## **Republican Party 1854 1966 2nd Edition:**

**The Republican Party, 1854-1966. Second Edition** George Hillman MAYER, 1967      **The Origins of the Republican Party, 1852-1856** William E. Gienapp Professor of History Harvard University, 1987-06-04 The 1850s saw in America the breakdown of the Jacksonian party system in the North and the emergence of a new sectional party the Republicans that succeeded the Whigs in the nation's two party system This monumental work uses demographic voting and other statistical analysis as well as the more traditional methods and sources of political history to trace the realignment of American politics in the 1850s and the birth of the Republican party Gienapp powerfully demonstrates that the organization of the Republican party was a difficult complex and lengthy process and explains why even after an inauspicious beginning it ultimately became a potent political force The study also reveals the crucial role of ethnocultural factors in the collapse of the second party system and thoroughly analyzes the struggle between nativism and antislavery for political dominance in the North The volume concludes with the decisive triumph of the Republican party over the rival American party in the 1856 presidential election Far reaching in scope yet detailed in analysis this is the definitive work on the formation of the Republican party in antebellum America      The Republican Party 1854-1966. 2. Edition George H. Mayer, 1967      *The Republican Party of Texas* Wayne Thorburn, 2021-06-01 The former executive director of the Texas GOP offers a granular blow by blow account of his party from Reconstruction to the 21st century Publishers Weekly On July 4 1867 a group of men assembled in Houston to establish the Republican Party of Texas Combatting entrenched statewide support for the Democratic Party and their own internal divisions Republicans struggled to gain a foothold in the Lone Star State which had sided with the Confederacy and aligned with the Democratic platform In *The Republican Party of Texas* Wayne Thorburn chronicles more than 150 years of the defeats and victories of the party that became the dominant political force in Texas in the modern era Thorburn documents the organizational structure of the Texas GOP drawing attention to prominent names such as Harry Wurzbach and George W Bush alongside lesser known community leaders who bolstered local support The 1960s and 1970s proved a watershed era for Texas Republicans as they elected the first Republican governor and more state senators and congressional representatives than ever before From decisions about candidates and shifting allegiances and political stances to race based divisions and strategic cooperation with leaders in the Democratic Party Thorburn unearths the development of the GOP in Texas to understand the unique Texan conservatism that prevails today      The Republican Right since 1945 David W. Reinhard, 2021-10-21 In 1981 a Right Wing Republican at long last resided in the White House presiding over what may prove to be the most fundamental restructuring of American political life since the days of Franklin D Roosevelt Fortunately *The Republican Right since 1945* now provides us with the necessary historical understanding of conservative Republicans David Reinhard's dispassionate yet lively book recounts the Republican Right's political struggles from the death of FDR in 1945 to the inauguration of Ronald Reagan Younger readers will discover that Right Wing

Republicans are older than Ronald Reagan or Barry Goldwater and that some conservative Republicans once feared the overextension of American power abroad and the rise of the garrison state at home Those old enough to remember when the Republican Right was called the Old Guard will rediscover the events and personalities of those earlier years thanks to Reinhard's use of more than thirty five manuscript collections and the most recent historical writing Not content to let this history end where traditional manuscript sources run thin Reinhard has brought the story of the Republican Right Wing forward to President Ronald Reagan's inauguration placing Right Wing Republican reaction to the Johnson and the Nixon Ford years within the context of the earlier period and chronicling the electoral triumph of Ronald Reagan and the Republican Right Students of the past and observers of the present will appreciate Reinhard's treatment of the always troubled Nixon Republican Right association challenger Ronald Reagan's battle against President Gerald Ford in 1976 the decline of GOP moderation and the rise of the New Right Moral Majority forces and their relationship to the now ascendant Republican Right Reinhard illuminates the conservative Republican past and thereby makes the current political scene more understandable Thoroughly researched and brilliantly written *The Republican Right since 1945* will fascinate scholars and general readers alike FDR, Dewey, and the Election of 1944 David M. Jordan, 2011-09-02 A lucid highly engrossing account of a fateful but little chronicled episode in American presidential politics featuring a large cast of personalities Richard Kluger Pulitzer Prize winning author of *Simple Justice* Although the presidential election of 1944 placed FDR in the White House for an unprecedented fourth term historical memory of the election itself has been overshadowed by the war Roosevelt's health and his death the following April Truman's ascendancy and the decision to drop the atomic bomb Today most people assume that FDR's reelection was assured Yet as David M Jordan's engrossing account reveals neither the outcome of the campaign nor even the choice of candidates was assured Just a week before Election Day pollster George Gallup thought a small shift in votes in a few key states would award the election to Thomas E Dewey Though the Democrats urged voters not to change horses in midstream the Republicans countered that the war would be won quicker with Dewey and Bricker With its insider tales and accounts of party politics and campaigning for votes in the shadow of war and an uncertain future FDR Dewey and the Election of 1944 deserves a place alongside Theodore White's histories of how high and low character fierce ambition and dumb luck play their part in the nation's choice of its chief executive Richard Kluger Jordan tells the story of the 1944 presidential election and he tells it very well a clearly written well researched narrative *Journal of American History* *The Presidency and the Political System* Michael Nelson, 2018-03-08 Written by top notch presidency scholars and carefully edited into a text reader format *The Presidency and the Political System* Eleventh Edition showcases a collection of original essays focused on a range of topics institutions and issues relevant to understanding the American presidency Author Michael Nelson rigorously edits each contribution to present students with a set of analytical yet accessible chapters and contextual headnotes introducing each essay You will read about different approaches to

studying the presidency the elements of presidential power presidential selection presidents and politics and presidents and government New to the Eleventh Edition A new chapter focused on the Trump administration Chapter 10 discusses major shifts represented by the new administration especially in regards to the president's relationship with the media New coverage of Obama's second term enables you to compare and contrast Obama's two presidential terms as well as better understand how the similarities and differences of Obama's approach compared to his predecessors Revised time tested essays reflect current scholarship that explores the themes of modern presidential power and effectiveness The American Political Economy Marc Allen Eisner, 2013-12-17 Policy debates are often grounded within the conceptual confines of a state market dichotomy as though the two existed in complete isolation In this innovative text Marc Allen Eisner portrays the state and the market as inextricably linked exploring the variety of institutions subsumed by the market and the role that the state plays in creating the institutional foundations of economic activity Through a historical approach Eisner situates the study of American political economy within a larger evolutionary institutional framework that integrates perspectives in American political development and economic sociology This volume provides a rich understanding of the complexity of U S economic policy explaining how public policies become embedded in bureaucracy and reinforced by organized beneficiaries and public expectations This path dependent layering process helps students better understand the underlying historical dynamics which provide a clearer sense of the constraints faced by policymakers now and in the future The revisions to the second edition include Complete rewrite of the chapter on the recent financial crisis adding in commentary on the debt ceiling the fiscal cliff and other recent events New material added and existing material updated in the chapter discussing the two welfare states Extensive updates to the coverage of the global economy Expanded and updated discussion of Obama's economic policies Updates to figures and data throughout the text Presidential Elections Nelson W. Polsby, 2012 Using data and examples from the 2008 election and laced with previews of 2012 this text offers an overview of the presidential election process from the earliest straw polls and fundraisers to final voter turnout and exit interviews The coverage includes campaign strategy the sequence of electoral events and the issues all from the perspective of the various actors in the election process voters interest groups political parties the media and the candidates themselves **The Republican Party and American Politics from Hoover to Reagan** Robert Mason, 2011-11-21 During a long period of the twentieth century stretching from the Great Depression until the Reagan years defeat generally characterized the electoral record of the Republican party Although Republicans sometimes secured victory in presidential contests a majority of Americans identified with the Democratic party not the GOP This book investigates how Republicans tackled the problem of their party's minority status and why their efforts to boost GOP fortunes usually ended in failure At the heart of the Republicans minority puzzle was the profound and persistent popularity of New Deal liberalism This puzzle was stubbornly resistant to solution Efforts to develop a Republican version of government activism met little success Only the Democratic party's decline eventually

created opportunities for Republican resurgence This book is the first to offer a wide ranging analysis of the topic which is of central importance to any understanding of modern US political history      **Jockeying for the American Presidency** Lara M. Brown,2010 This book will compel scholars to take a new look at the role of political opportunism in the presidential selection process Lara Brown provides a fresh innovative exploration of the roots of opportunism one that challenges conventional wisdom as it advances our understanding of this complex topic Michael A Genovese Loyola Marymount University      **Fanny & Joshua** Diane Monroe Smith,2013-04-16 The intimate history of Civil War hero Joshua Lawrence Chamberlain and his wife Frances Caroline Adams      **Dubious Victory** Robert D. Sawrey,2021-12-14 To the victors belong the spoils is a time honored cliché When in 1865 northern armies defeated the greatest challenge ever posed to the Union issues of spoils and peace terms dominated public debate But precisely what did the victorious North want from the Reconstruction process Historians generally have shown far less interest in northern goals than in what terms southerners were willing to accept Robert Sawrey now seeks to redress the balance by examining the post Civil War attitudes of a representative northern state Ohio Sawrey s probing study explores precisely what the key issues were for politically active Ohioans and what they sought in a Reconstruction policy Through extensive research in contemporary newspapers manuscripts legislative debates and diaries he offers the most complete picture ever presented of northern attitudes on the two crucial issues of Reconstruction the terms of readmission and the fate of the former slaves Ohioans struggle to find an equation for restoring a Union that now included nearly four million free blacks was complicated he finds by their prejudices and their belief in white superiority Because they regarded the planter conspiracy as a primary cause of the war they sought to assure future peace through control of the planters a position that compelled them to advocate basic rights for ex slaves At the same time they continued to support white supremacy throughout the nation To reconcile these contradictory positions was a daunting task Yet by 1870 Sawrey finds most politically involved Ohioans believed Reconstruction had secured their basic goals Dubious Victory offers a fresh approach to understanding the limits of what was achievable during Reconstruction It also explains why the achievements of the period now seem to have been so limited      Eisenhower and the American Crusades Herbert S. Parmet,2019-08-08 Herbert S Parmet s Eisenhower and the American Crusades is a major assessment of the American presidency during the critical period of America at mid century The book follows the career of General Dwight D Eisenhower from 1952 when he decided to leave his NATO command to campaign for the presidency to his retirement at Gettysburg nearly nine years later His entry into politics was well timed A mood of conservatism was sweeping the country surveys indicated that the majority of Americans felt it was time for a change from two decades of executive control by those who had permitted events to get out of hand Parmet based his study of the Eisenhower years on massive research conversations with leading figures of the era and previously unreleased documents This wealth of material has enabled him to provide answers to questions frequently asked about the thirty fourth president Was Eisenhower the kind

fatherly man millions grew up to love on their television or was this an image created by a shrewd politician who knew what the country needed in a trying time Did he choose Richard Nixon as a running mate or was Nixon forced upon him by political necessities Was the president intimidated by the appearance of power of Joseph McCarthy and did the Army McCarthy hearings influence Eisenhower's decision to involve the United States in Vietnam Was Eisenhower concerned with the lack of progress in civil rights Was he the right man for the right time in history or was he merely postponing the major crises of the 1960s Parmet offers a convincing refutation of the idea of the Eisenhower years as being placid or boring No years that contained McCarthy and McCarthyism a war in Korea constant fears of nuclear annihilation and spreading racial violence could be so described For Parmet Eisenhower was a stabilizing force in a time of conflict He may not have been a political genius but he knew perhaps better than anyone else around him exactly what the people wanted and how they wanted it

*Conservatism and American Political Development* Brian J. Glenn, Steven M. Teles, 2009-02-26 American political development APD is a core subfield in American political science and focuses on political and policy history For a variety of reasons most of the focus in the twentieth century APD has been on liberal policymaking Yet since the 1970s conservatives have gradually assumed control over numerous federal policymaking institutions This edited book will be the first to offer a comprehensive overview of the impact of conservatism on twentieth century American political development locating its origins in the New Deal and then focusing on how conservatives acted within government once they began to achieve power in the late 1960s The book is divided into three eras and in each it focuses on three core issues social security the environment and education Throughout the authors emphasize the ironic role of conservatism in the expansion of the American state Scholars of the state have long focuses on liberalism because liberals were the architects of state expansion However as conservatives increased their presence in the federal apparatus they were frequently co-opted into maintaining or even expanding public fiscal and regulatory power At times conservatives also came to accept the existence of the liberal state but attempted to use it to achieve conservative policy ends Despite conservatives power in the US politics and governance the American state remains gargantuan As *Conservatism and American Political Development* shows the new right has not only helped shape the state but has been shaped by it as well

Borderland Blacks dann j Broyld, 2022-05-25 Winner of the OHS Fred Landon Award In the early nineteenth century Rochester New York and St Catharines Canada West were the last stops on the Niagara branch of the Underground Railroad Both cities handled substantial fugitive slave traffic and were logical destinations for the settlement of runaways because of their progressive stance on social issues including abolition of slavery women's rights and temperance Moreover these urban centers were home to sizable free Black communities as well as an array of individuals engaged in the abolitionist movement such as Frederick Douglass Harriet Tubman Anthony Burns and Hiram Wilson dann j Broyld's *Borderland Blacks* explores the status and struggles of transient Blacks within this dynamic zone where the cultures and interests of the United States Canada Great Britain and the African

Diaspora overlapped Blacks in the two cities shared newspapers annual celebrations religious organizations and kinship and friendship ties Too often historians have focused on the one way flow of fugitives on the Underground Railroad from America to Canada when in fact the situation on the ground was far more fluid involving two way movement and social collaborations Black residents possessed transnational identities and strategically positioned themselves near the American Canadian border where immigration and interaction occurred Borderland Blacks reveals that physical separation via formalized national barriers did not sever concepts of psychological memory or restrict social ties Broyld investigates how the times and terms of emancipation affected Blacks on each side of the border including their use of political agency to pit the United States and British Canada against one another for the best possible outcomes

### **Reader's Guide to American History**

Peter J. Parish,2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader s Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history
