Literature Edward Dowden, 1889 Celebrity Morals and the Loss of Religious Authority John Portmann, 2019-04-30 This book examines American popular culture to demonstrate that celebrities have superseded religious figures as moral authorities As trust in religious institutions has waned over recent decades the once frivolous entertainment fringe has become the moral center Young people and voters increasingly take cues from actors and athletes The book begins by offering a definition of celebrity and showing that the profile of celebrities has changed dramatically particularly since the 1960s They can now chart their own careers manage their own personal lives and weigh in on pressing moral issues in a

manner that hasn't always been the case. This can be to the good; it is argued for some counterintuitive reasons. Very few stars pretend to be moral exemplars unlike the frequently hypocritical elites they have replaced. Others, however, are seemingly poorly qualified to speak on complex moral issues. In the end, it also turns out that who tells us how to feel about any moral issue counts at least as much as what they tell us. This is a fresh look at the impact of celebrity culture on contemporary morality and religious authority. As such, it will be of great use to academics working in religious studies and ethics as well as popular culture and media studies.

The Chronicle, 1914 *The Presbyterian Quarterly*, 1898 The New World Park Benjamin, James Aldrich, Henry Champion Deming, James Mackay, 1844 Veiled Mysteries of Egypt and the Religion of Islam Simon Henry Leeder, 2017. This Western apologist for Islam claims that no writings on Mohammedanism are more misleading than those of missionaries, especially those published in recent years. Their writings are said to be cruel and relentless attacks on Islam. This book is a sympathetic study and appreciation of the high ideals and motives of Mohammed and his followers and consists of four parts: a description of Moslem life in town and village, some reflections and observations in the mosques, a book on the great feasts and festivals, and finally the great questions of Islam as interpreted through the Moslems themselves. The book is well written and makes interesting reading even where those who know Islam can not agree with the author's conclusions.

An Absorbing Errand Janna Malamud Smith, 2012-09-01. An Absorbing Errand uses stories of artists' lives, personal anecdotes, and insights from the author's work as a psychotherapist to examine the psychological obstacles that prevent people from staying with and relishing the process of art making. Each chapter is devoted to a problem intrinsic to the creative process and illustrates how these very obstacles, once understood, can become prime sources of the energy that actually fuels the mastery of art making. Ultimately, An Absorbing Errand provides a philosophical, historical, and analytical look at the creative impulse and how certain artists from a wide field mastered their craft. From Julia Child to Charlie Chaplin, Lady Gaga to Michael Jackson, famous painters to established writers, Smith shows us how each overcame the obstacles they faced in the pursuit of their creative visions. Many people carry within their hearts an aching sense that they have something they want to express through art or that they will not feel complete until they've brought out some hidden part of themselves. Yet they cannot begin to do the work of bringing their creative idea into the world. Or maybe they've begun over and over but they can't stay with their labor long enough to finish it. An Absorbing Errand is a supportive companion, an enlightened and compassionate ballast, a guide for anyone who has ever picked up a pencil to write or a paint brush to paint or any tool from chisel to loom to pursue any serious craft and then put it down again, frustrated, discouraged, and unable to continue. An Absorbing Errand is unlike any book about creating art of any kind, and aspiring and working artists alike will find it both original and invaluable.
