Current Book Review Citations ,1982 Arts & Humanities Citation Index ,1992 A Century of Love Thomas Henry McQuaid,1951 **Love's Quintessence. (A Story of the Xxth Century.)**. G. A. MOTALA,1928 *Searching the Heart* Karen Lystra,1992-06-25 In January 1862 Charles Godwin courted Harriet Russell ultimately unsuccessfully with the following lines Like cadences of inexpressibly sweet music your kind words came to me causing every nerve to vibrate as though electrified by some far off strain of heavenly harmony Almost ten years later Albert Janin upon receiving a letter from his beloved Violet Blair responded with I kissed your letter over and over again regardless of the small pox epidemic at New York and gave myself up to a carnival of bliss before breaking the envelope And in October 1883 Dorothea Lummis wrote candidly to her husband Charles I like you to want me dear and if I were only with you I would embrace more than the back of your neck be sure In Karen Lystra s richly provocative book *Searching the Heart* we hear the voices of Charles Albert Dorothea and nearly one hundred other nineteenth century Americans emerge from their surprisingly open intimate and emotional love letters While historians of nineteenth century America have explored a host of private topics including courtship marriage birth control sexuality and sex roles they have consistently neglected the study of romantic love Lystra fills this gap by describing in vivid detail what it meant to fall in love in Victorian America Based on a vast array of love letters the book reveals the existence of a real openness even playfulness between male and female lovers which challenges and expands more traditional views of middle class private life in Victorian America Lystra refutes the common belief that Victorian men and women held passionlessness as an ideal in their romantic relationships Enabling us to enter the hidden world of Victorian lovers the letters they left behind offer genuine proof of the intensity of their most private interactions feelings behaviors and judgments Lystra discusses how Victorians anthropomorphized love letters treating them as actual visits from their lovers insisting on reading them in seclusion sometimes kissing them as Albert does with Violet s and even taking them to bed She also explores how courtship rituals which included the setting and passing of tests of love succeeded in building unique emotional bonds between lovers and how middle class views of romantic love which encouraged sharing knowledge and intimacy gave women more power in the home Through the medium of love letters *Searching the Heart* allows us to enter unnoticed the Victorian bedroom and parlor We will leave with a different view of middle class Victorian America **A Century of Love** Olivia Wassmer,1975 Love in the Eighteenth Century Edmond De Goncourt,Jules De Goncourt,2015-08-31 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this

Love in High Life, Or the Amours of a Court LOVE,1760 *Moments of Love* Barbara Cartland,1982 **The English in Love** Claire Langhamer,2013-08-22 Love has a history It has meant different things to different people at different moments and has served different purposes This book tells the story of love at a crucial point a moment when the emotional landscape changed dramatically for large numbers of people It is a story based in England but informed by America and covers the period from the end of the First World War until the break up of The Beatles To the casual observer this era was a golden age of marriage More people married than ever before They did so at increasingly younger ages And there was a revolution in our idea of what marriage meant Pragmatic notions of marriage as institution were superseded by the more romantic ideal of a relationship based upon individual emotional commitment love sex and personal fulfilment And yet this new idea of marriage based on a belief in the transformative power of love and emotion carried within it the seeds of its own destruction Romantic love particularly when tied to sexual satisfaction ultimately proved an unreliable foundation upon which to build marriages fatally it had the potential to evaporate over time and under pressure Scratching beneath the surface of the apparent golden age of marriage Claire Langhamer uncovers the real story of love in the twentieth century via the recollections of ordinary people who lived through the period It is a tale of quiet emotional instability persistent subversion and unsettling change At its end the idea of life long marriage was in serious decline And as Langhamer shows this was a decline directly rooted in the contradictions and tensions that lay at the heart of the emotional revolution itself
