Married Saints and Blesseds Ferdinand Holböck, 2002 Countless saints have been priests or religious living out lives of penance and sacrifice for the good of the Church But many Catholics don't realize that married couples are called to holiness as well Fr Holböck's tells the inspiring stories of over 200 married saints and blesseds from the Virgin Mary and St Joseph to Margaret of Scotland King Louis of France Thomas More and modern examples like Gianna Molla and Louis and Zélie Martin parents of St Thérèse of Lisieux The example of these holy men and women is essential to living a truly Catholic married life Important Church documents and scripture passages are also included to further guide and enlighten the reader Many illustrations

Louis and Zélie GinaMarie Tennant, 2021-02-26 Louis and Zélie Martin the parents of Saint Thérèse of Lisieux were the first married couple ever canonized together by the Catholic Church This inspiring story begins in their childhoods and follows them through their joys as well as their sorrows Louis the son of a French army officer had desired to be a priest Instead he became a watchmaker happy to remain single in service of God and neighbor Zélie had thought about becoming a religious sister but she became an expert lace maker and started her own company doubtful she would ever marry Then one day they passed each other on a bridge The Martins married and welcomed nine children five of whom lived to adulthood and became religious sisters Their household was full of love which extended sometimes heroically to many others outside their family including the needy and the enemy soldiers quartered in their home during the Franco Prussian War The secret to their unfailing love was their boundless faith in God All the challenges the Martins faced great and small were met with a profound trust in Divine Providence

Shall We Dance? The True Story of the Couple Who Taught The World to Dance Douglas Thompson, 2014-10-12 On the eve of the Great War they had the world at and watching their feet If God is in the details they were divine Vernon and Irene Castle were the world's first true celebrity couple He an Englishman was tall and slim as poised as an elegant evening out a template for the Hollywood idols who would follow In a staid age she a New Yorker was a glorious modern beauty with her haired cropped into a shock a disdain for crippling corsets a love of a martini and a good time Together they beat the censors and made their vibrant dancing acceptable for all In the fashionable quarters of New York they opened a dance school and night clubs to which Society flocked They broke the rules by touring with black musicians and led the way forward to the Charleston galloping Gatsby Generation They enlightened and enchanted from London to Paris to New York spreading a breathless joy as though their music had one note and their dances one step too many Launching one racy dance craze after another they taught the world to dance and often dress the way we do today Adored and acclaimed they were stars long before the celebrity constellations grew crowded Yet the whirlwind story of perhaps the most influential dance team ever is also one of tragedy Their timing so perfect in everything else saw Vernon Castle at the height of their fame return to England to enlist in the Royal Flying Corps he saw action as a pilot on the Western Front winning the Croix de Guerre while his wife made special appearances to support the Allied war effort And then in February 1918 he was killed in a flying accident in Texas while training American pilots for war Irene received a last note from him When you receive this letter I shall be gone out of your sweet life You may be sure that I died with your sweet name on my lips be brave and don't cry my angel She and many others did cry for as far as the world was concerned Vernon and Irene Castle could have danced all night and for ever The afternoon was already planned they were going dancing for those were the great days Maurice was tangoing in Over the River the Castles were doing a stiffed leg walk in the third act of the Sunshine Girl a walk that gave the modern dance a social position and brought the nice girl into the caf thus beginning a profound revolution in American life The great rich empire was feeling its oats and was out for some not too plebeian yet not too artistic fun F Scott Fitzgerald *The Perfect Life* one of the Basil and Josephine Stories first published in the Saturday Evening Post 5 January 1929 [Hearings Before Committee on Naval Affairs of the House of Representatives on Sundry Legislation Affecting the Naval Establishment, 1929-1930\[--1930-1931\] Seventy-first Congress, First and Second \[-third\] Sessions...](#) United States. Congress. House. Committee on Naval Affairs, 1930 [Political Survivors](#) Emma Kuby, 2019-03-15 In 1949 as Cold War tensions in Europe mounted French intellectual and former Buchenwald inmate David Rousset called upon fellow concentration camp survivors

to denounce the Soviet Gulag as a hallucinatory repetition of Nazi Germany's most terrible crime. In *Political Survivors* Emma Kuby tells the riveting story of what followed his appeal as prominent members of the wartime Resistance from throughout Western Europe united to campaign against the continued existence of inhumane internment systems around the world. The International Commission against the Concentration Camp Regime brought together those originally deported for acts of anti-Nazi political activity who believed that their unlikely survival incurred a duty to bear witness for other victims. Over the course of the next decade these pioneering activists crusaded to expose political imprisonment, forced labor, and other crimes against humanity in Franco's Spain, Maoist China, French Algeria, and beyond. Until now, the CIA's secret funding of Rousset's movement has remained in the shadows. Kuby reveals this clandestine arrangement between European camp survivors and American intelligence agents. She also brings to light how Jewish Holocaust victims were systematically excluded from Commission membership, a choice that fueled the group's rise but also helped lead to its premature downfall. The history that she unearths provides a striking new vision of how wartime memory shaped European intellectual life and ideological struggle after 1945, showing that the key lessons Western Europeans drew from the war centered on the camp, imagined first and foremost as a site of political repression rather than ethnic genocide. *Political Survivors* argues that Cold War dogma and acrimony tied to a distorted understanding of WWII's chief atrocities overshadowed the humanitarian possibilities of the nascent anti-concentration camp movement as Europe confronted the violent decolonizing struggles of the 1950s.

Patents of Inventions, Specifications, 1862 *Jim Crow's Counterculture* R. A. Lawson, 2010-11 In the late nineteenth century black musicians in the lower Mississippi Valley chafing under the social, legal, and economic restrictions of Jim Crow responded with a new musical form, the blues. In *Jim Crow's Counterculture* R. A. Lawson offers a cultural history of blues musicians in the segregation era, explaining how by both accommodating and resisting Jim Crow, blues musicians created a counterculture to incubate and nurture ideas of black individuality and citizenship. These individuals, Lawson shows, collectively demonstrate the African American struggle during the early twentieth century. Derived from the music of the black working class and popularized by commercially successful songwriter W. C. Handy, early blues provided a counterpoint to white supremacy by focusing on an anti-work ethic that promoted a culture of individual escapism, even hedonism, and by celebrating the very culture of sex, drugs, and violence that whites feared. According to Lawson, blues musicians such as Charley Patton and Muddy Waters drew on traditions of southern black music, including call and response forms, but they didn't merely sing of a folk past. Instead, musicians saw blues as a way out of economic subservience. Lawson chronicles the major historical developments that changed the Jim Crow South and thus the attitudes of the working-class blacks who labored in that society: The Great Migration, the Great Depression, and New Deal and two World Wars. He explains how these shaped a

new consciousness among southern blacks as they moved north fought overseas and gained better paid employment The me centered mentality of the early blues musicians increasingly became we centered as these musicians sought to enter mainstream American life by promoting hard work and patriotism Originally drawing the attention of only a few folklorists and music promoters popular black musicians in the 1940s such as Huddie Ledbetter and Big Bill Broonzy played music that increasingly reached across racial lines and in the process gained what segregationists had attempted to deny them the identity of American citizenship By uncovering the stories of artists who expressed much in their music but left little record in traditional historical sources Jim Crow s Counterculture offers a fresh perspective on the historical experiences of black Americans and provides a new understanding of the blues a shared music that offered a message of personal freedom to repressed citizens

French Mediterraneans Patricia M. E. Lorcin,Todd Shepard,2016-05 While the Mediterranean is often considered a distinct unified space recent scholarship on the early modern history of the sea has suggested that this perspective is essentially a Western one devised from the vantage point of imperial power that historically patrolled the region s seas and controlled its ports By contrast for the peoples of its southern shores the Mediterranean was polymorphous shifting with the economic and seafaring exigencies of the moment Nonetheless by the nineteenth century the idea of a monolithic Mediterranean had either been absorbed by or imposed on the populations of the region In *French Mediterraneans* editors Patricia M E Lorcin and Todd Shepard offer a collection of scholarship that reveals the important French element in the nineteenth and twentieth century creation of the singular Mediterranean These essays provide a critical study of space and movement through new approaches to think about the maps migrations and margins of the sea in the French imperial and transnational context By reconceptualizing the Mediterranean this volume illuminates the diversity of connections between places and polities that rarely fit models of nation state allegiances or preordained geographies
