Republican Rome The Army And The Allies:

Republican Rome Emilio Gabba, 2023-07-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1976 **Esercito E Società Nella Tarda**

Repubblica Romana Emilio Gabba, 1976-01-01 Republican Rome, the army and the allies (Esercito e Società nella tarda repubblica romana, engl.) Transl. by P. J. Cuff Emilio Gabba, 1976 The Republican Roman Army Michael M.

Sage, 2013-01-11 The Republican Roman Army assembles a wide range of source material and introduces the latest scholarship on the evolution of the Roman Army and the Roman experience of war The author has carefully selected and translated key texts many of them not previously available in English and provided them with comprehensive commentaries and essays This wide ranging survey of documents recreates the social and historical framework in which ancient Roman warfare took place from the Archaic and Servian period through to the Late Republic The topics addressed extend beyond the conventional questions of army mechanics such as strategy and tactics and explore questions such as the army's influence on Roman society and its economy Complete with notes index and bibliography The Republican Roman Army provides students of Ancient and Military History with an unprecedented survey of relevant materials *The Cavalry of the Roman Republic* Jeremiah B. McCall, 2005-06-29 In this original and revealing work Jeremiah B McCall challenges the generally accepted view of the Roman cavalry and explores the fundamental connections between war and society in republican Rome c 300 100 BC McCall describes the citizen cavalry's equipment tactics and motivation in battle and argues for its effectiveness in the field This success is proof that it cannot finally have been disbanded for purely military reasons he shows that victories in the law courts and lavish displays of wealth came to supersede cavalry service as a way of building the reputations of the Roman elite The clear structure and fresh approach of the book combining insights from both Roman military and social history will be useful to readers at all levels of study *Warlords of Republican Rome* Dr Nic Fields, 2008-10-16 The war between Caesar and Pompey was one of the defining moments in Roman history The clash between these great generals gripped the attention of their contemporaries and it has fascinated historians ever since These powerful men were among the dominant personalities of their age and their struggle for supremacy divided Rome In this original and perceptive study Nic Fields explores the complex often brutal world of Roman politics and the lethal rivalry of Caesar and Pompey that grew out of it He reconsiders them as individuals and politicians and above all as soldiers His highly readable account of this contest for power gives a vivid insight into the rise and fall of two of the greatest warlords of the ancient world *The Cambridge Companion to the Roman Republic* Harriet I. Flower, 2004-01-19 Publisher Description

The Army of the Roman Republic Michael Sage, 2016-03-30 From the moment its last king was expelled traditionally

in 753 the Roman republic had to fight for its very survival Centuries of almost continuous warfare saw Rome's armies evolve in response to a wide variety of threats which were met with mixed fortunes though always with ultimate success As defence of the homeland turned to territorial expansion Roman forces also had to adapt to sustained campaigns in varied terrain and climates not to mention the changes in the Roman republic itself Michael Sage traces the development of the republic's army from its foundation having first set the context of their regal antecedents down to the time of its most famous leader Julius Caesar The transition from clan based forces through the Servian levy and the development of the manipular and cohortal legion is examined along with the associated weapons tactics and operational capabilities We see how the legions shaped up against the challenges of successive enemies from the Celts and Samnites the Carthaginians and the hitherto dominant Hellenistic armies based on the Macedonian style pike phalanx

Exploring the Mid-Republican Origins of Roman

Military Administration Elizabeth H. Pearson, 2021-03-22 This volume demonstrates the development of Roman military bureaucracy during the Middle Republic expanding on recent research to examine these administrative systems that made possible Rome's expansion in this period Bringing together literary works epigraphy archaeology topography and demography the study reveals a complex and well structured bureaucratic system developing in parallel with the army during the Middle Republic propelled in no small part by the stresses of the Hannibalic War Not only the contents of documents but the physical objects individuals and spaces are discussed to re create the administrative processes in maximum detail Exploring the Mid Republican Origins of Roman Military Administration provides an invaluable resource for students and scholars of Rome's military and administrative history as well as anyone working on the Republican period

Professional Journal of the United States Army , 1977-07 *A Companion to the Roman Army* Paul Erdkamp, 2010-12-13

This companion provides an extensive account of the Roman army exploring its role in Roman politics and society as well as the reasons for its effectiveness as a fighting force An extensive account of the Roman army from its beginnings to its transformation in the later Roman Empire Examines the army as a military machine its recruitment training organization tactics and weaponry Explores the relationship of the army to Roman politics economics and society more broadly Considers the geography and climate of the lands in which the Romans fought Each chapter is written by a leading expert in a particular subfield and takes account of the latest scholarly and archaeological research in that area *HABES ; 31* Eric Birley, Géza Alföldy, Brian Dobson, Werner Eck, 2000 A collection of 25 international papers dedicated to Eric Birley on the subject of his principal interest the Roman army The essays focus on hierarchy and rank within the army and its position within the social and political structure of the empire The book begins with a discussion of the valued contribution of seasoned volunteers and middle ranking officers and an assessment of the possibilities for reward and social position on retirement Other subjects include inexperienced officers senator generals military service and Principilaires The book finally assesses the contribution of the Roman army to the societies of Rome Spain Gaul Germania Dalmatia Moesia Superior and

Egypt The meticulously detailed essays vary from broad discussions of the army as a whole to specific studies of individuals drawn from all ranks Contributors include Lukas de Blois David J Breeze Anthony R Birley Michael Redd Yann le Bohec John J Wilkes Michael P Speidel and Fritz Mitthof English German French Italian text The Military Decorations of the Roman Army Valerie A. Maxfield,1981-01-01 *The Army of the Roman Republic* Mike Dobson,2007-02-08 The main source of archaeological evidence for Late Roman Republican camps is a complex of installations around the Iberian city of Numantia in Spain excavated by Adolf Schulten in the early 1900s This book reassesses Schulten and concludes that much of his interpretation is questionable Radically different alternative reconstructions making use of recent fieldwork are presented for several of the sites A discussion of dating evidence leads to alternative dates being offered for some of the camps To aid interpreting the sites army organisation and art of encampment for the period of the Numantine Wars is discussed This study gives added importance to the sites at Numantia for they not only form the main source of archaeological evidence for Late Republican camps but provide evidence for the form of camp for both the late manipular army and the early cohort one

Societies and Military Power Stephen Peter Rosen,2019-05-15 A work with broad implications for theories of comparative strategic behavior and civil military relations Societies and Military Power uses the long history of the armies of India as a basis for analyzing whether the character of a given society affects the amount of military power that can be generated by the armies that emerge from that society By examining the changing relationship between ruling elites in the Indian subcontinent and their armed forces the book shows that divisions within society are mirrored within the military even within the contemporary professional military Stephen Peter Rosen explores the proposition that cultural explanations don't sufficiently account for changes in military power whereas social structure does He suggests also that the dynamics of civil military relations in a non Western setting are not explicable without social structural insight He concludes that the comparative study of strategic behavior and military organization has lacked a sound foundation which the social structural explanation offered in this book begins to provide

Rome at War Nathan Rosenstein,2005-12-15 Historians have long asserted that during and after the Hannibalic War the Roman Republic's need to conscript men for long term military service helped bring about the demise of Italy's small farms and that the misery of impoverished citizens then became fuel for the social and political conflagrations of the late republic Nathan Rosenstein challenges this claim showing how Rome reconciled the needs of war and agriculture throughout the middle republic The key Rosenstein argues lies in recognizing the critical role of family formation By analyzing models of families needs for agricultural labor over their life cycles he shows that families often had a surplus of manpower to meet the demands of military conscription Did then Roman imperialism play any role in the social crisis of the later second century B C Rosenstein argues that Roman warfare had critical demographic consequences that have gone unrecognized by previous historians heavy military mortality paradoxically helped sustain a dramatic increase in the birthrate ultimately leading to overpopulation and landlessness *The Cimbrian War 113-101 BC*

Nic Fields,2023-08-17 A gripping illustrated narrative of the Cimbrian or Cimbric War in which the armies of the Roman Republic finally defeated the Germanic tribes of the Cimbri Teutons Ambrons and Tigurini Rome's victory in the Cimbrian War was born of a number of huge and devastating defeats at the hands of the Germanic tribes chiefly the Cimbri and Teutones who had migrated en masse southwards in the late 2nd century BC These included the defeat in 113 BC of the consul Cnaeus Papirius Carbo at Noreia the smashing of Marcus Iunius Silanus' army near Burdigala Bourdeaux in 109 BC and the humiliating destruction of two consular armies at Arausio Orange four years later This work explores how in the autumn of 105 BC Caius Marius managed to contain the Germanic threat in the north before crushing it in two successful battles at Aquae Sextiae Aix en Provence in Gallia Transalpina in 102 BC and at Vercellae Vercelli in Gallia Cisalpina in 101 BC Packed with stunning illustrations covering the major clashes of this epic and drawn out war of the late Republic this work brings to life for the first time Rome's vital quashing of the Germanic threat to its very existence It also documents the rise of Marius one of Rome's most important martial figures who was highly significant in the transformation of its armed forces

Killing for the Republic Steele Brand,2019-09-10 How Rome's citizen soldiers conquered the world and why this militaristic ideal still has a place in America today For who is so worthless or indolent as not to wish to know by what means and under what system of polity the Romans succeeded in subjecting nearly the whole inhabited world to their sole government a thing unique in history Polybius The year 146 BC marked the brutal end to the Roman Republic's 118 year struggle for the western Mediterranean Breaching the walls of their great enemy Carthage Roman troops slaughtered countless citizens enslaved those who survived and leveled the 700 year old city That same year in the east Rome destroyed Corinth and subdued Greece Over little more than a century Rome's triumphant armies of citizen soldiers had shocked the world by conquering all of its neighbors How did armies made up of citizen soldiers manage to pull off such a major triumph And what made the republic so powerful In *Killing for the Republic* Steele Brand explains how Rome transformed average farmers into ambitious killers capable of conquering the entire Mediterranean Rome instilled something violent and vicious in its soldiers making them more effective than other empire builders Unlike the Assyrians Persians and Macedonians it fought with part timers Examining the relationship between the republican spirit and the citizen soldier Brand argues that Roman republican values and institutions prepared common men for the rigors and horrors of war Brand reconstructs five separate battles representative moments in Rome's constitutional and cultural evolution that saw its citizen soldiers encounter the best warriors of the day from marauding Gauls and the Alps crossing Hannibal to the heirs of Alexander the Great A sweeping political and cultural history *Killing for the Republic* closes with a compelling argument in favor of resurrecting the citizen soldier ideal in modern America

The Cambridge Illustrated History of Warfare Geoffrey Parker,2008-09-29 Now available in a revised and updated version The Cambridge Illustrated History of Warfare provides a unique account of Western warfare from antiquity to the present day The book treats the history of all aspects of the subject

the development of warfare on land sea and air weapons and technology strategy and defence discipline and intelligence mercenaries and standing armies cavalry and infantry chivalry and Blitzkrieg guerilla assault and nuclear arsenals It places in context particular key events in the history of armed engagement from the Greek victory at Marathon through the introduction of gunpowder in medieval England and France to the jungle warfare of Vietnam and the strategic air attacks of the Gulf War Throughout there is an emphasis on the socio economic aspects of military progress who pays for it how can its returns be measured and to what extent does it explain the rise of the West to global dominance over two millennia The Roman Imperial Army of the First and Second Centuries A.D. Graham Webster,1998 This classic work of scholarship scrutinizes all aspects of Roman military forces throughout the Roman Empire in Europe North Africa and the Near and Middle East Graham Webster describes the Roman army s composition frontier systems camps and forts activities in the field including battle tactics signaling and medical services and peacetime duties as well as the army s overall influence in the Empire First published in 1969 the work is corrected and expanded in this third edition which includes new information from excavations and the finding of contemporary scholars Hugh Elton provides an introduction surveying scholarship on the Roman army since the last edition of 1985

This is likewise one of the factors by obtaining the soft documents of this **Republican Rome The Army And The Allies** by online.
