Louis XIV The French Monarchy:

Louis XIV and the Zenith of the French Monarchy Arthur Hassall, 1925 **Louis XIV and the French Monarchy**
Andrew Lossky, 1999-01-01 Placing Louis XIV in the context of his times the author retired history UCLA attempts no psychological analysis of the king and includes no discussion of the social history of the period Admitting that standard political and diplomatic history is his forte Lossky instead details the domestic international and religious policies of the Sun King demonstrating that there indeed was an evolution and transformation of his political ideas over the course of his long life The early chapters of this book should prove valuable to those interested in a general understanding of the period The author's primary focus however is on the mounting tension between Rome and Versailles and on the overall failure of Louis's policies to establish Catholic uniformity in France Specialists in French history will welcome this comprehensive readable and well written political biography *Louis XIV and the Zenith of the French Monarchy* Arthur Hassall, 2014-11-01 Pyrrhus Press specializes in bringing books long out of date back to life allowing today's readers access to yesterday's treasures This is a history of France during the era of the Sun King Louis XIV who oversaw the construction of Versailles and the strengthening of the French state From the prologue THE character and position of Louis XIV are peculiarly difficult to estimate partly on account of the attitude taken towards him during his lifetime by his own subjects partly owing to the entire misapprehension under which foreign nations laboured as to his real aims The French people during more than two thirds of his long reign made him into a god and worshipped him while at the time of the Spanish Succession war a generation had grown up in England which says Mr Wyon in his History of Great Britain during the Reign of Queen Anne regarded Louis XIV as a monster of ambition with a mission from the devil to make slaves and Papists of the whole human race a perfidious tyrant with whom it was useless to think of entering into a compact whom it was absolutely necessary to bind with chains of iron Again at the present day modern historical writers for the greater part hailing from France are well nigh unanimous in wholesale condemnation of the age of Louis XIV on the ground that it was essentially the cause of the French Revolution Even allowing that it be strictly historical to say that Louis reign made the Revolution inevitable it remains none the less true that the blame if there be any must be shared by the people with the King The French nation made Louis and Louis was the epitome of the French nation It is easy to sympathise with the many hostile criticisms levelled at the King by German historians who cannot forgive the devastation of the Palatinate or forget the loss of Strasburg But it is peculiarly ungracious ungrateful and unhistorical for French writers who are well acquainted with the history of their own country to allow themselves to be so carried away by feeble republican predilections as to pour virulent abuse upon the most brilliant period of their history and their most hardworking painstaking and on the whole successful ruler *Louis XIV* Arthur Hassall, 2016-06-15 Excerpt from *Louis XIV And the Zenith of the French Monarchy* Growth of a European opposition to Louis Formation of the League of Augsburg July 1686 Louis demands His determination to secure the districts given him for twenty

years by the Truce of Ratisbon The Cologne Archbishoprick The Palatinate Succession question Seizure of Philippsburg Criticism of Louis action Revolution of 1688 in England The German opposition to France is strengthened Devastation of the Palatinate Its import and ejects The definite beginning of the war of Augsburg England's influence thrown against Louis War between England and France in Ireland at sea and in the Spanish Netherlands The battles of Beachy Head and the Boyne Ruin of James II's cause in Ireland French defeat at La Hogue Campaigns in the Netherlands in Italy and on the Rhine Death of Louvois Defection of the Duke of Savoy Peace of Ryswick The Peace only a truce About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Visitors to Versailles Daniëlle Kisluk-Grosheide, Bertrand Rondot, 2018-04-16 What was it like to visit one of the most magnificent courts of Europe Based on a wealth of contemporary documents and surviving works of art this lavish book explores the experiences of those who swarmed the palace and grounds of Versailles when it was the seat of the French monarchy Engaging essays describe methods of transportation the elaborate codes of dress and etiquette precious diplomatic gifts royal audiences and tours of the palace and gardens Also presented are the many types of visitors and guests who eagerly made their way to this center of power and culture including day trippers and Grand Tourists European diplomats overseas ambassadors incognito travelers and Americans Through paintings and portraits furniture costumes and uniforms arms and armor guidebooks and other works of art Visitors to Versailles illuminates what travelers encountered at court and what impressions gifts and souvenirs they took home with them In bringing to life their experiences this sumptuously illustrated volume reminds us why Versailles has enchanted generations of visitors from the ancien régime to the present day

Sturdy,1998 This is a study of the defining aspects of the reign of Louis XIV The nature of the French monarchy methods of government Louis s relationship to his subjects and to the churches the organization of cultural life and France s relations with the rest of Europe are all considered The book relates Louis and his regime to the longer term movements of French history and to some of the wider historical forces at work in 17th century Europe It raises past and present historiographical controversies surrounding Louis XIV and indicates some of the major problems in interpretation which still confront historians Boulainvilliers and the French Monarchy Harold A. Ellis,2019-05-15 Suspicious of the French monarchy and scornful of the new elites that served it Henri de Boulainvilliers 1658 1722 has been considered one of the Old Regime s paradigmatic aristocratic reactionaries a founder of modern racist theory Some scholars however have admired his constitutionalism and judged him a progenitor of an enlightened aristocratic liberalism now commonly held to have been a major force in shaping the ideology of the French Revolution In a close contextual study of the writings of this enigmatic pivotal thinker Harold A Ellis persuasively rethinks both images of Boulainvilliers finding him a controversialist who interpreted French history as a self consciously political writer seeking to address an emergent political public The French Monarchy ,1680 **French Monarchy (1483-1789).** Arthur James Grant,1900 **The Growth and Decline of the French Monarchy** James Mackinnon,1902 *LOUIS 14 & THE ZENITH OF THE F* Arthur 1853-1930 Hassall,2016-08-27 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **The Rise and Fall of the French Monarchy** Epic Epoch,2025-04-29 The Rise and Fall of the French Monarchy by Epic Epoch Disclaimer This is an original work of historical non fiction by Epic Epoch How did France go from divine kings to a storming mob and a guillotine This is the gripping tale of the French monarchy from the splendor of Versailles to the bloodshed of revolution Meet the kings queens and commoners who shaped a nation and then
