Persia and the Status of Non-muslims in Iran A. Christian Van Gorder, 2010-01-01 This book focuses on the history of Christianity in Persia and the present day relationship that Muslims in Iran have taken toward people of other faith traditions The book provides a comprehensive and readable introduction to a fascinating history with important contemporary ramifications for interfaith and intercultural studies The Shah's Imperial Celebrations of 1971 Robert Steele, 2020-10-15 In October 1971 Mohammad Reza Pahlavi Shah of Iran held a celebration to commemorate the 2500th anniversary of the founding of the Persian Empire by Cyrus the Great Dozens of heads of state descended on Persepolis for these Celebrations where they were regaled to sumptuous banquets and entertainment Critical journalists in Western Europe and North America lambasted the Shah for holding such a decadent event while many of his people lived in poverty Due to the overwhelmingly negative press at the time the event is still today widely remembered as a catastrophic failure It is even said by many to have sparked the unrest that eventually led to the revolution and the Shah's downfall in 1979 In this first comprehensive academic study of the 2500th Anniversary Celebrations Robert Steele looks beyond the pomp and splendour to examine the events origins the goals the organisers set out to achieve with them and the extent to which these goals were accomplished The book seeks to place the Celebrations in the context of the Shah s rise rather than his fall uncovering the unparalleled international cultural and scholarly operation that was spurred by the Iranian regime for the occasion exploring the effects the event had on Iran's tourism industry and guestioning narratives of the event's cost Narrative and Violence Mammad Aidani, 2016-04-22 Narrative and Violence explores philosophical and anthropological ideas surrounding the nature of social suffering its relationship to social historical and political contexts and the manner in which diasporic communities narrate their suffering Against the setting of the adverse relationship between Iran and the West it examines the ways in which suffering shapes identity and belonging in the Diaspora for Iranians living in the West Based on rich empirical information drawn from the UK and Australia this book investigates ways in which the lives of Iranians living in the Diaspora are affected by the understanding of Iran in terms of abjection as that which is beyond or outside of The West Exploring the emotions and feelings of pain and suffering as they are rooted in and shape various categories of experience propounds a view of suffering which is thoroughly grounded in culture history and politics Presenting a new theoretical and cultural understanding of experiences of suffering violence war and displacement this book contributes to critical debates within sociology geography anthropology history and cultural and critical theory **Human Rights in Iran** Reza Afshari, 2011-06-07 Selected by Choice magazine as an Outstanding Academic Title Are the principles set forth in the Universal Declaration of Human Rights truly universal Or as some have argued are they derived exclusively from Western philosophic traditions and therefore irrelevant to many non Western cultures Should a state s claims to indigenous traditions and not international covenants determine the scope of rights granted to its citizens In his strong defense of the Declaration Reza Afshari contends that the moral vision embodied in this and other agreements is a proper response to the abuses of the

modern state Asserting that the most serious violations of human rights by state rulers are motivated by political and economic factors rather than the purported concern for cultural authenticity Afshari examines one particular state that has claimed cultural exception to the universality of human rights the Islamic Republic of Iran In his revealing case study Afshari investigates how Islamic culture and Iranian politics since the fall of the Shah have affected human rights policy in that state He exposes the human rights violations committed by ruling clerics in Iran since the Revolution showing that Iran has behaved remarkably like other authoritarian governments in its human rights abuses For more than two decades Iran has systematically jailed tortured and executed dissidents without due process of law and assassinated political opponents outside state borders Furthermore like other oppressive states Iran has regularly denied and countered the charges made by United Nations human rights monitors defending its acts as authentic cultural practices Throughout his study Afshari addresses Iran's claims of cultural relativism a controversial thesis in the intense ongoing debate over the universality of human rights In prison memoirs he uncovers the actual human rights abuses committed by the Islamic Republic and the sociopolitical conditions that cause or permit them Finally Afshari turns to little read UN reports that reveal that the dynamics of power between UN human rights monitors and Iranian leaders have proven ineffective at enforcing human rights policy in Iran Critically analyzing the state's responses Afshari shows that the Islamic Republic like other oppressive states has regularly denied and countered the charges made by UN human rights monitors and when denials were patently implausible it defended its acts as authentic cultural practices This defense is equally unconvincing since it lacked domestic Off the Radar Cyrus Copeland, 2015-03-24 A spy story a mystery a father son heartbreaker Cyrus Copeland seeks the truth about his father an American executive arrested in Iran for spying at the time of the 1979 hostage crisis then put on trial for his life in a Revolutionary Court As a young boy living in Tehran in 1979 Cyrus Copeland child of an American father and Iranian mother never dreamed that his dad an employee of Westinghouse would be in danger for his life That is until the moment his father was arrested on espionage charges and put on trial in a Revolutionary Court Almost simultaneously more than fifty other Americans were taken hostage at the U S Embassy by Islamist militants an event that has recently captivated the world again with the success of the book and film Argo With the hostage crisis receiving most of the attention from the media and White House it was largely left to Copeland's mother and family to negotiate his father's reprieve from the firing squad Now more than thirty years later Copeland sets out to find the truth about his father and his role in the Iranian hostage crisis Was he in fact an intelligence operative a weapons system expert caught red handed by the Iranian regime or was he innocent all along Part mystery part reportage and part detective work Copeland's brilliantly original family epic is a powerful memoir and adventure Barriers to Effective Civil Society Organisations Ibrahim Natil, Vanessa Malila, Youcef Sai, 2020-08-31 This book provides an insight into the historical changes and present day circumstances that have influenced and continue to influence the development and future of civil society Civil society

organisations CSOs play a crucial role in international development however their impact on policy and practice is limited by a range of shifts across their political social and financial landscapes Barriers to Effective Civil Society Organisations is divided into three parts addressing each of these shifts in turn and places particular emphasis on civil society actors linked not only by political constraints but also by ethnic and cultural diversities that are crucial markers of political and social identity This book draws on case studies from across Latin America Africa MENA and Ireland to highlight how CSOs in these countries are shaped by and react to shifting challenges Reflecting on solutions for the sector the authors provide an understanding of the various self accommodation policies and techniques employed by CSOs in order to continue their services and increase their credibility across global contexts Aimed at researchers policy makers and CSO NGO workers looking to better understand the current state and future of the sector from the perspective of emerging scholars working in these regions and in the Global South in particular this innovative book is a celebration of the important work of CSOs and a reaffirmation of their right to sit at the policy table Woman, Man, and God in Modern Islam Theodore Friend, 2011-11-16 Award winning historian Theodore Friend recently set out alone across Asia and the Middle East on a quest to understand firsthand the life situations of women in Indonesia Pakistan Saudi Arabia Iran and Turkey Woman Man and God in Modern Islam recounts Friend's remarkable journey and relates hundreds of encounters and conversations with people he met along the way Commingling a deep respect for Islam and his faith in the potential of women to change their worlds Friend presents an open exploratory outsider s perspective on women in five very different Islamic cultures timely fare for all who wish to broaden their world horizons Losing Legitimacy Clifton W. Sherrill, 2018-09-15 This book contends that the transition of leadership from Ayatollah Ali Khamenei will result in a crisis of legitimacy for the Islamic Republic of Iran Using Max Weber's typology of legitimacy the book explains that the Islamic Republic's legitimacy was based on the charismatic authority of the regime s founder Ayatollah Ruhollah Khomeini Since Khomeini s death in 1989 the regime has failed to develop the rule of law necessary for legal rational authority Moreover it abandoned the logical underpinnings justifying clerical rule when a mid ranking cleric rather than a Grand Ayatollah was placed in the position of Supreme Leader With neither a legal basis nor a traditional basis of authority the new leader relied extensively on the cover of Khomeini s charismatic shadow for legitimacy After nearly four decades this shadow is fading Not only will Khamenei s successor lack the same direct ties to Khomeini but the demographic and societal changes in Iran have made the charisma of Khomeini a historical concept rather than a viscerally felt experience First the book analyzes the likely succession scenarios finding the most probable outcome is the appointment of a hardline conservative backed by the regime s security forces Next the regime's economic political and social failures are presented in order to explain why the new leader is likely to try to return to a traditional basis of legitimacy religion Thereafter the book explains how this hardliner focus on religion is likely to result in an aggressive Iranian foreign policy toward the United States Israel and Saudi Arabia impacting the region s
