Report On Allegations Of Torture In Brazil

Anna Grimaldi

Report On Allegations Of Torture In Brazil:

The Politics of Military Rule in Brazil, 1964-1985 Thomas E. Skidmore, 1990-03-08 The largest and most important country in Latin America Brazil was the first to succumb to the military coups that struck that region in the 1960s and the early 1970s In this authoritative study Thomas E Skidmore one of America s leading experts on Latin America and in particular on Brazil offers the first analysis of more than two decades of military rule from the overthrow of Jo o Goulart in 1964 to the return of democratic civilian government in 1985 with the presidency of Jos Sarney A sequel to Skidmore s highly acclaimed *Politics in Brazil 1930-1964* this volume explores the military rule in depth Why did the military depose Goulart What kind of economic miracle did their technocrats fashion Why did General Costa e Silva s attempts to humanize the Revolution fail only to be followed by the most repressive regime of the period What led Generals Geisel and Golbery to launch the liberalization that led to abertura What role did the Brazilian Catholic Church the most innovative in the Americas play How did the military government respond in the early 1980s to galloping inflation and an unpayable foreign debt Skidmore concludes by examining the early Sarney presidency and the clues it may offer for the future Will democratic governments be able to meet the demands of urban workers and landless peasants while maintaining economic growth and international competitiveness Can Brazil at the same time control inflation and service the largest debt in the developing world Will its political institutions be able to represent effectively an electorate now three times larger than in 1964 What role will the military play in the future In recent years many Third World nations Argentina the Philippines and Uruguay among others have moved from repressive military regimes to democratic civilian governments Skidmore s study provides insight into the nature of this transition in Brazil and what it may tell about the fate of democracy in the Third World
