Research In Law Deviance And Social Behavior Volume 5 A Research Annual:

Disrupted Childhoods Jane A Siegel, 2011-04-03 Millions of children in the United States have a parent who is incarcerated and a growing number of these nurturers are mothers *Disrupted Childhoods* explores the issues that arise from a mother's confinement and provides first person accounts of the experiences of children with moms behind bars Jane A Siegel offers a perspective that recognizes differences over the long course of a family's interaction with the criminal justice system Presenting an unparalleled view into the children's lives both before and after their mothers are imprisoned this book reveals the many challenges they face from the moment such a critical caregiver is arrested to the time she returns home from prison Based on interviews with nearly seventy youngsters and their mothers conducted at different points of their parent's involvement in the process the rich qualitative data of *Disrupted Childhoods* vividly reveals the lived experiences of prisoners children telling their stories in their own words Siegel places the mother's incarceration in context with other aspects of the youths experiences including their family life and social worlds and provides a unique opportunity to hear the voices of a group that has been largely silent until now

International Handbook of Behavior Modification and Therapy Alan S. Bellack, Michel Hersen, Alan E. Kazdin, 2012-12-06 It is particularly gratifying to prepare a second edition of a book because there is the necessary implication that the first edition was well received Moreover now an opportunity is provided to correct the problems or limitations that existed in the first edition as well as to address recent developments in the field Thus we are grateful to our friends colleagues and students as well as to the reviewers who have expressed their approval of the first edition and who have given us valuable input on how the revision could best be structured Perhaps the first thing that the reader will notice about the second edition is that it is more extensive than the first The volume currently has 41 chapters in contrast to the 31 chapters that comprised the earlier version Chapters 3 9 29 and 30 of the first edition either have been dropped or were combined whereas 14 new chapters have been added In effect we are gratified in being able to reflect the continued growth of behavior therapy in the 1980s Behavior therapists have addressed an ever increasing number of disorders and behavioral dysfunctions in an increasing range of populations The most notable advances are taking place in such areas as cognitive approaches geriatrics and behavioral medicine and also in the treatment of childhood disorders

Books in Print, 1982 *New Serial Titles*, 1985 *When Crime Appears* Jean McGloin, Christopher Sullivan, Leslie Kennedy, 2011-10-19 In recent years the idea of emergence which suggests that observed patterns in behavior and events are not fully reductive and stem from complex lower level interactions has begun to take hold in the social sciences Criminologists have started to use this framework to improve our general understanding of the etiology of crime and criminal behavior *When Crime Appears The Role of Emergence* is concerned with our ability to make sense of the complex underpinnings of the end stage patterns and events that we see in studying crime and offers an early narrative on the concept of emergence as it pertains to criminological research Collectively the chapters in this volume provide a sense of

why the emergence framework could be useful outlines its core conceptual properties provides some examples of its potential application and presents some discussion of methodological and analytic issues related to its adoption Symbolic Interaction Larry T. Reynolds, Nancy J. Herman, 1994-01-01 This reader shows the rich history and wide contemporary application of symbolic interaction theory Criminological Theory J. Robert Lilly, Francis T. Cullen, Richard A. Ball, 2011 Offering a rich introduction to how scholars analyze crime this Fifth Edition of the authors clear accessible text moves readers beyond often mistaken common sense knowledge of crime to a deeper understanding of the importance of theory in shaping crime control policies This thoroughly revised edition covers traditional and contemporary theory within a larger sociological and historical context and now includes new sources that assess the empirical status of the major theories as well as updated coverage of crime control policies and their connection to criminological theory The American Middle Class Robert S. Rycroft, 2017-05-12 What is the American Dream This book s author argues that contrary to what many believe it is not achieving the wealth necessary to enter the top one percent but rather becoming members of the great middle class by dint of hard work and self discipline Americans of all classes consider themselves to be middle class There are Americans who by any objective standard should be considered poor who would insist they are middle class just as other Americans who should be considered wealthy also insist they are middle class Thinking of yourself and being thought of by others as middle class is the American Dream for tens of millions of people But an enduring problem of the American middle class is the worry that the Dream is coming apart that forces are lurking in the shadows waiting to steal their progress and throw them back into poverty This thought provoking reference explores a disparate multitude of issues associated with being middle class in America It addresses a range of questions and subtopics including the meaning of the term middle class how middle class status is expressed by both the majority and the various minorities that make up the American mosaic what economic pressures are bearing down on the middle class and how economists and others attempt to make sense of the economic issues of the day Readers will also better understand how political institutions and public policies are shaping the way the middle class views the world how labor housing education and crime related issues have influenced the development and growth of the middle class the norms of the middle class versus those of other classes in society and the role of culture and media in shaping how members of the middle class view themselves and how they are viewed by others This two volume set provides a comprehensive look at the American middle class that supports student research in economics social studies cultural studies and political history The content supports teachers in their development of lesson plans and assignments that directly align with the Common Core State Standards and the recommendations of the National Curriculum Standards for Social Studies NCSS with respect to all ten NCSS themes The Craft of Criminology Travis Hirschi, 2011-12-31 Travis Hirschi is one of the most cited criminologists of the twentieth century His work has provoked controversy and heated debates about the causes of crime proper research methods and the most effective policies to prevent and control crime

Known as a spokesperson for social control theory Hirschi always ties his ideas to the mode of investigation and the mode of investigation to substantive concerns Theoretical contributions and research methodology have been twin driving forces throughout his career This book contains representative selections of Hirschi's work over many years It is remarkable how little is known about Hirschi's life and career John H Laub's introduction combines a discerning account of Hirschi's life and work accompanied by an interview with the author Laub's volume covers various topics methodological issues principles of casual analysis criteria of causality longitudinal research on crime rules and the study of deviant behavior correlations between crime and delinquency control theory of delinquency intelligence causes and prevention of delinquency family structure and crime theory of crime crime and criminality deviance white collar crime and juvenile justice systems Now available in paperback this is an invaluable text for courses in criminology as well as a valuable addition to professional libraries

Juvenile Delinquency: An Integrated Approach James Burfeind, Dawn Jeglum Bartusch, 2010-02-26

Regulation and Regulators after Global Financial Crises Aleksandra Jordanoska, 2024-12-31 This book provides an original theoretically and empirically grounded analysis of regulatory enforcement activism in post crisis periods and the ensuing regulatory interactions It critically addresses the more regulation enforcement agenda relating to financial misconduct in the aftermath of the 2008 financial crisis showing how misconduct was constructed through the enforcement policies and practices of the powerful UK financial conduct regulator and its interactions with the subjects of enforcement proceedings and their legal representatives during a tumultuous time in the financial markets Drawing from interviews with regulators professional intermediaries and markets participants documentary analysis of enforcement decisions and speeches and observations the volume adopts an interdisciplinary approach grounded in social constructivist perspectives on compliance and deviance regulation theory and socio legal research Through a multi dimensional analytical framework of regulatory enforcement activism that links shifts in regulatory policymaking experimentations with legal powers in information gathering legal and extra legal penalties and individual accountability and the use of enforcement tools in micro level interactions the book documents a more interventionist and punitive post crisis enforcement agenda The findings challenge current thinking in the scandal and reform literature The work argues that despite the increased focus on enforcement it is not necessarily the case that the power has tilted more towards the regulator This fine grained socio legal enquiry makes innovative and timely theoretical contributions to our understanding of the limitations of regulatory activism and regulatory control regulatory relationships the governance of financial markets and broader thinking on regulating corporations and the individuals within them It will appeal to academics researchers regulators and policymakers working in regulation across law criminology sociology and politics

Resources in Education, 1997-07

The Oxford Handbook of Cross-Cultural Organizational Behavior Michele J. Gelfand, Miriam Erez, 2024 The process of globalization has brought into focus the central role of culture in understanding work behavior In parallel to the accelerating process of globalization there

has been an explosion of empirical studies on culture and organizational behavior Written by a diverse group of experts in the field this handbook provides critical knowledge on how cultures vary and how culture influences basic psychological processes communication trust social networks leadership and negotiation It also covers how to manage multicultural teams culture and human resource management practices joint ventures organizational change and more **Handbook of the Social Psychology of Inequality** Jane D. McLeod, Edward J. Lawler, Michael Schwalbe, 2014-08-18 This volume provides the first comprehensive overview of social psychological research on inequality for a graduate student and professional audience Drawing on all of the major theoretical traditions in sociological social psychology its chapters demonstrate the relevance of social psychological processes to this central sociological concern Each chapter in the volume has a distinct substantive focus but the chapters will also share common emphases on The unique contributions of sociological social psychology The historical roots of social psychological concepts and theories in classic sociological writings The complementary and conflicting insights that derive from different social psychological traditions in sociology This Handbook is of interest to graduate students preparing for careers in social psychology or in inequality professional sociologists and university college libraries Prison on Trial Thomas Mathiesen, 2006 Prison On Trial is the classic critique of prisons and imprisonment a book for everyone's library shelf and collection Why Men Buy Sex Philip Birch, 2015-02-20 Sex work has been a contentious issue in a variety of ways throughout history socially morally ethically religiously and politically Traditionally noted as one of the oldest professions in the world sex work has commonly been demonised and is often viewed as a social disgrace While sex work involves both providers of sexual services most commonly women and purchasers of sexual services most commonly men providers have attracted the most social commentary Recent research shows that a limited number of studies have been conducted since 1990 concerning men who procure sexual services This book aims to help reset this balance In this book Philip Birch examines the procurement of female sexual services with a focus on the personal and social aspects of men who procure such exchanges and offers insight into the demographics amongst men who purchase sexual services alongside an analysis of the reasons why they purchase sex This book brings together existing literature with analyses of new data to develop a multi factor model reflecting men's procurement of sexual services and demonstrates the complexities surrounding the procurement of these sexual services in exchange for money The book considers what contribution the understanding of the personal and social aspects of men who procure sexual services has on re theorising the purchasing of sex in the 21st Century and will be of interest to academics and students involved in the study of criminology criminal justice social policy law sociology sexuality and gender studies The Criminal Justice Periodical Index, 1986 Sexual Offending Amy Phenix, Harry M. Hoberman, 2015-12-07 This expert reference provides a broad comprehensive review of the major domains of sexual offending Beginning with an integrated etiological model of sexual offending chapters follow addressing the primary predisposing conditions related to sexual offending e.g. pedophilic

hebephilic paraphilic rape and non contact paraphilic disorders hyper sexuality and personality factors In addition special subgroups of sexual offenders females youth and the intellectually disable are considered Both broad and specific perspectives on the assessment of sexual offenders are provided Overviews are offered of clinical and forensic evaluations of such offenders and the utility of structured psychological assessment A novel conceptual model of risk assessment is proposed More specifically each of the primary approaches or instruments related to risk assessment of sexual offending are addressed the Static risk assessment measures the Sex Offender Risk Appraisal Guide structured professional judgment and the varied measures of dynamic or criminogenic needs assessment Finally multiple aspects of management of sexual offenders are discussed including models of psychosocial treatment the question of the effectiveness of such treatment biological interventions civil commitment circles of support and the containment approach to community management Chapters are authored by both prominent experts and experienced professionals for a breadth of perspective Among the topics covered Pedophilic Hebephilic Rape Paraphilic Disorders and the variety of Non Contact sexual offending conditions Personality related conditions their association with sexual offending motivators and disinhibition in context Disorders of hyper sexuality Assessments of sexual offenders including the role of psychological testing clinical interview approaches as well as forensic evaluations Conceptual models of risk assessment discussion of specific static dynamic structured clinical risk assessment approaches Models of reviews of treatment outcome with sexual offenders including psychotherapy psychopharmacology and castration the containment approach civil commitment circles of support Overview of public policy issues an evidence based perspective on sex offender registration and residential restrictions This breadth of material in Sexual Offenders will help practitioners gain multiple levels of clinical insight as well as giving them up to date practical tools and techniques for working with this problematic class of individuals

ECMLG 2022 18th European Conference on Management, Leadership and Governance Florinda Matos,2022-11-10 *The Terrorist Identity* Michael P. Arena,Bruce A. Arrigo,2006-11 This book provides an understanding of the terrorist identity that draws on concepts from psychology criminalology and sociology The book examines several case studies of various terrorist groups
