Renoir and His World Barbara Ehrlich White, 1984 [Cezanne's Early Imagery](#) Mary Tompkins Lewis, 2023-12-22 Cezanne's Early Imagery by Mary Tompkins Lewis explores the lesser known but significant early works of Paul Cézanne bringing to light the rich cultural and artistic context of his first decade as a painter While Cézanne's biographers have long emphasized his tumultuous early life marked by his friendship with Emile Zola his rebellious nature and his passionate yet crude persona the actual paintings from this period have often been overshadowed Lewis addresses this gap in Cézanne scholarship by examining how his early works reflect deep connections to both popular and artistic traditions revealing a more nuanced and deliberate painter than previously recognized Through detailed analysis of Cézanne's early subject pictures Lewis moves beyond the conventional view of the artist as an impulsive romantic Instead she argues that his early paintings are stylistically and iconographically coherent shaped by both his engagement with the old masters and his awareness of contemporary cultural currents Highlighting the contributions of previous scholars such as Roger Fry and Meyer Schapiro Lewis builds on their groundwork to offer a comprehensive reappraisal of Cézanne's early compositions Ultimately this study provides a deeper understanding of the young painter's creative process and the intellectual depth behind his bold defiant imagery enriching our appreciation of his role in modern art This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the

brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 *Voices Revived* makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1989

The Difficulties of Modernism Leonard Diepeveen, 2013-10-18 In *The Difficulties of Modernism* Leonard Diepeveen examines how difficulty became central to our encounters with modern literature and culture Literary modernism s first readers often complained that difficulty was running rampant in literature that art had become a plague of unintelligibility Diepeveen argues that the simultaneous appearance of modernism and discussion about difficulty was not coincidental difficulty allowed modernism to rise to the status of high art and it was fundamental to how modernism shaped the canon not only of twentieth century
