiring stories of courageous people He powerfully shows how history has repeated itself in widely different contexts and gives lessons from the past that are relevant and applicable today **The Movement, anti-persecution gazette, and register of progress, ed. by G.J. Holyoake, assisted by M.Q. Ryall** George Jacob Holyoake, *French crime fiction and the Second World War* Claire Gorrara, 2017-10-03 This study explores France s preoccupation with memories of the Second World War through an examination of popular culture and one of its more

enduring forms crime fiction It examines what such popular narratives have to tell us about past and present perceptions of the war years in France and how they relate to post war debates over memory culture and national identity Starting with narratives of the Resistance in the late 1940s and concluding with contemporary crime fiction for younger readers Gorrara examines popular memories of the Second World War in dialogue with the changing social cultural and political contexts of remembrance in post war France From memories of the persecution of Jews and French collaboration to the legacies of the concentration camps and the figure of the survivor witness all the crime novels discussed grapple with the challenges of what it means to live in the shadow of such a past for generations past present and future The Contemporary

Ancient Rome in the English Novel Randolph Faries, 1923 A fieldmouse is visited by his uncle who teaches him to work and to take the risk of dancing in the moonlight Love and the Law in Cervantes Roberto González

Echevarría, 2005-01-01 The consolidation of law and the development of legal writing during Spain s Golden Age not only helped that country become a modern state but also affected its great literature In this fascinating book Roberto Gonzalez Echevarria explores the works of Cervantes showing how his representations of love were inspired by examples of human deviance and desire culled from legal discourse **Revolutionary Subjects in the English "Jacobin" Novel, 1790-1805**

Miriam L. Wallace, 2009 The Jacobin novel was labeled as such in Britain because of its supposed connections to the French Revolution This book takes an in depth look at these novels written between 1790 and 1805 She centers on the group surrounding Wollstonecraft and Godwin although not exclusively exploring the limits of their philosophy of human rights and personal subjectivity Unlike other recent scholars the author treats both male and female writers making feminism an aspect of the work but not the overriding one While the novels are the main focus other work by the writers is considered as it pertains to their beliefs She also discusses the reaction from those who defined the Jacobins by opposing them *Myth in the Modern Novel* Liisa Steinby, 2023-03-20 Myth in the Modern Novel Imagining the Absolute posits a twofold thesis First

although Modernity is regarded as an era dominated by science and rational thought it has in fact not relinquished the hold of myth a more primitive form of thought which is difficult to reconcile with modern rationality Second some of the most important statements as to the reconcilability of myth and Modernity are found in the work of certain prominent novelists This book offers a close examination of the work of eleven writers from the late eighteenth century to the beginning of the twenty first representing German French American Czech and Swedish literature The analyses of individual novels reveal a variety of intriguing views of myth in Modernity and offer an insight into the modernizing transformations myth has undergone when applied in the modern novel The study shows the presence of the subconscious the mythic layer in modern western culture and how this has been dealt with in novelistic literature
