Shariati wrote that when faced with the possibility of one's own death one must adopt an attitude of freedom toward death and thereby experience authentic living. In 1978 Ayatollah Khomeini's reinterpretation of Shia rituals removed the borders between the audience and the actors, turning the entire country into a stage for his casting. He imbued the old passion of the story of Karbala with a new passionate hatred for the Shahs unjust rule in Iran as well as Israel's and the United States' influences within the world. Khomeini's memory of Dr. Mohammed Mosaddegh, whose government was toppled by the CIA in 1953, returning the Shah to Iran resulted in the rise of various political groups such as nationalists, liberals, secularists, and Marxists. These groups were essential in assisting Khomeini's overthrow of the Shah, though they were soon stomped out by the creation of the Islamic Revolutionary Guard Corps (IRGC) in May 1979 in order to protect Khomeini's unique brand of a Shia Islamic Revolution. The Iran-Iraq War initiated the rapid expansion of the IRGC's size and capabilities. In September 1980, the IRGC had only 30,000 men in lightly armed units. Prior to the war, the IRGC personnel were very young in age and had little to no military experience. By the summer of 1981, the IRGC had organized basic training centers with experienced commanders and a select group of regular officers. They also had 50,000 members, and its strength would jump to 100,000 in 1983 and 250,000 in 1985. In order to meet all its manpower needs on the Iraq war front, the IRGC then turned to its volunteer militia, the Basij. The Basij members provided more troops than the IRGC could arm. The average Basij member came from Iran's rural areas and can be described as poor, uneducated, and ranged in age from twelve to thirty years old. Like the IRGC, the Basij members are motivated by both religion and ideology. After the Iran-Iraq War, the IRGC focused on external threats, as the Basij increased its involvement in domestic affairs. In past years, the Basij militia has been active in controlling public gatherings and disrupting demonstrations by civil or student activists.

Sultans of Deccan India, 1500-1700 Navina Najat Haidar, Marika Sardar, 2015-04-13. The vast Deccan plateau of south central India stretches from the Arabian Sea to the Bay of Bengal. In the sixteenth and seventeenth centuries, the region was home to several major Muslim kingdoms and became a nexus of international trade, most notably in diamonds and textiles, through which the sultanates attained remarkable wealth. The opulent art of the Deccan courts invigorated by cultural connections to the Middle East, Africa, and Europe developed an otherworldly character, distinct from that of the contemporary Mughal north, in painting, a poetic lyricism, and audacious use of color in the decorative arts, lively creations of inlaid metalware, and painted and dyed textiles, and in architecture, a somber grandeur still visible today in breathtaking monuments throughout the plateau. The first book to fully explore the history and legacy of these kingdoms, *Sultans of Deccan India* elucidates the predominant themes in

Deccani art the region s diverse spiritual traditions its exchanges with the outside world and the powerful styles of expression that evolved under court patronage with fresh insights and new scholarship Alongside the discussion of the art lively engaging essays by some of the field s leading scholars offer perspectives on the cycles of victory and conquest as dynasties competed with one another vied with Vijayanagara a great empire to the south and finally succumbed to the Mughals from the north Featuring some 200 of the finest works from the Deccan sultanates as well as spectacular site photographs and informative maps this magnificently illustrated catalogue provides the most comprehensive examination of this world to date and constitutes a pioneering resource for specialists and general readers alike **Scholastic 2010**
