**The New Republic** Herbert David Croly,1928      **The Republic of Plato** Plato,1929      **The Republic of Plato, Edited with Critical Notes, Commentary and Appendices. Second Edition. Volume Ii. Books Vi-x and Indexes. ,**

The Republic of Plato: Books VI-X and indexes Plato,1902      Averroes on Plato's "Republic" Averroes,2014-08-21 In one fashion or another the question with which this introduction begins is a question for every serious reader of Plato's Republic Of what use is this philosophy to me Averroes clearly finds that the Republic speaks to his own time and to his own situation Perhaps the greatest use he makes of the Republic is to understand better the shari'a itself It is fair to say that in deciding to paraphrase the Republic Averroes is asserting that his world the world defined and governed by the Koran can profit from Plato's instruction from Ralph Lerner's Introduction An indispensable primary source in medieval political philosophy is presented here in a fully annotated translation of the celebrated discussion of the Republic by the twelfth century Andalusian Muslim philosopher Abu l Walid Muhammad Ibn Ahmad Ibn Rushd also known by his Latinized name Averroes This work played a major role in both the transmission and the adaptation of the Platonic tradition in the West In a closely argued critical introduction Ralph Lerner addresses several of the most important problems raised by the work      **The Organization of the Pyramid Texts (2 vol. set)** Harold M. Hays,2012-06-08 The ancient Egyptian Pyramid Texts form the oldest body of religious texts in the world This book wedges traditional philology to linguistic anthropology to associate them with two spheres of ritual action mortuary cult and personal preparation for the afterlife      **Plato's Second Republic** André Laks,2025-09-23 An argument for why Plato's Laws can be considered his most important political dialogue In Plato's Second Republic Andr Laks argues that the Laws Plato's last and longest dialogue is also his most important political work surpassing the Republic in historical relevance Laks offers a thorough reappraisal of this less renowned text and examines how it provides a critical foundation for the principles of lawmaking In doing so he makes clear the tremendous impact the Laws had not only on political philosophy but also on modern political history Laks shows how the four central ideas in the Laws the corruptibility of unchecked power the rule of law a middle constitution and the political necessity of legislative preambles are articulated within an intricate and masterful literary architecture He reveals how the work develops a theological conception of law anchored in political ideas about a god divine reason that is the measure of political order Laks's reading opens a complex analysis of the relationships between rulers and citizens their roles in a political system the power of reason and persuasion as opposed to force in commanding obedience and the place of freedom Plato's Second Republic presents a sophisticated reevaluation of a philosophical work that has exerted an enormous if often hidden influence even into the present day      *The Nation* ,1916      **Mythos and Logos** ,2021-12-28 This book contains fifteen essays all seeking to regain the original meaning of philosophy as the love of wisdom Mythos and Logos are two essential aspects of a quest that began with the ancient Greeks As concepts fundamental to human experience Mythos and Logos continue to guide the

search for truth in the twenty first century      Catalogue of the ... library of ... dr. Hawtrey ... which will be sold by auction,1862      **Plato's Dialogues One by One** Victorino Tejera,1999-05-13 Plato s Dialogues One by One interprets and contextualizes each of Plato s dialogues Victorino Tejera analyzes and explains the content and intellectual quality of the dialogues highlighting their dramatic aliveness and historico political allusiveness He treats each dialogue according to its own integrity not imposing any system outside of their individual composition and with an even handedness that does not place too much emphasis on any aspect or neglect any included concept With this approach Tejera seeks to free Plato from the constraints constructed by Academia and to treat him as the open minded intellectual son of Socrates releasing the free flying swan that in the myth became the home of the soul of the master      **The Dial** ,1916      A Bibliographic Guide to the Comparative Study of Ethics John Braisted Carman,Mark Juergensmeyer,William Darrow,1991-04-26 This bibliography is the culmination of four years work by a team of noted scholars its annotated entries are organised by religious tradition and cover each tradition s central concepts offering a judicious selection of primary and secondary works as well as recommendations of cross cultural topics to be explored Specialists in the history and literature of religions and comparative religion will find this bibliography a valuable research tool      *The Independent* Leonard Bacon,Joseph Parrish Thompson,Richard Salter Storrs,Joshua Leavitt,Henry Ward Beecher,Theodore Tilton,Henry Chandler Bowen,William Hayes Ward,Hamilton Holt,Fabian Franklin,Harold de Wolf Fuller,Christian Archibald Herter,1916      A catalogue of Hookham's circulating library Hookham's library,1829      *List of Books Forming the Reference in the Reading Room of the British Museum* British museum,1910      **Iter Italicum: en 2 vol. : (Alia itinera 1) : Australia to Germany** ,1963      *List of Books Forming the Reference Library in the Reading Room of the British Museum* British Museum. Department of Printed Books,1910      The Act of Incorporation and Bye Laws of the Belfast Academical Institution Royal Belfast Academical Institution,1815      Plato's Styles and Characters Gabriele Cornelli,2015-11-27 The significance of Plato s literary style to the content of his ideas is perhaps one of the central problems in the study of Plato and Ancient Philosophy as a whole As Samuel Scolnicov points out in this collection many other philosophers have employed literary techniques to express their ideas just as many literary authors have exemplified philosophical ideas in their narratives but for no other philosopher does the mode of expression play such a vital role in their thought as it does for Plato And yet even after two thousand years there is still no consensus about why Plato expresses his ideas in this distinctive style Selected from the first Latin American Area meeting of the International Plato Society [www.platosociety.org](http://www.platosociety.org) in Brazil in 2012 the following collection of essays presents some of the most recent scholarship from around the world on the wide range of issues related to Plato s dialogue form The essays can be divided into three categories The first addresses general questions concerning Plato s literary style The second concerns the relation of his style to other genres and traditions in Ancient Greece And the third examines Plato s characters and his purpose in using them
