**Rental Property Strategies** Michael Steven, 2021-07-16 Before you start investing in rentals you should know what you're getting into If you're looking to become financially free before you reach your sixties investing in real estate is a blueprint that's been proven to work In the past 50 years over 70% of American taxpayers declaring more than a million dollars on their income tax returns have invested in real estate according to the IRS And it's not hard to see why From fighting off inflation and generating cash flow to property appreciation and tax benefits real estate gives investors multiple ways to build and keep wealth And while there are several ways to invest in real estate investing in rental properties is an ideal starting point for beginners even those without any real estate background Unlike flipping or wholesaling rental properties are simple enough to understand and with the right knowledge and research strategies to make money off them are not difficult to implement However just because it's simple doesn't mean it's something you can just get into without proper education and preparation You have a wide range of options you need to consider when investing in rental properties from location type of property type of rental arrangement financing and investment strategy Ultimately the decisions will be up to you but before you can make the right one you need to have all the information you need In **Rental Property Strategies** you'll find valuable knowledge and helpful advice based on years of experience in real estate Inside here is just a fraction of what you will discover How to get other people to pay for your mortgage while you continue to stay in your own house The simple method to figure out how many rental properties you need to invest in to achieve financial freedom Why you should never buy a rental property based on its potential for appreciation How to grow your portfolio from one rental property to six in less than 10 years while keeping your debt obligations down How to peacefully and compassionately deal with tenants who fail to pay rent on time How to legally defer paying taxes on your investment property when you upgrade your investment Quick and easy ways to increase your rental income without any additional effort or expenditure The must have back up for every rental property to ensure you can continue your mortgage payments no matter the economic situation And much more Although real estate can be very lucrative there are still quite a number of real estate investors who lose money in their investments Whether it's taking on too much risk getting into more than they can manage or not studying the market beforehand there's a lot that can go wrong when you are ill prepared to take on a big investment By equipping yourself with
