Handbook of Research in Social Studies Education Linda S. Levstik,Cynthia A. Tyson,2010-04-15 This Handbook outlines the current state of research in social studies education a complex dynamic challenging field with competing perspectives about appropriate goals and on going conflict over the content of the curriculum Equally important it encourages new research in order to advance the field and foster civic competence long maintained by advocates for the social studies as a fundamental goal In considering how to organize the Handbook the editors searched out definitions of social studies statements of purpose and themes that linked or divided theory research and practices and established criteria for topics to include Each chapter meets one or more of these criteria research activity since the last Handbook that warrants a new analysis topics representing a major emphasis in the NCSS standards and topics reflecting an emerging or reemerging field within the social studies The volume is organized around seven themes Change and Continuity in Social Studies Civic

Competence in Pluralist Democracies Social Justice and the Social Studies Assessment and Accountability Teaching and Learning in the Disciplines Information Ecologies Technology in the Social Studies Teacher Preparation and Development The Handbook of Research in Social Studies is a must have resource for all beginning and experienced researchers in the field Teaching Social Studies James Little, Gerald L. Wilson, Virginia Wilson, 1993-01-30 Just as society has changed dramatically over the last century so have the social sciences This valuable reference chronicles the historical development of social studies as a discipline in elementary and secondary schools It also assesses the current state of teaching and research in the social sciences and history at the pre college level and it charts new directions for the future of social studies in secondary and elementary schools By tracing the historical development of social studies the reference indicates how social studies has constantly been redefined to meet the changing needs and expectations of society At the same time the historical context provided by the authors sheds new light on the current state of social studies in the curriculum and the development of social studies in the future The book begins with introductory chapters that overview themes and issues common to all areas of history and the social sciences The chapters that follow summarize and assess the developments and trends of particular fields commonly thought to constitute social studies The volume concludes with chapters on broad topics including the place of religion in the social studies curriculum the role of writing in history and the social sciences and the professional training of social studies teachers Each chapter begins with a section of reflections on the development of the discipline followed by a section on current issues and trends followed by a final section of projections for the future of the discipline The result is a comprehensive overview of the past present and future of social studies in elementary and secondary schools and an indispensable reference for educators historians and social scientists

Encyclopedia of Giftedness, Creativity, and Talent Barbara Kerr, 2009-06-15 Library Journal Best Reference 2009 Educators have begun to recognize that identifying and accommodating students who are slower to learn may leave behind those who learn rapidly and think creatively The nature of intelligence the sources of innovation and the ways to nurture special abilities are now topics of great interest to scholars in a wide variety of disciplines and to the general public Policymakers ranging from school board members to leaders of nations must also make practical decisions about how communities and societies will treat their brightest most promising students With more than 400 entries these two volumes review research findings on giftedness talent and creativity and their effect on education training science and the arts government policy and everyday life The Encyclopedia of Giftedness Creativity and Talent provides a balanced objective assessment of the various perspectives on the nature of intelligence innovation and optimal states This state of the art resource covers all major facets of the field including achievement motivation artistic ability creative personality emotional intelligence gender differences genius intelligence testing learning styles minority underrepresentation multiple intelligences musical ability prodigies scientists self actualization thinking skills and more Key Themes Assessment and Identification Creativity Studies Cultural Issues Education

Eminent People Exceptionalities Intelligence Neuroscience and Genetics Populations Programs and Interventions Psychological Issues Talent Domains Theories and Models Key Features Provides a balanced and critical discussion of the controversies that have animated research and theory making Clarifies which grouping and instructional strategies promote the best outcomes in achievement and social emotional development of gifted children Helps educators make informed decisions about the identification strategies and the curriculum models that best meet their students needs Contains thousands of pertinent facts from the fields of education psychology sociology and the arts Evaluates policies that have hindered gifted children and makes a persuasive case for appropriately challenging and differentiated education Examines how giftedness creativity and talent were defined in the past and how current meanings have emerged [Resources in Education](#) ,2001-04 [Social Studies Education in South and South East Asian Contexts](#) Kerry J Kennedy,2021-07-22 The education of young people is context bound This edited volume explores the contexts that characterise South and South East Asia and their influence on social studies education There is not a single context across this broad geographical expanse rather different religions different political systems and different values exert influences that create distinctive programmes that characterise different countries Yet there are also commonalities such as the post colonial nature of most of the countries portrayed in this book determined efforts at establishing new national communities and multiple value systems that lead to distinctive local priorities There are also voices of resistance in these chapters recognising the realities of local contexts but also recognising the need for change Social studies education in these contexts may well be descended from its origins in North America but in South and South Asian contexts it has taken on new purposes new forms and new values Education researchers policymakers and postgraduate students in comparative education will find the volume useful in its exploration and comparison of the social studies curricular and reforms that shaped them **Critical Theories, Radical Pedagogies, and Social Education** ,2010-01-01 A refreshing collection of essays that offers a range of critical and radical voices which are generally marginalized in the critical social studies mainstream This collection is a good read with valuable insights that can impact teaching practice Canadian Social Studies Canada s National Social Studies Journal Volume 45 Issue 1 Award American Educational Studies Association AERA Critics Choice Book Award 2011 This edited collection begins with the assertion that there are emergent and provocative theories and practices that should be part of the discourse on social studies education in the 21st century Anarchist eco activist anti capitalist and other radical perspectives such as disability studies and critical race theory are explored as viable alternatives in responding to current neo conservative and neo liberal educational policies shaping social studies curriculum and teaching Despite the interdisciplinary nature the field and a historical commitment to investigating fundamental social issues such as democracy human rights and social justice social studies theory and practice tends to be steeped in a reproductive framework celebrating and sustaining the status quo encouraging passive acceptance of current social realities and historical constructions rather than a critical examination of

alternatives These tendencies have been reinforced by education policies such as No Child Left Behind which have narrowly defined ways of knowing as rooted in empirical science and apolitical forms of comprehension This book comes at a pivotal moment for radical teaching and for critical pedagogy bringing the radical debate occurring in social sciences and in activist circles where global protests have demonstrated the success that radical actions can have in resisting rigid state hierarchies and oppressive regimes worldwide to social studies education The Social Studies Wars Ronald W. Evans,2004-01-01

Ronald Evans describes and interprets the continuing battles over the purposes content methods and theoretical foundations of the social studies curriculum This facinating volume addresses the failure of social studies to reach its potential for dynamic teaching because of a lack of consensus in the field links the ever changing rhetoric and policy decisions to their influence on classroom practice and helps to clarify the meaning direction and purposes of social studies instruction in schools **Social Studies in Elementary Education** Walter Parker,2009 The author wrote this new edition of the most popular elementary social studies methods text on the market with the following three goals in mind to present the most powerful social studies content and pedagogy for children in elementary school to offer the material in simple and accessible ways and to write in a first person active voice The purpose of this book is to introduce new teachers to the world of social studies teaching and learning in elementary and middle schools Geography history government and the other social sciences are delivered into the palm of the new teacher s hand along with a suite of tools for bringing social studies to life in the classroom The book is organized into three sections the first orients the reader to the mission of social studies education to the increasingly diverse children we teach the second concentrates on the curriculum and the third deals with instruction how we plan and teach this curriculum Three central themes continue to pervade the book democratic citizenship diversity and the social sciences to ultimately encourage teachers to excite their students about closing the gap between social realities and democratic ideals An exceptionally strong chapter on multicultural issues Chapter 2 helps future teachers truly understand the changing demographics of the American classroom Abridged NCSS standards and their classroom applications are automatically packaged with every copy of the book **The Social Studies in Secondary Education**

Murry R. Nelson,1994 This document contains a reprint of the 1916 The Social Studies in Secondary Education A Six Year Program Adapted Both to the 6 3 3 and the 8 4 Plans of Organization and Report of the Committee on Social Studies of the Commission on the Reorganization of Secondary Education of the National Education Association widely believed to be the most important document in the history of citizenship education in the United States It legitimated the term social studies to designate formal citizenship education and placed squarely in the field all of those subjects that were believed to contribute to that end While recognizing the importance of history and the social sciences as contributing to citizenship education the Committee s report recognized that citizenship education is something more than mastery of separate disciplines It recognized the study of social problems as a necessary part of the education of citizens and outlined a content for the social

studies that was widely adopted and has remained remarkably unchanged to the present This book includes annotations by Murry R Nelson the editor of the present document on the 1916 report Commentaries include 1 The Social Contexts of the Committee on Social Studies Report of 1916 Murry M Nelson and 2 Thomas Jesse Jones Doing God s Work and the 1916 Report Stephen T Correia The book also contains a 35 page select annotated bibliography from the ERIC database on social studies reform The table of contents of the 1915 report on The Teaching of Community Civics is included in an appendix Author DK

Social Studies Education in East Asian Contexts Kerry J. Kennedy,2020-07-28 The book explores the state of social studies education within selected East Asian societies and provides some insights into distinctive classroom practices In an increasingly volatile and unpredictable world the education of young people who both understand the contexts in which they are growing up and see the need for engaging with them is a top priority This task falls to social studies education which carries the responsibility for inducting young people into their social world and helping them to see the role they can play within it This is particularly important in East Asia where strong economic growth long held cultural values and diverse political systems create an environment that challenges young people on multiple fronts This book with its team of regional authors shows how different societies in the region are dealing with these challenges and what can be expected from future citizens The book will appeal to policy makers researchers and teachers interested in the current state of social studies education in East Asian societies *Renewed Accountability for Access and Excellence* Penny L. Tenuto,2015-10-29 *Renewed Accountability for Access and Excellence* advances discussion of a conceptualized model for cultivating democratic professional practice in education DPPE and considers its relationship with contemporary teaching and leading praxes A diverse and highly qualified group of scholars and practitioners have contributed chapters relating to innovative programs co constructed partnerships empirical and teaching case studies and examples of practical applications of theory for advancing teaching and leading This single volume a collection of works arranged into a conceptualized model with application for practice is recommended as a resource for research libraries a textbook in programs of teacher and educational leadership preparation and a wellspring of knowledge and ideas for professional growth and innovation for P 12 teachers and school leaders

Spatial Citizenship Education Euikyung E. Shin,Sarah Witham Bednarz,2018-09-21 *Spatial Citizenship Education* is an innovative exploration of ways to engage and promote citizenship through a deeper understanding of spatial and geographic perspectives The authors propose that recognizing the relationship between space and citizenry enables productive and positive engagement with important societal issues such as equity justice and environmental stewardship By providing a historical overview of geography s contribution to citizenship education including progress made and challenges faced by educational reform movements this collection shows how geography can contribute to a new type of citizen one with an enhanced understanding of the world as seen through the key concepts of geography space place scale power and human environment relationships Through a theoretical explanation of key citizenship ideas and

by providing practical classroom based teaching tools this volume will be essential for geography education researchers and social studies educators alike Adams-Morgan District of Columbia. Office of Urban Renewal,1964 Partnering to Lead Educational Renewal Jean Wilson Houck,Kathleen C. Cohn,Carl A. Cohn,2004-01-01 This timely book describes the lessons learned from the Long Beach Education Partnership one of the most successful Pre K through university partnerships in the United States It presents examples of best practices and highly effective strategies to bring about systemic change to improve student achievement
