Persian Gulf Crisis:

Seeing Through the Media Susan Jeffords, Lauren Rabinovitz, 1994 An eye opening look at the effect of the media on public perception of The Persian Gulf War **The Persian Gulf Crisis** ,1991 Policy and Opinion in the Gulf War John Mueller, 1994-07 The Persian Gulf crisis may well have been the most extensively polled episode in U S history as President Bush his opponents and even Saddam Hussein appealed to and tried to influence public opinion As well documented as this phenomenon was it remains largely unexplained John Mueller provides an account of the complex relationship between American policy and public opinion during the Gulf crisis Mueller analyzes key issues the actual shallowness of public support for war the effect of public opinion on the media rather than the other way around the use and misuse of polls by policy makers the American popular focus on Hussein s ouster as a central purpose of the War and the War s short lived impact on voting Of particular interest is Mueller s conclusion that Bush succeeded in leading the country to war by increasingly convincing the public that it was inevitable rather than right or wise Throughout Mueller author of War Presidents and Public Opinion an analysis of public opinion during the Korean and Vietnam wars places this analysis of the Gulf crisis in a broad political and military context making comparisons to wars in Panama Vietnam Korea and the Falklands as well as to World War II and even the War of 1812 The book also collects nearly 300 tables charting public opinion through the Gulf crisis making *Policy and Opinion in the Gulf War* an essential reference for anyone interested in recent American politics foreign policy public opinion and survey research **America Entangled** Ted Galen Carpenter, 1991 The Persian Gulf War Herbert H. Blumberg, Christopher C. French, 1994 This collection assesses the Gulf War from a variety of social science perspectives and across several disciplines history international relations economics psychology and law Contributors Joe Stork Ann M Lesch John Simpson John Bulloch Harvey Morris Adel Darwish Judith Miller Laurie Mylroie Clive Ponting Peter W Rodman James Petras Charles William Maynes Hugh Miall Peter Custers Maarten Smeets George Joffe Ralph K White Jerrold M Post Christopher C French Christopher Greenwood Michael J Glennon Michael T Klare Mark Kramer David Albright Mark Hibbs Rune Ottosen Louis Kriesberg Amnesty International Michael K Walzer Amin Saikal Chris Dammers Mary Ann Tetreault Rashid I Khalidi Clovis Maksoud Robert E Harkavy Bruce R Kuniholm Jeremy Seabrook Amnon Kapeiyouk Masaru Tamamoto Jerry W Sanders Oliver Ramsbotham K Subrahmanyam George Perkovich John C Olanyi Dou Hui Pam Solo Thomas Risse Kappan Leonard V Johnson John W Dower Mohamed Nabil Fahmy Bernard Wood Marilyn B Young Bruce Russett James S Sutterlin Stephen Lewis Jim Wurst Robert C Johansen and Herbert H Blumberg **The Persian Gulf Crisis** Steven A. Yetiv, 1997 An examination of the Gulf War conflict looks as the history of strike in the Middle East the key individuals involved and the consequences of this event **ACCESS Guide to the Persian Gulf Crisis** Bruce Seymore, Stephen W. Young, 1991 *Encyclopedia of the Persian Gulf War* Richard Alan Schwartz, 2015-09-03 Between January 17 and February 28 1991 an international military coalition sanctioned by the United Nations and led by the United

States defeated a large well equipped Iraqi army and forced it to withdraw from occupied Kuwait The first major military action after the end of the Cold War the Persian Gulf War is seen as the precursor of a new military doctrine ground troops from 19 countries around the globe participated in the operation This is a comprehensive reference work to the people places events weapons operations and other matters in the Persian Gulf War A chronology is also provided covering the major events from 1958 through 1991 that led to the rise of Iraqi leader Saddam Hussein his invasion of Kuwait and the rousting of Iraqi forces from that country *Conduct of the Persian Gulf War: Chapters I through VIII* ,1991 **The Air National**

Guard and the Persian Gulf Crisis Charles Joseph Gross,1995 **The Persian Gulf Crisis** Steve A. Yetiv,1997-08-26

Ideal for student research this book provides a reference guide to the war as well as seven essays analyzing a variety of aspects of the war and its consequences The essays address questions such as How did Saddam Hussein become such a major threat and how has he survived the war How critical was George Bush in driving U S and global foreign policy during the crisis How were key decisions made Did the war fail or succeed in retrospect What were its long run political economic strategic and cultural effects Can collective security work Is the United Nations likely to be effective in future crises What lessons can be learned from the crisis Yetiv draws on primary documents and extensive interviews with many key players such as Colin Powell James Baker and Brent Scowcroft and Arab and European leaders which cast new light on the event Following a list of key players and a complete chronology of events seven essays offer a contemporary perspective on the war Drama in the Desert War Erupts in a Storm The Continuation of Diplomacy by Air and on the Ground From Truman to Desert Storm The Rising Eagle in the Persian Gulf President Bush and Saddam Hussein A Classic Case of Individuals Driving History The West Arms a Brutal Dictator Can Proliferation Be Controlled in the Post Cold War World The United Nations and Collective Security Was the Gulf War a Model for the Future The Impact of the Persian Gulf War Reference components include a narrative historical overview of the war and biographical profiles of each of the major players in the war Twelve primary documents include speeches and UN resolutions A glossary of terms particular to the war and an annotated bibliography complete the work A selection of photos complements the text This readable guide is a one stop source for reference material and in depth analysis of the key foreign policy event of the 1990s and should appeal to a broad readership

Cause & Effect Tom Streissguth,2017-03 The invasion of oil rich Kuwait by its neighbor Iraq in the summer of 1990 posed a strategic and political problem for the United States as well as American allies in the Middle East Through thoughtful narrative supported by fully documented quotes this title begins with A Brief History of the Persian Gulf War and then examines these questions How Did Oil Politics Fuel the Gulf War How Did the Cold War s End Influence the Persian Gulf Conflict What was the Result of Basing US and Coalition Troops in Saudi Arabia What Followed from Allowing Saddam Hussein s Regime to Survive *Desert Storm* Michael J. Mazarr,2019-04-01 From Saddam Hussein s first bold threats in 1990 to the stunning ground phase of Desert Storm in early 1991 the crisis in the Gulf captured the world s attention This

high tech low cost war was televised nightly from beginning to end accompanied by on the spot interpretations of strategy and its implications But what did we learn from this crisis Did the United States bungle its attempts at discouraging Saddam's aggressive actions or is deterrence simply not a reliable foreign policy tool Are chemical weapons truly the poor man's atom bomb Does the war represent a good model for future crises or did circumstances make this war more of an anomaly than a precedent How did the ill volunteer U S force perform By combining exciting detailed vignettes of the crisis with insightful discussions of its consequences this book opens up an informed debate concerning the true military and geopolitical lessons of the conflict Representing a distillation of the best thinking on defense and foreign policy in Washington Desert Storm also incorporates the testimony of the inside players during the crisis the people who actually planned and fought the war Combining academic rigor and in depth military expertise the authors challenge the complacency of the emerging conventional wisdom regarding the conflict taking us beyond mere chronicling and instant analysis to a riveting reenactment of the war and the serious consideration of its long term implications The Persian Gulf War Christopher C.

Joyner,1990-08-21 Although the stability of the Persian Gulf region has been of rising importance since World War II it was during the 1980s when the Iran Iraq War threatened to upset the balance of power in the region that its importance became even more magnified This collection of essays surveys the current state of that region placing into clearer perspective the political security and diplomatic dimensions of the recently ended war By reevaluating the political landscape of the Gulf the book produces a gauge for better assessing those factors and forces that affected the conflict's outcome and that will continue to influence future political and security developments in the region The volume begins with an introduction by the editor that examines the geography of the Gulf and the primary geopolitical factors that influenced perceptions of the region during the war The essays are then divided into two sections covering Strategic and Political Dimensions and Diplomatic and Legal Dimensions Topics covered in the first section include the roots of the crisis Soviet Israeli and Arab Gulf states interests in the conflict U S policy in the region and the role of U S military forces Section two discusses the reflagging of Kuwaiti tankers the United Nations involvement and the cease fire negotiations The book concludes with a selected bibliography and an index This study will be an important resource for courses in political science diplomacy and Mid East history as well as a significant addition to both public and university libraries Persian Gulf War Almanac Harry G.

Summers,1995 The NBC military analyst during the Gulf War presents a reference like those he has produced on the Korean and Vietnam Wars The encyclopedia of names events weapons and other aspects is supported by a history of the Persian Gulf since antiquity and a chronology of the war and events immediately preceding and following Indexed by armament as well as by subject Annotation copyright by Book News Inc Portland OR The Economic Consequences of the Gulf War Kamran Mofid,2005-10-26 The Iran Iraq War were one of the longest and most devastating uninterrupted wars amongst modern nation states It produced neither victor nor vanquished and left the regimes in both countries basically intact However it is

clear that the domestic regional and international repercussions of the war mean that going back is not an option Iraq owes too much to regain the lead it formerly held in economic performance and development levels What then does reconstruction mean In this book Kamran Mofid counteracts the scant analysis to date of the economic consequences of the Gulf War by analysing its impact on both economies in terms of oil production exports foreign exchange earnings non defence foreign trade and agricultural performance In the final section Mofid brings together the component parts of the economic cost of the war to assign a dollar value to the devastation

The Persian Gulf Crisis Robert Helms, Robert H. Dorff, 1993 This book examines the implications of the Persian Gulf crisis in order to enhance our understanding of the post Cold War international system More than just another analysis of the Iraqi invasion of Kuwait and the subsequent war the book looks at the more general aspects of the use of force political economic and military evident in the Gulf crisis and what they can tell us about the emerging post Cold War system Contributors were selected on the basis of their ability to address specific questions and policy issues and to cast their analyses at a broadly theoretical level Each chapter looks at a different aspect of conflict in the international system and how that relates to the Persian Gulf crisis Several aspects of the crisis and the new international system are examined such as the role of the United Nations the utility of economic sanctions the historical origin of the crisis itself the potential sources of conflict and responses to it and the changing nature of the use of military force To the extent that the lessons found contradict the common wisdoms that emerged in the immediate aftermath of the war many of the chapters challenge the trend to find sweeping generalizations in the Gulf crisis that bear directly on international relations in the 1990s and beyond Civilian and military policymakers as well as students and teachers of international studies will find this book of interest

The Gulf Crisis Aqil Hyder Hasan Abidi, 1991

The Gulf War Suzanne Murdico, 2003-12-15 Examines events surrounding the 1991 war between Iraq and a worldwide coalition of forces plus biographical notes on important figures and a look at the effects of this war

An Operational Analysis of the Persian Gulf War U. S. Army U.S. Army War College, 2015-06-12 Operations DESERT SHIELD DESERT STORM were superb examples of the application of military power in support of national policy Vital U S and international interests were protected and the goals of the international coalition were achieved This report examines operations executed in the Persian Gulf War from two unique perspectives First the author participated in the majority of events described Second the author considers not only the U S viewpoint but also describes how some of Saddam Hussein s actions were analyzed as they pertained to various situations The purpose of this study is to provide a better understanding of the unique application of operational art in what some have termed the last campaign of the cold war The author concludes that one of the major lessons learned from Operations DESERT SHIELD STORM was that wholesale changes in the doctrine education and training that contributed significantly to the operational success are not required

Reviewing **Persian Gulf Crisis**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is really astonishing. Within the pages of "**Persian Gulf Crisis**," an enthralling opus penned by a highly acclaimed wordsmith, readers attempt an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve into the book's central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.
