Fiedler, 2025-06-18 Leslie A Fiedler s *Love and Death in the American Novel* is an acclaimed classic and a foundational work of literary criticism offering a bold and provocative exploration of the themes that define American fiction Originally published in 1960 this groundbreaking study examines how love sexuality death and moral conflict shape the American literary tradition setting it apart from its European counterparts Fiedler argues that American literature is deeply rooted in myth fantasy and the tension between innocence and experience He traces recurring motifs such as the absence of mature heterosexual relationships the glorification of male bonding and the fascination with the wilderness through the works of writers like Nathaniel Hawthorne Herman Melville Mark Twain and F Scott Fitzgerald His analysis uncovers the underlying psychological and cultural forces that have influenced the American literary imagination from its early Gothic and Romantic origins to its modern existential dilemmas Written with intellectual rigor and sharp wit *Love and Death in the American Novel* remains a standard in literary criticism continually shaping discussions on American literature and cultural identity Fiedler s insights challenge readers to reconsider the narratives that have long been celebrated as the heart of the American experience Essential for students scholars and anyone interested in the deep seated themes that define America s greatest literary works this book is as thought provoking today as when it first revolutionized the field of literary studies Love and Death in the American Novel Anthony Wayne Colver, 1967 *Love and Death in the American Novel* Thomas J. Calvinist Humor in American Literature Michael Dunne, 2007-12-01 Though the phrase Calvinist humor may seem to be an oxymoron Michael Dunne in highly original and unfailingly interesting readings of major American fiction writers uncovers and traces two recurrent strands of Calvinist humor descending from Puritan times far into the twentieth century Calvinist doctrine views mankind as fallen apt to engage in any number of imperfect behaviors Calvinist humor Dunne explains consists in the perception of this imperfection When we perceive that only others are imperfect we participate in the form of Calvinist humor preferred by William Bradford and Nathanael West When we perceive that others are imperfect as we all are we participate in the form preferred by Mark Twain and William Faulkner for example Either by noting their characters inferiority or by observing ways in which we are all far from perfect Dunne observes American writers have found much to laugh about and many occasions for Calvinist humor The two strains of Calvinist humor are alike in making the faults of others more important than their virtues They differ in terms of what we might think of as the writer perceiver's disposition his or her willingness to recognize the same faults in him or herself In addition to Bradford West Twain and Faulkner Dunne discovers Calvinist humor in the works of Flannery O'Connor Herman Melville Nathaniel Hawthorne Ernest Hemingway and many others For these authors the world and thus their fiction is populated with flawed creatures Even after belief in orthodox Calvinism diminished in the twentieth century Dunne discovers American writers continued to mine these veins irrespective of the authors religious affiliations or lack of them Dunne notes that even when these writers fail to accept the Calvinist view wholeheartedly they still have a tendency to see some version of Calvinism as more attractive than an optimistic idealistic view of life With an eye for the telling detail and a wry humor of his own Dunne clearly demonstrates that the fundamental Calvinist assumption that human beings are fallen from some putatively better state has had a surprising lingering presence in American literature

Love and Depth in the American Novel Ashley C. Barnes, 2020-04-23 Love and Depth in the American Novel seeks to change how we think about the American love story and how we imagine the love of literature By examining classics of nineteenth century American literature Ashley Barnes offers a new approach to literary theory that encompasses both New Historicism and the ethical turn in literary studies Couples like Huck and Jim and Ishmael and Queequeg have grounded the classic account of the American novel as exceptionally gothic and antisocial Barnes argues instead for a model of shared intimacy that connects the evangelical sentimental best seller to the high art of psychological realism In her reading of works by Harriet Beecher Stowe Nathaniel Hawthorne Herman Melville Elizabeth Stoddard Henry James and others in the context of nineteenth century Protestant Catholic debates about how to know and love God what emerges is an alternate tradition of the American love story that pictures intimacy as communion rather than revelation Barnes uses that unacknowledged love story to propose a model of literary critical intimacy that depends on reading fiction in its historical context

Reising, 2013-11-05 First Published in 2002 Amongst a time of rapid and radical social change New Accents is a positive response to change with each volume seeking to encourage rather than resist the process of change to stretch rather than reinforce boundaries that currently define literature and its academic study This study offers the authors theories of

American literature and more specifically his interest here is in how those theories define the canon of American literature and how those definitions influence our understanding and teaching of that canon **Encyclopedia of Contemporary**
