Tolerance, regulation and rescue Brian Pullan, 2016-07-08 Looking at Catholic charity and social policy in past times this book focuses on unrespectable women and children in Italy and their treatment at the hands of charities and the law It looks at prostitutes and women engaged in sexual relationships outside formal marriage and foundlings many of whom were abandoned because they were born out of wedlock A wide ranging synoptic survey this study considers the practical complications and consequences of communities decisions to accommodate and regulate activities considered bad but irrepressible of the belief that licensed prostitution and controlled abandonment could be used to avert greater evils from sodomy and adultery to infanticide and abortion Accessibly written *Tolerance regulation and rescue* discusses social problems which are still the subject of debate and should appeal not only to academics and students but also to general readers

**Giving Up Baby** Laury Oaks, 2015-06-05 Baby safe haven laws which allow a parent to relinquish a newborn baby legally and anonymously at a specified institutional location such as a hospital or fire station were established in every state between 1999 and 2009 Promoted during a time of heated public debate over policies on abortion sex education teen pregnancy adoption welfare immigrant reproduction and child abuse safe haven laws were passed by the majority of states with little contest These laws were thought to offer a solution to the consequences of unwanted pregnancies mothers would no longer be burdened with children they could not care for and newborn babies would no longer be abandoned in dumpsters Yet while these laws are well meaning they inadequately address the social injustices that compel abandonment for the very small number of girls and women who abandon their newborns Advocates of safe haven laws target teenagers women of color and poor women in particular with safe haven information under the assumption that they cannot offer good homes for their children Laury Oaks argues that the labeling of certain kinds of women as potential bad mothers who should consider anonymously giving up their newborns for adoption into a loving home should best be understood as an issue of reproductive justice Safe haven discourses promote narrow images of who deserves to be a mother and reflect restrictive views on how we should treat women experiencing an unplanned pregnancy

**Alone** Brett Archibald, 2025-09-23 Solitude is terrifying and awe inspiring in Alone The Wall Street Journal In April 2013 fifty year old Brett Archibald was on board a surf charter boat making a night time crossing of the remote Mentawai Strait off Sumatra Indonesia In the middle of a storm ill with severe food poisoning he blacked out When he came to he found himself in the raging sea sixty miles from shore As Brett saw the lights of his boat disappearing into the darkness it became clear that no one had seen him fall and that no one would hear his shouts for help He was alone in the ocean It would be eight hours before his friends realized he was missing At that point a frantic search began for a single man somewhere in thousands of square miles of heaving waves The rough weather meant that no planes or helicopters could assist in the search According to the experts he should have died within ten to fourteen hours Instead Brett battled Portuguese man o war and jellyfish sharks seagulls and the stormy seas for more than 28 hours Alone is the remarkable tale of his miraculous survival and rescue It is also the story of what it takes to defy extraordinary odds and the incredible power of the human spirit
