Chall,1978 **Research Issues in Community Nursing** Jean McIntosh,1999-11-11 As nursing practice necessarily becomes increasingly research based it is important that professionals keep up to date with current research initiatives and with their implications This book brings together some of the UK s foremost community nurses and researchers Examples of research into aspects of community care are presented in such a way as to inform nurses about developments and initiatives nationwide at the same time as laying down exemplar for the evaluation of other new developments as and when they arise Nursing a Radical Imagination Jess Dillard-Wright,Jane Hopkins-Walsh,Brandon Brown,2022-11-18 Examining the historical context of healthcare whilst focusing on building a more just equitable world this book proposes a radical imagination for nursing and presents possibilities for speculative futures embracing queer feminist posthuman and abolitionist frames Bringing together radical and emancipatory perspectives from an international selection of authors this book reflects on the realities created by the COVID 19 pandemic recognizing that our situation is not new but the result of ongoing hegemonies and injustices The authors attend to the history of nursing and related institutions examining the assumptions ideologies and discourses that shape the discipline and its place within healthcare They explore the impact of this context on contemporary nursing and look at alternative visions for the future The final section specifically focuses on ways that we can move forward Envisioning new possibilities for nursing this innovative volume is a vital resource for practitioners scholars and students keen to promote social justice within and without nursing It is an important contribution to nursing theory philosophy and history **Community Nursing** G. Baker,J. M. Bevan,L. McDonnell,B. Wall,2025-09-17 Originally published in 1987 this book is based on material generated by the former Department of Health and Social Security DHSS research project into development in community nursing since the 1974 reorganisation of the National Health Service in the UK The community nursing staff involved comprised health visitors district nurses and practice nurses A wide range of issues which have enduring relevance today include staffing levels education health service priorities government policies changing professional roles and innovations in professional practice The authors consider evaluative research undertaken to assess the pros and cons of developments International Issues in Nursing Research Shirley M. Stinson,Janet C. Ross-Kerr,2025-09-17 Originally published in 1986 this book presents a review of specific international themes in nursing research particularly methodological issues policy and funding issues preparation for nursing research and other perspectives such as publication and the role of professional associations in nursing research development In the past geographical political cultural educational and economic barriers all contributed to insularity in

nursing but the authors maintain that there are many common problems and the profession can benefit greatly by an exchange of ideas The chapters were written by leading authorities in the UK USA and Canada and the book will be of use to student and practising nurses
