Report On Maos China:

Report on Mao's China Francis Robert Moraes,1953 **Report on Mao's China** F. R. Moraes,2003-01-01 Report from Xunwu Zedong Mao,1990 Long described as lost this report was the result of Mao Zedong s investigation in 1930 of the people economy society and history of the obscure rural county of Xunwu in South China An extraordinary document that far exceeds in scope and depth Mao s other investigative reports on rural China the report is a rich source of information on rural administration commerce transportation communication education land tenure taxation religion diverse social relations and practices and struggle in one obscure area that was a microcosm of China Thompson has translated and presented Mao s report with extensive notes The book is designed to be accessible to non specialists and it will be welcomed by those interested in the Chinese countryside comparative revolution and historical anthropology Because Mao s report on Xunwu was part of a revolutionary programme the report raises complex questions about academic and activist readings of social realities **Mao's China and the Sino-Soviet Split** Mingjiang Li,2013-03-01 The Sino Soviet split in the 1960s was one of the most significant events of the Cold War Why did the Sino Soviet alliance hailed by its creators as unbreakable eternal and as representing brotherly solidarity break up Why did their relations eventually evolve into open hostility and military confrontation With the publication of several works on the subject in the past decade we are now in a better position to understand and explain the origins of the Sino Soviet split But at the same time new questions and puzzles have also emerged The scholarly debate on this issue is still fierce This book the result of extensive research on declassified documents at the Chinese Foreign Ministry and on numerous other new Chinese materials sheds new light on the problem and makes a significant contribution to the debate More than simply an empirical case study by theorising the concept of the ideological dilemma Mingjiang Li s book attempts to address the relationship between ideology and foreign policy and discusses such pressing questions as why it is that an ideology can sometimes effectively dictate foreign policy whilst at other times exercises almost no significant influence at all This book will be of essential reading to anyone interested in Chinese Soviet history Cold War history International Relations and the theory of ideology **Mao's China and the Cold War** Jian Chen,2010-03-15 This comprehensive study of China s Cold War experience reveals the crucial role Beijing played in shaping the orientation of the global Cold War and the confrontation between the United States and the Soviet Union The success of China s Communist revolution in 1949 set the stage Chen says The Korean War the Taiwan Strait crises and the Vietnam War all of which involved China as a central actor represented the only major hot conflicts during the Cold War period making East Asia the main battlefield of the Cold War while creating conditions to prevent the two superpowers from engaging in a direct military showdown Beijing s split with Moscow and rapprochement with Washington fundamentally transformed the international balance of power argues Chen eventually leading to the end of the Cold War with the collapse of the Soviet Empire and the decline of international communism Based on sources that include recently declassified Chinese documents

the book offers pathbreaking insights into the course and outcome of the Cold War

Mao's China And Post-mao China: Revolution, Recovery And Rejuvenation Robert Weatherley, 2022-09-06 If the history of modern China was written as a book its author would be accused of losing touch with reality During the twentieth century China underwent two revolutions a number of wars endured a radical and destabilising form of communism and then hurried quickly towards a system of open market economics whilst remaining under the control of a nominally communist party Currently the fastest growing economy in the world with an increasingly sophisticated and expanding military China is widely expected to emerge as the world's next superpower eclipsing the United States in the not too distant future However not everything is going smoothly for Beijing Unemployment rates are spiralling inequality is rife and official corruption at all levels remains an Achilles heel for the Chinese Communist Party despite Xi Jinping's best endeavours to wipe it out Worst of all environmental degradation is at such a serious level that it threatens the success of the Chinese economy and the stability of Chinese society Against this scarcely believable backdrop and based on a series of lectures seminars and research conducted by the author Mao's China and Post Mao China captures the dynamics dynamism and disasters of Chinese politics since the establishment of the People's Republic of China in 1949 This advanced textbook identifies three key themes that have underpinned the post revolutionary era the so called three Rs Revolution Recovery and Rejuvenation and is essential reading for anyone interested in the politics of modern China at the undergraduate and postgraduate level

China-GDR Relations from 1949 to 1989 Axel Berkofsky, 2025-07-13 This book provides an in depth and very lively analysis of relations between China and the German Democratic Republic GDR from 1949 to 1989 It is the first and only comprehensive and detailed analysis of East German Chinese ties and interactions in English Chinese East German relations which over the

decades have experienced some highs but many more lows Low points came to the fore in the early 1960s when the Soviet Union ordered its vassal state in East Berlin to treat its former socialist comrade and brother in arms in Beijing as an adversary and even an enemy In fact the Sino Soviet split ensured that until the late 1980s East Berlin and Beijing were more likely to talk about each other than to talk to each other The second revised and extended edition of the book draws on a wealth of East German archival material These include documents and reports from the archives of the GDR s ruling Socialist Unity Party SED the notorious East German Ministry of State Security Stasi and the Ministry of Foreign Affairs Together with extensive secondary literature and almost everything that was ever written about China in East German newspapers from the 1950s to 1990 this book examines selected issues and areas of East German and Chinese domestic and foreign policy placing policies and interactions in their historical context It offers very detailed and well documented insights into the following aspects 1 the bilateral honeymoon period from 1949 to the late 1950s during which both sides supported and applauded each other s oppressive domestic economic policies including Mao s Great Leap Forward and the Cultural Revolution 2 the 1960s when the Sino Soviet split determined the quality and level of bilateral interactions and tensions 3 the 1970s when Beijing replaced socialist comradeship with East Berlin with trade and aid from the US and Germany and 4 the resumption of bilateral relations in the 1980s The 1970s when Beijing replaced socialist comradeship with East Berlin with trade and aid from the US and West Germany and 4 The resumption of Sino German relations in the 1980s and the subsequent period up to the Tiananmen Square protests and the collapse of the GDR in 1989 The book will appeal to historians political scientists and international relations scholars as well as policymakers and diplomats interested in this under researched area
