Lost Illusions Penguin Classics:

Penguin Classics Introduction to Lost Illusions by Honoré de Balzac (Penguin Classics) Herbert James Hunt, 2005

Lost Illusions Honore de Balzac, 1976-10-28 Handsome would be poet Lucien Chardon is poor and naïve but highly ambitious. Failing to make his name in his dull provincial hometown, he is taken up by a patroness, the captivating married woman Madame de Bargeton, and prepares to forge his way in the glamorous beau monde of Paris. But Lucien has entered a world far more dangerous than he realized as Madame de Bargeton's reputation becomes compromised and the fickle, venomous denizens of the courts and salons conspire to keep him out of their ranks. Lucien eventually learns that wherever he goes, talent counts for nothing in comparison to money, intrigue, and unscrupulousness. *Lost Illusions* is one of the greatest novels in the rich procession of the *Comédie humaine*. Balzac's panoramic social and moral history of his times. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Realist Fiction and the Strolling Spectator (Routledge Revivals) John Rignall, 2016-01-29 The classic realist text has long been derided by post-structuralist critics as an unsophisticated and reactionary form. In this study, first published in 1992, John Rignall makes a powerful case for the rehabilitation of realism as a self-aware and reflexive genre. Using the novels of Scott, Balzac, Dickens, George Eliot, Flaubert, James Ford, and Conrad, Rignall argues for an understanding of realism through the recurrent figure of the flâneur. The flâneur is the strolling spectator whose problematic vision, both of and in the novel, makes him the representative figure of the realist text. A significant contribution to the field, this title will be of particular view to students of realism, literary theory, and comparative literature.

Balzac Reframed Zahra Tavassoli Zea, 2019-11-14 This book examines the theoretical affiliations between the most notable proponent of literary realism, Honoré de Balzac, and two understated but key representatives of the French New Wave, Eric Rohmer and Jacques Rivette. It argues that their film criticism, which gradually led to the establishment of a common aesthetic vision of cinema, the *politique des auteurs*, owes more to Balzac and the nineteenth-century novel than to any intellectual trend of the immediate post-war period. By considering the films of Rohmer and Rivette as an extension of their writings, essays, film reviews, scriptwriting, novels, and interviews, this volume analyses the changing and sometimes opposed ways in which they applied Balzacian principles and themes to their cinematic practice. Essentially, it understands the exchange between art forms, past traditions, and contemporaneous currents as the overlooked yet common thread that links these three authors through their own re-appropriations of classical and romantic aesthetics in their explorations of modern French society. In doing so, this study provides further nuance to the conservative versus progressist rupture that is generally assumed between the two directors and offers an innovative reading of *The*

Pornography Andrea Dworkin,2025-02-25 Andrea Dworkin s 1981 critique of pornography is an important and urgent document about how the culture consumes and manipulates images of women Essential and discomfiting reading in a social media era where women s bodies are being commodified and displayed more than ever Andrea Dworkin s seminal 1981 work on the issue of pornography argues that the industry serves only to harm and oppress women Her discussion of pornography as an outgrowth of the power that men exert over women the power of owning the power of money and the power of sex among others still blazes with its clarity and immediacy and illustrates how these inequities while displayed in raw form in pornography are endemic in all media With a lively and deeply compelling voice Andrea Dworkin succinctly outlines her anti pornography stance Though the media environment may have changed this passionately and powerfully argued classic remains a relevant and crucial contribution to the area of feminist studies

Desiring Whiteness Caroline Séquin,2024-10-15 Desiring Whiteness uncovers the intertwined histories of commercial sex and racial politics in France and the French Empire Since the French Revolution of 1789 the absence of laws banning interracial marriages has served to reinforce two myths about modern France first that it is a sexual democracy and second it is a color blind nation where all French citizens can freely marry whomever they wish regardless of their race Caroline S quin challenges the narrative of French exceptionalism by revealing the role of prostitution regulation in policing intimate relationships across racial and colonial boundaries in the century following the abolition of slavery Desiring Whiteness traces the rise and fall of the French model of prostitution policing in the contact zones of port cities and garrison towns across France and in Dakar Senegal the main maritime entry point of French West Africa S quin describes how the regulation of prostitution covertly policed racial relations and contributed to the making of white French identity in an imperial nation state that claimed to be race blind She also examines how sex industry workers exploited reinforced or transgressed the racial boundaries of colonial rule Brothels served as gatekeepers of whiteness in two arenas In colonial Senegal white only brothels helped deter French colonists from entering unions with African women and producing mixed race children thus consolidating white minority rule In the metropole brothels condoned interracial sex with white sex workers while dissuading colonial men from forming long term attachments with white French women Ultimately brothels followed a similar racial logic that contributed to upholding white supremacy

Opera Outside the Box Roberta Montemorra Marvin,2022-11-18 Opera Outside the Box Notions of Opera in Nineteenth Century Britain addresses operatic experiences outside the opera houses of Britain during the nineteenth century The essays adopt a variety of perspectives exploring the processes through which opera and ideas about opera were cultivated and disseminated by examining opera related matters in publication and performance in both musical and non musical genres outside the traditional approaches to transmission of operatic works and associated concepts As a group they

exemplify the broad array of questions to be grappled with in seeking to identify commonalities that might shed light in new and imaginative ways on the experiences and manifestations of opera and notions of opera in Victorian Britain In unpacking the significance relevance uses and impacts of opera within British society the collection seeks to enhance understanding of a few of the manifold ways in which the population learned about and experienced opera how audiences and the broader public understood the genre and the aesthetics surrounding it how familiarity with opera played out in British culture and how British customs values and principles affected the genre of opera and perceptions of it

Paris Concealed James H. Johnson,2025-01-22 A comprehensive history of masks in France from the seventeenth to the nineteenth century Masks can conceal disguise or protect They can guard status inspire delight or spread fear They can also betray trust through insincerity deceit and hypocrisy In *Paris Concealed* historian James H Johnson offers a sweeping history of masks both visible and unseen from the time of Louis XIV to the late nineteenth century exploring the complex roles that masking and unmasking have played in the fashioning of our social selves Drawing from memoirs novels plays and paintings *Paris Concealed* explores the many domains in which masks have been decisive Beginning in the court of Versailles Johnson charts the genesis of courtly politesse and its widespread condemnation by Enlightenment philosophers and political thinkers He describes strategies deployed in the era of the French Revolution for unmasking traitors and later efforts to penetrate criminal disguises through telltale marks on the body He portrays the disruptive power of masks in public balls and carnivals and with the coming of modernity evokes their unsettling presence within the unconscious Compellingly written and beautifully illustrated *Paris Concealed* lays bare the mask s transformations from marking one s position in a static society to inspiring imagined identities in meritocracies to impeding the elusive search for one s true self To tell the history of masks Johnson shows is to tell the history of modern selfhood

Melville's Intervisionary Network John Haydock,2016-10-18 The romances of Herman Melville author of *Moby Dick* and *Billy Budd* Sailor are usually examined from some setting almost exclusively American European or other planetary contexts are subordinated to local considerations But while this isolated approach plays well in an arena constructed on American exclusiveness it does not express the reality of the literary processes swirling around Melville in the middle of the nineteenth century A series of expanding literary and technological networks was active that made his writing part of a global complex Honor de Balzac popular French writer and creator of realism in the novel was also in the web of these same networks both preceding and at the height of Melville s creativity Because they engaged in similar intentions there developed an almost inevitable attraction that brought their works together Until recently however Balzac has not been recognized as a significant influence on Melville during his most creative period Over the last decade scholars began to explore literary networks by new methodologies and the criticism developed out of these strategies pertains usually to modernist postcolonial contemporary situations Remarkably however the intertextuality of Melville with Balzac is quite exactly a casebook study in transcultural comparativism Looking at Melville s innovative

environment reveals meaningful results where the networks take on significant roles equivalent to what have been traditionally classed as genetic contacts Intervisionary Network explores a range of these connections and reveals that Melville was dependent on Balzac and his universal vision in much of his prose writing *Press, Revolution, and Social Identities in France, 1830-1835* Jeremy D. Popkin, 2010-11-01 In this innovative study of the press during the French Revolutionary crisis of the early 1830s Jeremy Popkin shows that newspapers played a crucial role in defining a new repertoire of identities for workers women and members of the middle classes that redefined Europe's public sphere Nowhere was this process more visible than in Lyon the great manufacturing center where the aftershocks of the July Revolution of 1830 were strongest In July 1830 Lyon's population had rallied around its liberal newspaper and opposed the conservative Restoration government In less than two years however Lyon's press and its public opinion like those of the country as a whole had become irrevocably fragmented Popkin shows how the structure of the journalistic field in liberal society multiplied political conflicts and produced new tensions between the domains of politics and culture New periodicals appeared claiming to speak for workers for women and for the local interests of Lyon The public was becoming inherently plural with the emergence of new imagined communities that would dominate French public life well into the twentieth century Jeremy Popkin is well known for his earlier studies of journalism during the eighteenth century and the French Revolution In *Press Revolution and Social Identities in France* he not only moves forward in time but also offers a new model for a cultural history of journalism and its relationship to literature

The Victorian Novel of Adulthood Rebecca Rainof, 2015-09-09 In *The Victorian Novel of Adulthood* Rebecca Rainof confronts the conventional deference accorded the bildungsroman as the ultimate plot model and quintessential expression of Victorian nation building The novel of maturity she contends is no less important to our understanding of narrative Victorian culture and the possibilities of fiction Reading works by Charles Dickens George Eliot Henry James John Henry Newman and Virginia Woolf Rainof exposes the little discussed theological underpinnings of plot and situates the novel of maturity in intellectual and religious history notably the Oxford Movement Purgatory a subject hotly debated in the period becomes a guiding metaphor for midlife adventure in secular fiction Rainof discusses theological models of gradual maturation thus directing readers attention away from evolutionary theory and geology and offers a new historical framework for understanding Victorian interest in slow and deliberate change
