, A Body John Coplans, 2002-03 For 33 years Coplans has photographed his body nude from the age of 58 to the age of 81 Mythic in scope and unflinching in its examination of one person's humanness and mortality in this sequence of 115 duotone images Coplans transcends the boundaries of photography as an art Epic grotesque bittersweet sensual provocative funny and even at times absurd Coplans achieves a visual meditation on the compelling relationship between sensuality ageing and death that is unparalleled in the history of the medium I gasped in admiration *The Village Voice*

International Photography Andrew H. Eskind, Greg Drake, 1998 This 3 vol work constitutes a vastly enlarged and expanded new edition of the *Index to American Photographic Collections* 3rd enlarged edition differing from the previous editions in two important respects First is the inclusion of holdings from outside the United States a natural evolution in our shrinking world The second is the inclusion of exhibition histories cross referenced by photographer and sponsoring institution providing a useful new context for evaluating less well known photographers *Sounds of Resistance* Eunice Rojas, Lindsay W. Michie, 2013-10-08 From the gospel music of slavery in the antebellum South to anti apartheid freedom songs in South Africa this two volume work documents how music has fueled resistance and revolutionary movements in the United States and worldwide Political resistance movements and the creation of music two seemingly unrelated phenomenon often result from the seed of powerful emotions opinions or experiences This two volume set presents essays that explore the connections between diverse musical forms and political activism across the globe revealing fascinating similarities regarding the interrelationship between music and political resistance in widely different geographic or cultural circumstances The breadth of specific examples covered in *Sounds of Resistance* The Role of Music in Multicultural Activism highlights strong similarities between diverse situations for example protest against the Communist government in Poland and drug discourse in hip hop music in the United States and demonstrates how music has repeatedly played a vital role in energizing or expanding various political movements By exploring activism and how music relates to specific movements through an interdisciplinary lens the authors document how music often enables powerless members of oppressed groups to communicate or voice their concerns *Still I Rise* Marlene Wagman-Geller, 2017-07-25 An incredible book about the strength of women an important book and a read that is nothing if not timely with current politics FangirlNation A 1 Bestseller in 21st Century U S History for Teens *Still I Rise* takes its title from a work by Maya Angelou and it resonates with the same spirit of an unconquerable soul a woman who is captain of her fate It embodies the strength of character of the inspiring women profiled Each chapter will outline the fall and rise of great women heroes who smashed all obstacles rather than let all obstacles smash them The book offers hope to those undergoing their own Sisyphean struggles Intrepid women heroes are the antithesis of the traditional damsels in distress rather than waiting for the prince they took salvation into their own hands Celebrate girl power Women leaders in history celebrated in this book include Madame C J Walker first female

American millionaire Aung San Suu Kyi Burma's first lady of freedom Betty Shabazz civil rights activist Nellie Sachs Holocaust survivor and Nobel Prize recipient Selma Lagerlöf first woman Nobel Laureate Fannie Lou Hamer American voting rights activist Bessie Coleman first African American female pilot Wilma Rudolph first woman to win three gold medals Sonia Sotomayor first Hispanic Supreme Court justice Wangari Maathai Nobel Prize winner Winnifred Mandela freedom fighter Lois Wilson founder of Al Anon Roxanne Quimby cofounder of Burt's Bees Inspirational If you need a little encouragement in your life during these difficult times the lives of these women will give you hope Says Me Says Mom *The Diary Sister* Kristoduli, 2025-05-01 The Diary tells Sister Kristoduli's life story as she experienced it It chronicles the inner thoughts and growing pains of a shy teenager her search for a spiritual path and her connection to Archbishop Paul who became her spiritual father and Igumenia Eufimia who was her guide in daily ascetic struggle In an authentic and honest voice she details monastic life in Greece makes fascinating cultural observations and recounts the challenges of translating the Philokalia a collection of writings by the church fathers from Greek to Finnish Sister Kristoduli's diary is a deeply human book which also serves as a chapter in the recent history of the Orthodox Church in Finland The pearls of the diary entries are Kristoduli's thoughts and advice born from her lifelong search for purpose and belonging *California. McCoy, 2015-05-01 Through the life of a courageous bishop an absorbing look at the inner workings of the American Catholic Church how we got here and how it could be different Pope Francis has spoken of his desire for pastoral bishops shepherds who have the smell of the sheep The story of Raymond G. Hunthausen archbishop of Seattle from 1975-1991 is about a bishop who epitomized this style and the price he paid The quintessential Vatican II bishop Hunthausen embraced the spirit of renewal reaching out to the laity women and those on the margins A courageous witness for peace he earned national attention when he became the first American bishop to urge tax resistance as a protest against preparations for nuclear war In doing so he ran against the Cold War policies of the Reagan Administration But he also came into conflict with Pope John Paul II's desire to reshape the American episcopacy This fascinating biography not only recounts a critical turning point for the American Catholic church it rekindles the vision of a more inclusive prophetic and compassionate church as people of God Publisher's description [Technical options for the advanced liquid metal reactor](#), **A Self Portrait** John Coplans, Jean-François Chevrier, 1997 *Hollywood Stardom* Paul McDonald, 2012-11-26 By integrating star studies and film industry studies *Hollywood Stardom* reveals the inextricable bonds between culture and commerce in contemporary notions of film stardom Integrates the traditions of star studies and industry studies to establish an original and innovative mode of analysis whereby the star image is replaced with the star brand Offers the first extensive analysis of stardom in the post studio era Combines genre narrative acting and discourse analysis with aspects of marketing theory and the economic analysis of the film market Draws on an extensive body of research data not previously deployed in film scholarship A wide

range of star examples are explored including George Clooney Mel Gibson Tom Cruise Daniel Day Lewis Tom Hanks Will Smith and Julia Roberts Cumulated Index Medicus ,1989 **The Age of New Waves** James Tweedie,2013-08-01 The Age of New Waves examines the origins of the concept of the new wave in 1950s France and the proliferation of new waves in world cinema over the past three decades The book suggests that youth cities and the construction of a global market have been the catalysts for the cinematic new waves of the past half century It begins by describing the enthusiastic engagement between French nouvelle vague filmmakers and a globalizing American cinema and culture during the modernization of France after World War II It then charts the growing and ultimately explosive disenchantment with the aftermath of that massive social economic and spatial transformation in the late 1960s Subsequent chapters focus on films and visual culture from Taiwan and contemporary mainland China during the 1980s and 1990s and they link the recent propagation of new waves on the international film festival circuit to the economic miracles and consumer revolutions accompanying the process of globalization While it travels from France to East Asia the book follows the transnational movement of a particular model of cinema organized around mise en sc ne or the interaction of bodies objects and spaces within the frame rather than montage or narrative The master shot style of directors like Hou Hsiao Hsien Tsai Ming Liang and Jia Zhangke has reinvented a crucial but overlooked tendency in new wave film and this cinema of mise en sc ne has become a key aesthetic strategy for representing the changing relationships between people and the material world during the rise of a global market The final chapter considers the interaction between two of the most global phenomena in recent film history the transnational art cinema and Hollywood and it searches for traces of an American New Wave **Contemporary World Musicians** Clifford Thompson,2020-10-07 Music lovers researchers students librarians and teachers can trace the personal and artistic influences behind music makers from Elton John to Leontyne Price Individual entries on over 400 of the world s most renowned and accomplished living performers composers conductors and band leaders in musical genres from opera to hip hop Also includes an in depth Index covering musicians of all eras so that readers can learn which artists alive or dead influenced the work of today s most important figures in the music industry *The Coyote Chronicles* Michael Burgess,2010-07-01 California State University San Bernardino opened in 1965 in San Bernardino This chronological history records the major and minor developments in the history of the campus between 1960 when it was created by the California Legislature to the end of the 2009 10 academic year Includes tables of major administrators plus a detailed index **Pro Football Register, 1995** Sporting News,1995-06 The Pro Football Register includes all the biographical information fans would ever want to know about everyone who played in the NFL in 1994 top 1995 prospects and every head coach facts such as age weight birthplace college awards and honors combined with detailed year by year stats for each player s and coach s entire professional career **The Silicone Breast Implant Story** Marsha L. doctor patient interaction doctor doctor professional communication support group dialogues public relations campaigns and more In so doing it provides a narrative of how communication shapes the individual perceptions of health government and social policy concerning health care At the core of the silicone breast implant controversy is the need for people to act amid uncertainty about the health risks involved This need to weigh action in the midst of uncertain risk characterizes a large number of health issues The attempts of patients physicians drug manufacturers and others to seek and provide both information and influence makes communication central to these issues Consequently the questions explored in this volume will interest a diverse group of readers This audience includes plastic surgeons in particular physicians in general and anyone involved with women s health issues As the medical profession struggles with its identity amid changes in public attitudes government regulations and medical practices this volume s findings concerning media portrayals of doctors and medical devices become even more important Finally this study reveals how interrelated public information and private decisions are and how closely media and interpersonal relationships fit Tracing one medical issue across interpersonal organizational public relations and mediated forums has clearly demonstrated the multiple ways those communication channels overlap and inform one another
