Reproduction And Social Context In Sub Saharan Africa A Collection Of Micro Demographic Studies:

Reproduction and Social Context in Sub-Saharan Africa Samuel Agyei-Mensah, John B. Casterline, 2003-06-30 Perhaps no region matches sub Saharan Africa in its social and cultural diversity In this collection of micro demographic studies the authors examine how the diversity of this region influences reproductive behavior The empirical studies distributed throughout the continent are localized in depth studies that give special attention to contextual effects of social structure and social organization A diverse range of topics is addressed including adolescent sexuality and the effects of early childbearing on later fertility the impact of development programs on fertility and the association between social organization social diffusion and reproductive regime Highly revealing of the determinants of reproduction in Africa these studies serve as a model for a new mode of demographic research The chapters are arranged by geographical regions of the continent with an introductory chapter outlining the editors vision of a micro demographic enterprise and a concluding chapter placing the African fertility transition in the context of the global fertility transition This volume inspires fresh thinking and theorizing about demographic change not only in sub Saharan Africa but also in all low income settings *Reproduction and Social Context in Sub-Saharan Africa* Samuel Agyei-Mensah, John B. Casterline, 2003

Population Studies: Key Issues and Contemporary Trends in Ghana Badasu, Delali Margaret, Kwankye, Stephen Owusu, 2014-09-01 The scope of Population Studies as a discipline has expanded beyond its traditional focus on the three components of population and their dynamics fertility mortality and migration It encompasses broader themes including reproductive health and rights gender and other social and cultural dimensions of population dynamics human development and health and climate change Population is central to development and its integration into the development planning of every country is critical This volume of the University of Ghana Readers by the Regional Institute for Population Studies RIPS provides multi disciplinary perspectives on the multi faceted nature of population studies today The volume is an essential resource on contemporary issues on population studies and offers a unique opportunity for students of population studies and others who are interested in the study of human populations to enhance their understanding of the ramifications of population dynamics on development It also has rich material on demographic research methods and provides tools for building the research capacity of academics and technocrats who are interested in population driven interventions advocacy and policy **Historical Dictionary of**

Women in Sub-Saharan Africa Kathleen Sheldon, 2016-03-04 African women s history is a vast topic that embraces a wide variety of societies in over 50 countries with different geographies social customs religions and historical situations Africa is a predominantly agricultural continent and a major factor in African agriculture is the central role of women as farmers It is estimated that between 65 and 80 percent of African women are engaged in cultivating food for their families and in the past that percentage was likely even higher Thus one common thread across much of the continent is women s daily work in their family plot This second edition of Historical Dictionary of Women in Sub Saharan Africa contains a chronology an

introduction appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on individual African women in history politics religion and the arts on important events organizations and publications and on topics important to women in general marriage fertility employment and to African women in particular market women child marriage queen mothers This book is an excellent access point for students researchers and anyone wanting to know more about the Women in Africa *Alternative Development* Cathrine Brun,Piers Blaikie,2016-03-23 This book brings together a collection of essays that discuss alternative development and its relevance for local global processes of marginalization and change in the Global South Alternative development questions who the producers of development knowledges and practices are and aims at decentring development and geographical knowledge from the Anglo American centre and the Global North It involves resistance to dominant political economic processes in order to further the possibilities for non exploitative and just forms of development By discussing how to unravel marginalization and voice change through alternative methods actors and concepts the book provides useful guidance on understanding the relationship between theory and practice The main strength of the book is that it calls for a central role for alternative development in the current development discourse most notably related to justice rights globalization forced migration conflict and climate change The book provides new ways of engaging with alternative development thinking and making development alternatives relevant *Readings in Sexualities from Africa* Rachel Spronk,Thomas Hendriks,2020-02-04 Images and stories about African sexuality abound in today s globalized media Frequently old stereotypes and popular opinion inform these stories and sex in the media is predominately approached as a problem in need of solutions and intervention The authors gathered here refuse an easy characterization of African sexuality and instead seek to understand the various erotic realities sexual practices and gendered changes taking place across the continent They present a nuanced and comprehensive overview of the field of sex and sexuality in Africa to serve as a guide though the quickly expanding literature This collection offers a set of texts that use sexuality as a prism for studying how communities coalesce against the canvas of larger political and economic contexts and how personal lives evolve therein Scholars working in Africa the U S and Europe reflect on issues of representation health and bio politics same sex relationships and identity transactional economies of sex religion and tradition and the importance of pleasure and agency This multidimensional reader provides a comprehensive view of sexuality from an African perspective

Encyclopedia of Black Studies Molefi Kete Asante,Ama Mazama,2005 In the 1960s Black Studies emerged as both an academic field and a radical new ideological paradigm Editors Molefi Kete Asante and Ama Mazama Black Studies Temple U both influential and renowned scholars have compiled an encyclopedia for students high school and beyond and general readers It presents analysis of key individuals events a Family Influence on Adolescent Sexual Behaviour in South Africa Emma Shuvai Chikovore,R. Sooryamoorthy,2024-01-11 This book explores the connection between family structure and circumstances parental engagement and adolescent sexual behavior Given that South Africa contains the highest portion of

the global HIV epidemic within a single country a comprehensive book length investigation into sometimes risky adolescent sexual behaviour is necessary Drawing from the longitudinal Cape Area Panel Study CAPS of more than 4 000 adolescents between the ages of fourteen and twenty two as well as qualitative interviews and focus group discussions with parents and adolescents this study pioneers empirical investigation of adolescent sexual behavior within the intricate framework of family dynamics in South Africa

Sharing the Burden of Sickness Jonathan Roberts,2021-11-09 In *Sharing the Burden of Sickness* Jonathan Roberts examines the history of the healing cultures in Accra Ghana When people are sick in Accra they can pursue a variety of therapeutic options West African traditional healers spiritual healers from the Islamic and Christian traditions Western clinical medicine and an open marketplace of over the counter medicine provide ample means to promote healing and preventing sickness Each of these healing cultures had a historical point of arrival in the city of Accra and Roberts tells the story of how they intertwined and how patients and healers worked together in their struggle against disease By focusing on the medical history of one place Roberts details how urban development colonization decolonization and independence brought new populations to the city where they shared their ideas about sickness and health *Sharing the Burden of Sickness* explores medical history during important periods in Accra s history Roberts not only introduces readers to a wide range of ideas about health but also charts a course for a thoroughly pluralistic culture of healing in the future especially with the spread of new epidemics of HIV AIDS and ebola

Reading Erna Brodber June E. Roberts,2006-03-30 June Roberts

explores the complicated post colonial infrastructure of Caribbean society and life as an African American through the work of Erna Brodber Brodber's novels *Jane and Louisa Will Soon Come Home* MYAL and *Louisiana* all explore various facets of the Caribbean and African American experiences and Roberts greatly adds to their value through her commentary and interpretation While she uses Erna Brodber's books organizing themes as a home base Roberts doesn't limit her work to strict criticism and analysis of the novels Instead she traces countless issues as varied as the nuances of the Caribbean psyche the importance of matriarchs traditional slave dances obeahs Santeria and other African based religious expressions as well as politics and history and the perspectives of past and present scholars of the Caribbean and African American experience Most importantly Roberts investigates how the colonial system's exploitation and dehumanization of the black people affected their spirits This text is broad enough to appeal to all enthusiasts of Caribbean and African American topics and it can especially benefit academic courses related to these topics , *Annual Report* University of Ghana,2002

Research Review ,2003 **Reproductive Change in Ghana** Samuel Agyei-Mensah,John B. Casterline,Dominic Kofi Agyeman,2005 *Annual Report* Population Council,2003 *Reports of the Executive Officers* Population Council,2004
The Journal of African Policy Studies ,2001 **Reproduction and Social Organization in Sub-Saharan Africa** Ron J. Lesthaeghe,2023-11-15 Unlike most Asian and Latin American countries sub Saharan Africa has seen both an increase in population growth rates and a weakening of traditional patterns of child spacing since the 1960s It is tempting to conclude that sub Saharan countries have simply not reached adequate levels of income education and urbanization for a fertility decline to occur This book argues however that such a socioeconomic threshold hypothesis will not provide an adequate basis for comparison These authors take the view that any reproductive regime is also anchored to a broader pattern of social organization including the prevailing modes of production rules of exchange patterns of religious systems kinship structure division of labor and gender roles They link the characteristic features of the African reproductive regime with regard to nuptiality polygyny breastfeeding postpartum abstinence sterility and child fostering to other specifically African characteristics of social organization and culture Substantial attention is paid to the heterogeneity that prevails among sub Saharan societies and considerable use is made therefore of interethnic comparisons As a result the book goes considerably beyond mere demographic description and builds bridges between demography and anthropology or sociology This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1989 **Demography: Analysis and Synthesis, Four Volume Set** Graziella Caselli,Jacques Vallin,Guillaume Wunsch,2006-01-03 This four volume collection of over 140 original chapters covers virtually everything of interest to demographers sociologists and others Over 100 authors present population subjects in ways that provoke thinking

and lead to the creation of new perspectives not just facts and equations to be memorized The articles follow a theory methods applications approach and so offer a kind of one stop shop that is well suited for students and professors who need non technical summaries such as political scientists public affairs specialists and others Unlike shorter handbooks Demography Analysis and Synthesis offers a long overdue thorough treatment of the field Choosing the analytical method that fits the data and the situation requires insights that the authors and editors of Demography Analysis and Synthesis have explored and developed This extended examination of demographic tools not only seeks to explain the analytical tools themselves but also the relationships between general population dynamics and their natural economic social political and cultural environments Limiting themselves to human populations only the authors and editors cover subjects that range from the core building blocks of population change fertility mortality and migration to the consequences of demographic changes in the biological and health fields population theories and doctrines observation systems and the teaching of demography The international perspectives brought to these subjects is vital for those who want an unbiased rounded overview of these complex multifaceted subjects Topics to be covered Population Dynamics and the Relationship Between Population Growth and Structure The Determinants of Fertility The Determinants of Mortality The Determinants of Migration Historical and Geographical Determinants of Population The Effects of Population on Health Economics Culture and the Environment Population Policies Data Collection Methods and Teaching about Population Studies All chapters share a common format Each chapter features several cross references to other chapters Tables charts and other non text features are widespread Each chapter contains at least 30 bibliographic citations
