Persian Brides:

Persian Brides Dorit Rabinyan, 1998 A funny tale on the inhabitants of a Jewish quarter in a 19th century Persian town A pregnant girl pines for marriage a prostitute is accused of sleeping with the devil a wife hides her ugly features by spreading a thin layer of goat butter on her husband's glasses A first novel by an Israeli writer *Persian Brides* Dorit Rabinyan, 1998 Exploring the lives of two Jewish girls in a Persian village at the turn of the century this novel spans two days in the life of 11 year old Nazie and 15 year old Flora Nazie has been long engaged to her cousin and awaits their marriage while Flora is married pregnant and seemingly abandoned Persian Brides Random House, 2000-02-01 Remembering Jews in Maghrebi and Middle Eastern Media Brahim El Guabli, Mostafa Hussein, 2024-09-10 This volume examines the cultural legacy of Jewish emigration from the Maghreb and the Middle East in the years following 1948 Drawing on the remarkable cinematic and literary output of the last twenty years this collection posits loss as a new conceptual framework in which to understand Jewish Muslim relations Previous studies of Jewish emigration have followed the mass departure of Jews but the contributors to this book choose to remain behind and trace the contours of Jewish absence in Maghrebi and Middle Eastern societies Attuned to loss in this way the cultural memories of Jewish Muslim life transcend the narratives of turmoil taboo and nostalgia that have dominated Muslim and prevalent scholarly perspectives on Jewish emigration Read as a whole the collection affords an uncommon opportunity to mourn and heal through a nuanced reckoning with the absence of Jews from communities in which they had lived for millennia Its wide geographic reach and interdisciplinary nature will speak both to scholars and lay readers in Amazigh studies Arabic studies Middle Eastern studies Jewish studies memory studies and a host of other disciplines In addition to the editors the contributors to this volume are Iskandar Ahmad Abdalla Abdelkader Aoudjit Iker Hepkaner Sarah Irving Stephanie Kraver Lital Levy Nadia Sabri and Lior B Sternfeld **The Unknown History of Jewish Women Through the Ages** Rachel Elijor, 2023-05-22 The Unknown History of Jewish Women On Learning and Illiteracy On Slavery and Liberty is a comprehensive study on the history of Jewish women which discusses their absence from the Jewish Hebrew library of the People of the Book and interprets their social condition in relation to their imposed ignorance and exclusion from public literacy The book begins with a chapter on communal education for Jewish boys which was compulsory and free of charge for the first ten years in all traditional Jewish communities The discussion continues with the striking absence of any communal Jewish education for girls until the late nineteenth and early twentieth century and the implications of this fact for twentieth century immigration to Israel 1949 1959 The following chapters discuss the social cultural and legal contexts of this reality of female illiteracy in the Jewish community a community that placed a supreme value on male education The discussion focuses on the patriarchal order and the postulations rules norms sanctions and mythologies that in antiquity and the Middle Ages laid the religious foundations of this discriminatory reality **Philip and Alexander** Adrian Goldsworthy, 2020-10-13 This definitive biography of one of history's most influential father son duos tells

the story of two rulers who gripped the world and their rise and fall from power Alexander the Great's conquests staggered the world He led his army across thousands of miles overthrowing the greatest empires of his time and building a new one in their place He claimed to be the son of a god but he was actually the son of Philip II of Macedon Philip inherited a minor kingdom that was on the verge of dismemberment but despite his youth and inexperience he made Macedonia dominant throughout Greece It was Philip who created the armies that Alexander led into war against Persia In Philip and Alexander classical historian Adrian Goldsworthy shows that without the work and influence of his father Alexander could not have achieved so much This is the groundbreaking biography of two men who together conquered the world *Strand of a Thousand Pearls* Dorit Rabinyan, 2003-08-12 Redolent with the scent of lilac and oleander blossoms and bursting with the flavors of quinces and overripe plums *Strand of a Thousand Pearls* is the story of the imagined and actual marriages of the Azizyan girls their years of yearning restless and impatient and the truth of their engagements miles away from the enchanted realm and imaginary heroes of their dreams Six years ago Dorit Rabinyan burst onto the scene with *Persian Brides* a novel that established her as a writer of incandescent spirit with a gift for spinning wry magical tales about the vagaries of love and marriage In *Strand of a Thousand Pearls* she has given us a bitter sweet fable about desires fulfilled and denied about married love and carnal love about mother's love and the kind of love that vanishes one night without warning like an evaporated dream *Iran: Empire of the Mind* Michael Axworthy, 2008-11-06 FULLY UPDATED SECOND EDITION NOW WITH NEW POSTSCRIPT BY ALI ANSARI Iran often appears in the media as a hostile and difficult country But beneath the headlines there is a fascinating story of a nation of great intellectual variety and depth and enormous cultural importance A nation whose impact has been tremendous not only on its neighbours in the Middle East but on the world as a whole and through ideas and creativity rather than by the sword From the time of the prophet Zoroaster to the powerful ancient Persian Empires to the revolution of 1979 the hostage crisis and current president Mahmud Ahmadinejad a controversial figure within as well as outside the country Michael Axworthy traces a vivid integrated account of Iran's past He explains clearly and carefully both the complex succession of dynasties that ruled ancient Iran and the surprising ethnic diversity of the modern country held together by a common culture With Iran again the focus of the world's attention and questions about the country's disposition and intentions pressing Iran *Empire of the Mind* is an essential guide to understanding a complicated land **After Alexander** Victor Alonso Troncoso, Edward M. Anson, 2013-03-08 When Alexander the Great died in 323 BC without a chosen successor he left behind a huge empire and ushered in a turbulent period as his generals fought for control of vast territories The time of the Successors Diadochi is usually defined as beginning in 323 BC and ending with the deaths of the last two Successors in 281 BC This is a major publication devoted to the Successors and contains eighteen papers reflecting current research Several papers attempt to unravel the source history of the very limited remaining narrative accounts and add additional materials through cuneiform and Byzantine texts Specific historical issues addressed

include the role of so called royal flatterers and whether or not Alexander's old guard did continue to serve into their sixties and seventies Three papers reflect the recent conscious effort by many to break away from the Hellenocentric view of the predominantly Greek sources by examining the role of the conquered specifically the prominent roles played by Iranians in the administration and military of Alexander and his Successors pockets of Iranian resistance which eventually blossomed into Hellenistic kingdoms ruled by sovereigns proclaiming their direct connection to an Iranian past and a continuation of Iranian influence through an examination of the roles played by certain of the Diadochi Iranian wives The papers in the final section analyze the use of varying forms of propaganda These include the use of the concept of Freedom of the Greeks as a means of manipulating opinion in the Greek world how Ptolemy used a snake cult associated with the foundation of Alexandria in Egypt to link his kingship with that of Alexander and the employment of elephant images to advertise the authority of particular rulers

Manly Manners Wayne James,2016-11-21 Manly Manners Lifestyle and Manly Manners is the new manual

Brill's Companion to War in the Ancient Iranian Empires ,2024-10-21 Brill's Companion to War in the Ancient Iranian Empires examines military structures and methods from the Elamite period through the Achaemenid Seleucid Arsacid and Sasanian empires War played a critical role in Iranian state formation and dynastic transitions imperial ideologies and administration and relations with neighbouring states and peoples from Central Asia to the Mediterranean Twenty chapters by leading experts offer fresh approaches to the study of ancient Iranian armies strategy diplomacy and battlefield methods and contextualise famous conflicts with Greek and Roman opponents

The Outline of History Herbert George Wells,1925 No book is provoking a more animated discussion among students of the social sciences at the present time than H G Wells Outline of History The author's task as he himself sets it is to tell truly and clearly in one continuous narrative the whole story of life and mankind so far as it is known today But while these two volumes are plainly for the general reader rather than for the special student of history it does not follow that they contain nothing beyond an endless parade of names and dates Their chief value indeed is in the author's interpretation of what he writes about Events are appraised and men are weighed in the balance as he goes along Historians in general will not agree with some of these appraisals nor will they credit Mr Wells with an approach to infallibility in his judgment of the men who flit across his pages but his estimates of the relative value of facts and forces can scarcely be brushed aside because they do not command general indorsement On some matters unhappily Mr Wells has allowed his iconoclastic proclivities to run away with him Napoleon I for example cannot be disposed of as a second grade pestilence because he killed fewer people than the influenza epidemic of 1918 II p 384 nor will the world believe so long as it retains its senses that Napoleon III was a much more intelligent man than his uncle II p 438 Even the pinchbeck himself would have rebuked this insinuation But when all is said these two stout volumes embody a remarkable achievement They contain astonishingly few historical inaccuracies of the customary type The author's advisers and a competent galaxy of scholars they are have kept him clear of the pitfalls The

style is terse and forceful Mr Wells certainly has the gift of cogent exposition **Ancient Coins Through the Bible** Joseph A. Dow,2011 Coins have not changed much throughout antiquity Yes they are made from different more durable materials now but they are still etched with depictions of their civilization whether that means the profile of George Washington or the profile of Emperor Nero or the profile of a lion the symbol of ancient Babylon Following the course of time from Abraham to the Crusaders Ancient Coins through the Bible chronicles the history of various locations mentioned throughout the Bible and presents photographs of ancient coins minted in these cities Though we cannot see those ancient civilizations or the way they lived these tangible bits of the past speak abundantly about them As you view these fragments of history imagine you are traveling with Abraham to Canaan and Paul to Spain Experience the biblical stories visually through the coins depicted instead of simply reading them and better understand the lessons taught by God s Word The Light of Alexandria James Maynard,2005-11 The Light of Alexandria is the story of the first thousand years of science from the birth of the world s first two scientists Thales and Anaximander until the final destruction of the greatest library of the ancient world in the year 415 The life stories of the most famous and important people in history from 600 BCE to 415 CE are also told Cleopatra Caesar and Marc Antony Draco and Spartacus Caligula and Hannibal The development of many aspects of life that we associate with the modern day are told about as well shopping malls pipe organs machine guns vending machines robots for war even an analog computer built 2100 years ago and much more The human mind never stops wondering and this is the story of the first thousand years of our commitment to that wonder **Alexander the Great** John Sadler,Rosie Serdiville,2020-01-10 An overview of Alexander s life from his early military exploits to the creation of his empire and the legacy left after his premature death Alexander was perhaps the greatest conquering general in history In a dozen years Alexander took the whole of Asia Minor and Egypt destroyed the once mighty Persian Empire and pushed his army eastwards as far as the Indus No one in history has equaled his achievement Much of Alexander s success can be traced to the Macedonian phalanx a close ordered battle formation of sarissa wielding infantry that proved itself a war winning weapon The army Alexander inherited from his father was the most powerful in Greece highly disciplined trained and loyal only to the king United in a single purpose they fought as one Cavalry was also of crucial importance in the Macedonian army as the driving force to attack the flanks of the enemy in battle A talented commander able to anticipate how his opponent would think Alexander understood how to commit his forces to devastating effect and was never defeated in battle He also developed a corps of engineers that utilized catapults and siege towers against enemy fortifications Alexander led from the front fighting with his men eating with them refusing water when there was not enough and his men would quite literally follow him to the ends of the known world None of his successors were able to hold together the empire he had forged Although he died an early death his fame and glory persist to this day The Courts of Philip II and Alexander the Great Frances Pownall,Sulochana R. Asirvatham,Sabine Müller,2022-01-19 Recent scholarship has recognized that Philip II and Alexander the Great adopted

elements of their self fashioning and court ceremonial from previous empires in the Ancient Near East but it is generally assumed that the advent of the Macedonian court as a locus of politics and culture occurred only in the post Alexander landscape of the Hellenistic Successors This volume of ground breaking essays by leading scholars on Ancient Macedonia goes beyond existing research questions to assess the profound impact of Philip and Alexander on court culture throughout the ages The papers in this volume offer a thematic approach focusing upon key institutional cultural social ideological and iconographical aspects of the reigns of Philip and Alexander The authors treat the Macedonian court not only as a historical reality but also as an object of fascination to contemporary Greeks that ultimately became a topos in later reflections on the lives and careers of Philip and Alexander This collection of papers provides a paradigm shifting recognition of the seminal roles of Philip and Alexander in the emergence of a new kind of Macedonian kingship and court culture that was spectacularly successful and transformative

Women of All Nations Thomas Athol Joyce, Northcote Whitridge Thomas, 1912

Orientalism and the Reception of Powerful Women from the Ancient World Filippo Carlà-Uhink, Anja Wieber, 2020-02-06 Why is Cleopatra a descendent of Alexander the Great a Ptolemy from a Greek Macedonian family in popular imagination an Oriental woman True she assumed some aspects of pharaonic imagery in order to rule Egypt but her Orientalism mostly derives from ancient Roman and modern stereotypes both the Orient and the idea of a woman in power are signs in the Western tradition of otherness and in this sense they can easily overlap and interchange This volume investigates how ancient women and particularly powerful women such as queens and empresses have been re imagined in Western and not only Western arts highlights how this re imagination and re visualization is more often than not the product of Orientalist stereotypes even when dealing with women who had nothing to do with Eastern regions and compares these images with examples of Eastern gaze on the same women Through the chapters in this volume readers will discover the similarities and differences in the ways in which women in power were and still are described and decried by their opponents

Alexander's Heirs Edward M. Anson, 2014-04-24 Alexander's Heirs offers a narrative account of the approximately forty years following the death of Alexander the Great during which his generals vied for control of his vast empire and through their conflicts and politics ultimately created the Hellenistic Age Offers an account of the power struggles between Alexander's rival generals in the forty year period following his death Discusses how Alexander's vast empire ultimately became the Hellenistic World Makes full use of primary and secondary sources Accessible to a broad audience of students university scholars and the educated general reader Explores important scholarly debates on the Diadochi

Persian Brides Introduction

In today's digital age, the availability of Persian Brides books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Persian Brides books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Persian Brides books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Persian Brides versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Persian Brides books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Persian Brides books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Persian Brides books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast

collection of digitized books and historical documents. In conclusion, Persian Brides books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Persian Brides books and manuals for download and embark on your journey of knowledge?
