Putting Others First T. Ryan Byerly, 2018-12-07 When deciding what to do is it best to treat one s own interests as more important than the interests of others others interests as more important than one s own or one s own and others interests as equally important This book develops an account of others centeredness a way of putting others first in the process of deciding what to do Over the course of six chapters Putting Others First investigates other centeredness by drawing upon a wide range of academic disciplines including biblical studies feminist scholarship philosophy psychology and theology The author begins by explaining the nature of others centeredness as a character trait in detail and connecting it with other contemporary projects in virtue theory He argues that foundational texts of the New Testament can be plausibly read as advocating for others centeredness He then develops a provisional case for the value of others centeredness from the perspective of each of the three major approaches to normative ethics consequentialism deontology and virtue ethics Next the author confronts challenging questions about the value of others centeredness including whether others centeredness requires an impossibly strong sort of altruism whether it leads its possessors into self destructive relationships and whether it leads to offering help that hurts others Finally he examines the place of others centeredness within a person s moral psychology by considering the relationship between it and other virtues and vices and reviews relevant scientific findings that illuminate the value and causal role of others centeredness *Media Review* ,1985 **The Coal Industry** ,1920

**Child, nation, race and empire** Margot Hillel, Shurlee Swain, 2017-03-01 Child nation race and empire is an innovative inter disciplinary cross cultural study that contributes to understandings of both contemporary child welfare practices and the complex dynamics of empire It analyses the construction and transmission of nineteenth century British child rescue ideology Locating the origins of contemporary practice in the publications of the prominent English Child rescuers Dr Barnardo Thomas Bowman Stephenson Benjamin Waugh Edward de Montjoie Rudolf and their colonial disciples and literature written for children it shows how the vulnerable body of the child at risk came to be reconstituted as central to the

survival of nation race and empire Yet as the shocking testimony before the many official enquiries into the past treatment of children in out of home care held in Britain Ireland Australia and Canada make clear there was no guarantee that the rescued child would be protected from further harm      *Technical Rescue Technology Assessment* ,      Airman ,1975
