Prehistory In Peril:

Prehistory in Peril Florence Cline Lister, P. G. Duke, 1997 Durango Colorado situated in the four corners region of southwest Colorado has long been an area of interest to professional archaeologists and non professional enthusiasts alike In addition to its natural beauty the area has been host to a number of ancestral Pueblo Indian groups dating back to prehistoric times In the 1930s archeological professionals made up a small growing group while the ranks of amateur enthusiasts and pothunters those who dug ancient sites for artifacts out of curiosity or for monetary gain swelled Prehistory in Peril is the first accurate account of the early period of archeological study of the Durango area The area still rife with unexplored sites drew many self trained amateurs and pothunters As more and more historically significant artifacts were found bitter confrontation and animosity developed between professionals and enthusiasts Prehistory in Peril follows the fascinating drama and re evaluates data from two prominent archeologists of that time and takes into account more recent research to draw new conclusions about the prehistoric cultural patterns revealed in the southern Colorado area of Durango

This book explores the idea that small island communities could be regarded as canaries in the coal mine of sustainable development because of scientific and anecdotal evidence of a common link between rapid population growth degradation of the local resource base and intensification of disputes over the ownership and use of terrestrial and marine resources The authors are all anthropologists with a specific interest in the question of whether the economic and social safety valves that have previously served to break some of the feedback loops between these trends appear to be losing their efficacy While much of the debate about economy society environment relationships on small islands has been overtaken by a narrow focus on the problem of climate change the authors show that there are many other factors at work in the transformation of island lives and livelihoods
