Rereading Power And Freedom In Js Mill:

Rereading Power and Freedom in J.S. Mill Bruce David Baum, 2000-01-01 Baum recovers lost dimensions of Mill s thought and in so doing contributes to a critical sociology of freedom for our our time like workers co operatives women s Mill on Civilization and Barbarism Michael Levin, Mill's contributions in many disciplines are highly regarded by scholars but the author argues that what has been relatively ignored was his commitment to societal development The author situates his achievements alongside contemporaries like Comte Marx and Toqueville **Reforming Liberalism** Robert Devigne, 2008-10-01 In Reforming Liberalism Robert Devigne challenges prevailing interpretations of the political and moral thought of John Stuart Mill and the theoretical underpinnings of modern liberal philosophy He explains how Mill drew from ancient and romantic thought as well as past religious practices to reconcile conflicts and antinomies liberty and virtue self interest and morality equality and human excellence that were hobbling traditional liberalism The book shows that Mill regarded as a seminal writer in the liberal tradition critiques liberalism s weaknesses with a forcefulness usually associated with its well known critics Devigne explores Mill's writings to demonstrate how his thought has been misconstrued as well as oversimplified to the detriment of our understanding of liberalism itself The Liberalism Trap Menaka Philips, 2023 In The Liberalism Trap Menaka Philips identifies a methodological problem in contemporary political theory preoccupations with liberalism have come to dominate the study of politics To evaluate the effects of such preoccupations Philips turns to John Stuart Mill the so called paradigmatic liberal She shows not only that Mill's famed liberal status is habitually substituted for his political arguments but also that this substitution obscures the role of uncertainty in Mill's political thought Across his writings on women's emancipation class reform and British Empire Philips recovers the uncertain strategies that inform Mill s politics offering an innovative account that sets into relief the limits of reading through liberalism Liberalism, Diversity and Domination Inder S. Marwah, 2019-05-23 This study addresses the complex and often fractious relationship between liberal political theory and difference by examining how distinctive liberalisms respond to human diversity Drawing on published and unpublished writings private correspondence and lecture notes the study offers comprehensive reconstructions of Immanuel Kant s and John Stuart Mill s treatment of racial cultural gender based and class based difference to understand how two leading figures reacted to pluralism and what contemporary readers might draw from them The book mounts a qualified defence of Millian liberalism against Kantianism s predominance in contemporary liberal political philosophy and resists liberalism s implicit association with imperialist domination by showing different divergent responses to diversity Here are two distinctive liberal visions of moral and political life Mill and Paternalism Gregory Claeys, 2013-05-09 Many discussions of J S Mill's concept of liberty focus too narrowly on On Liberty and fail to acknowledge that his treatment of related issues elsewhere may modify its leading doctrines Mill and Paternalism demonstrates how a contextual reading suggests that in Principles of Political Economy and also his writings on Ireland India and on domestic

issues like land reform Mill proposed a substantially more interventionist account of the state than On Liberty seems to imply This helps to explain Mill's sympathies for socialism after 1848 as well as his Malthusianism and feminism which in conjunction with Harriet Taylor's views are central to his later discussions of the family and marriage Feminism indeed is shown to provide the answer to the problem which most agitated Mill overpopulation Thus Gregory Claeys sheds new lights on many of Mill's overarching preoccupations including the theory of liberty at the heart of On Liberty and the Politics of Freedom Bruce David Baum, Robert Nichols, 2013 Since his death in 1997 Isaiah Berlin s writings have generated continual interest among scholars and educated readers especially in regard to his ideas about liberalism value pluralism and positive and negative liberty Most books on Berlin have examined his general political theory but this volume uses a contemporary perspective to focus specifically on his ideas about freedom and liberty Isaiah Berlin and the Politics of Freedom brings together an integrated collection of essays by noted and emerging political theorists that commemorate in a critical spirit the recent 50th anniversary of Isaiah Berlin's famous lecture and essay Two Concepts of Liberty The contributors use Berlin's essay as an occasion to rethink the larger politics of freedom from a twenty first century standpoint bringing Berlin's ideas into conversation with current political problems and perspectives rooted in postcolonial theory feminist theory democratic theory and critical social theory. The editors begin by surveying the influence of Berlin's essay and the range of debates about freedom that it has inspired Contributors chapters then offer various analyses such as competing ways to contextualize Berlin's essay how to reconsider Berlin's ideas in light of struggles over national self determination European colonialism and racism and how to view Berlin's controversial distinction between so called negative liberty and positive liberty By relating Berlin's thinking about freedom to competing contemporary views of the politics of freedom this book will be significant for both scholars of Berlin as well as people who are interested in larger debates about the meaning and conditions of freedom Contesting Conformity Jennie Choi Ikuta, 2020 Non conformity in American public life Countering conformity through intellectual freedom in Tocqueville's Democracy in America Contesting conformity through individuality in Mill's On liberty Refusing conformity through creativity in Nietzsche Modern Power and Free Speech Chris Demaske, 2011-01-01 Modern Power and Free Speech takes a socio political approach to question the application of the First Amendment in cases dealing with the speech rights of disempowered groups Combining legal analysis First Amendment theory feminist theory and political theory Chris Demaske addresses the inadequacies of current free speech doctrine

Mill's The Subjection of Women Maria H. Morales,2005-01-17 John Stuart Mill's The Subjection of Women is a landmark work both in the long history of women's struggles for political legal economic and personal equality and in the shorter history of rigorous intellectual analyses of women's subordination One of the lasting legacies of Mill's The Subjection of Women is its careful argument for the need for justice at both the public and the private levels which requires changes at the domestic level that are as radical in the 21st century as they were in the 19th The essays collected in this critical edition

represent a variety of interpretations both of the kind of feminism Mill represents and of the specific arguments he offers in The Subjection of Women including their lexical ordering and relative merit Each selection is preceded by a brief and useful summary of the author's position intended to assist readers encountering the material for the first time Donner, Richard Fumerton, 2009-02-11 John Stuart Mill investigates the central elements of the 19th century philosopher's most profound and influential works from On Liberty to Utilitarianism and The Subjection of Women Through close analysis of his primary works it reveals the very heart of the thinker's ideas and examines them in the context of utilitarianism liberalism and the British empiricism prevalent in Mill's day Presents an analysis of the full range of Mill's primary writings getting to the core of the philosopher's ideas Examines the central elements of Mill's writings in easily accessible prose Places Mill's work and thought within the larger cultural and social context of 19th century Britain Illustrates the continued relevance of Mill's philosophy to today s reader **Bottlenecks** Joseph Fishkin, 2014 Bottlenecks introduces a powerful new way of understanding equal opportunity Rather than literal equalization Joseph Fishkin argues that Americans ought to aim to broaden the range of opportunities open to people at every stage in life to pursue different paths This approach has significant implications for public policy and antidiscrimination law **Government by Dissent** Robert W.T. Martin, 2013-07-01 The most thorough examination we have of how early Americans wrestled with what types of political dissent should be permitted even promoted in the new republic they were forming Martin shows the modern relevance of their debates in ways that all will find valuable even those who dissent from his views Rogers M Smith Christopher H Browne Distinguished Professor of Political Science University of Pennsylvania Democracy is the rule of the people But what exactly does it mean for a people to rule Which practices and behaviors are legitimate and which are democratically suspect We generally think of democracy as government by consent a government of by and for the people This has been true from Locke through Lincoln to the present day Yet in understandably stressing the importance indeed the monumental achievement of popular consent we commonly downplay or even denigrate the role of dissent in democratic governments But in Government by Dissent Robert W T Martin explores the idea that the people most important in a flourishing democracy are those who challenge the status quo The American political radicals of the 1790s understood articulated and defended the crucial necessity of dissent to democracy By returning to their struggles successes and setbacks and analyzing their imaginative arguments Martin recovers a more robust approach to popular politics one centered on the ever present need to challenge the status quo and the powerful institutions that both support it and profit from it Dissent has rarely been the mainstream of democratic politics But the figures explored here forgotten farmers as well as revered framers understood that dissent is always the essential undercurrent of democracy and is often the critical crosscurrent Only by returning to their political insights can we hope to reinvigorate our own popular politics *Encyclopedia of British Writers* Christine L. Krueger, 2014-07 This concise encyclopedic reference profiles more than 800 British poets De Gruyter Handbook of

Responsible Project Management Beverly L. Pasian, Nigel L. Williams, 2023-01-30 The narrative about the project management profession is dominated by discussions of success and failure along with the need to improve the competence of project managers As a result the community is engaged in a fruitless search for a combination of tools techniques and practices that will result in desired outcomes for funders While the profession has made recent attempts to incorporate environmental and social responsibility these areas are still framed within the existing discourses of project delivery. The De Gruyter Handbook of Responsible Project Management seeks to rethink project management by integrating contributions from the emerging responsible Management domain This handbook will explore the nature and extent of project professionals responsibility at different levels individual team organizational and societal along with the implications for education research and practice The De Gruyter Handbook of Responsible Project Management offers cutting edge insights into the field of project management It is an essential reference for scholars and practitioners Religious Language, Meaning, and Use Robert K. Bolger, Robert C. Coburn, 2019-08-22 Can the meaning of religious language be separated from its use In Religious Language Meaning and Use Robert Bolger and Robert Coburn address what has become a contentious though often overlooked account of the relationship between religious belief and religious practice Through philosophical argumentation and by means of a variety of sermon like essays on religious topics this book seeks to return religion to the place in which the meaning and practical impact of its beliefs become inseparable from the life of the believer Part I begins by considering through the loose lens of Wittgenstein's philosophical method how religious language has been misunderstood leading straightway to a variety of challenges and conceptual confusions Part II presents previously unpublished essays written by Robert C Coburn who has for over 50 years been at the forefront of the study of metaphysics and philosophy of religion Making a compelling case for a religious practice that avoids trivializing religious belief this book promises to be a corrective to those who see faith as nothing more than ethics in disguise and to those metaphysicians who see faith as a set Canadian Books in Print. Author and Title Index ,1975 Colonial Proximities Renisa Mawani, 2010-01-01 Real of beliefs and imagined encounters among Aboriginal peoples European colonists Chinese migrants and mixed race populations produced racial anxieties that underwrote crossracial contacts in the salmon canneries the illicit liquor trade and the white slavery scare in late nineteenth and early twentieth century British Columbia Colonial Proximities explores the legal and spatial strategies of rule deployed by Indian agents missionaries and legal authorities who aspired to restrict crossracial encounters By connecting genealogies of aboriginal European contact with those of Chinese migration this book reveals that territorial dispossession and Chinese exclusion were never distinct projects but two conjunctive processes in the making of the settler regime Drawing on archival documents and historical records Colonial Proximities historicizes current discussions of multiculturalism and pluralism in modern settler societies by revealing how crossracial interactions in one colonial contact zone inspired juridical racial truths and forms of governance that continue to linger in contemporary racial politics It is

essential reading for students and practitioners of history anthropology sociology colonial postcolonial studies and critical race and legal studies John Stuart Mill, Socialist Helen McCabe, 2021-03-15 Best known as the author of On Liberty John Stuart Mill remains a canonical figure in liberalism today Yet according to his autobiography by the mid 1840s he placed himself under the general designation of Socialist Taking this self description seriously John Stuart Mill Socialist reinterprets Mill s work in its light Helen McCabe explores the nineteenth century political economist s core commitments to egalitarianism social justice social harmony and a socialist utopia of cooperation fairness and human flourishing Uncovering Mill's changing relationship with the radicalism of his youth and his excitement about the revolutionary events of 1848 McCabe argues that he saw liberal reforms as solutions to contemporary problems while socialism was the path to a better future In so doing she casts new light on his political theory including his theory of social progress his support for democracy his feminism his concept of utility his understanding of individuality and his account of the permanent interests of man as a progressive being which is so central to his famous harm principle As we look to rebuild the world in the wake of financial crises climate change and a global pandemic John Stuart Mill Socialist offers a radical rereading of the philosopher and a fresh perspective on contemporary meanings of socialism Women Representatives in Britain, France, and the United States Harriet B. Applewhite, 2016-04-29 This book compares British French and American legislative debates on woman suffrage and women s rights Beginning with an analysis of Tocqueville and J S Mill on the impact of suffrage the book continues with analysis of floor debates comparing gender style the French on parity and the Americans on the ERA and concluding with modern debates
