*Shakespeare, Sex, and Love* Stanley Wells,2010-04-08 How does

Shakespeare's treatment of human sexuality relate to the sexual conventions and language of his times Pre eminent Shakespearean critic Stanley Wells draws on historical and anecdotal sources to present an illuminating account of sexual behaviour in Shakespeare's time particularly in Stratford upon Avon and London He demonstrates what we know or can deduce of the sex lives of Shakespeare and members of his family He also provides a fascinating account of depictions of sexuality in the poetry of the period and suggests that at the time Shakespeare was writing most of his non dramatic verse a group of poets catered especially for readers with homoerotic tastes The second part of Shakespeare Sex and Love focuses on the variety of ways in which Shakespeare treats sexuality in his plays and at how he relates sexuality to love Wells shows that Shakespeare's attitude to sex developed over the course of his writing career and devotes whole chapters to The Fun of Sex to how he raises laughter out of the matter of sex in both the language and the plotting of some of his comedies portrayals of sexual desire to Romeo and Julietas the play in which Shakespeare focuses most centrally on issues relating to sex love and the relationship between them to sexual jealousy traced through four major plays Sexual Experience and Whores and Saints A final chapter Just Good Friends examines Shakespeare's rendering of same gender relationships

Theodore Roethke's Far Fields Peter Balakian, 1999-03-01 In this critical study of Theodore Roethke's poetry Peter Balakian treats the evolution of the poet's work from his first book Open House 1941 to his last The Far Field 1964 Balakian argues that Roethke was among the most innovative poets of his time and that The Lost Son and Other Poems 1948 brought America to a new frontier in the contemporary era Balakian maintains that Roethke combined and furthered major traditions in English and American poetry the formal poetics and meditative sensibility of British metaphysical and Romantic poetry the American visionary tradition and the innovations of modernism The early chapters of the book explore Roethke's intellectual religious and psychological development and his development as a poet Balakian discusses the influence of William Carlos Williams on Roethke's work and claims that the relationship between the two poets provided Roethke with a sense of the American grain Later chapters treat the shift from self absorption to union with otherness that marks Roethke's love poems exploring the poet's development of mysticism and a poetic persona and examining the influences of Eliot and Whitman on his work Balakian also discusses the metaphysical language necessary for Roethke's late poems and follows Roethke's spiritual progress as he prophetically faces his final work In presenting the evolution of Roethke's career Balakian offers fresh and original readings of the poetry He avoids any monolithic approach to the body of Roethke's work employing instead various approaches to Roethke's stages of poetic evolution Balakian makes use of the psychology of C G Jung and Erich Neumann the writings of the mystics the aesthetics of William Carlos Williams and the myth of the American frontier With a literary historian's concern for Roethke's place in history and a critic's eye for the sources and structures of poetry Balakian studies the resonances of language and the inner life of this poet's craft Theodore Roethke's Far Fields places Roethke firmly in literary and intellectual history and asserts his place as a major poet Yesterday's Romance - A Book of Romantic Poems

Julie K. Zerbe, Ron S. King, 2006-10-01 A book of Romantic Poetry **To Our Bodies Turn We Then** Felecia Wright McDuffie, 2005-05-06 From his early love poetry to his late religious writing John Donne speaks of the human body as a book to be read and interpreted Unlike modern thinkers who understand the body as a purely material phenomenon or post modern critics who see in it a text produced by culture Donne understands the body as a scriptural text written by God In this study McDuffie offers a comprehensive interpretation of Donne's reading of the body In Donne's imaginative universe the human person lies at the center of the great interconnected web of God's signs and acts As such he makes it the touchstone of his own theology While his anthropology is basically orthodox the emphasis Donne places on the body and the role it plays in his religious poetics are distinctive Refusing to restrict God's revelation to the written words of Scripture Donne turns habitually to the book of the human body as a collection of signs that indicate God's nature his intent and the

human condition He also at times represents the human body not as a mere sign but as sacrament a seal of the promises of God that conveys his presence and grace In his reading of the book of the body Donne discerns the narrative of salvation history the trajectory proceeding from creation through fall to redemption and resurrection He sets the body and salvation history into a dialogical relationship always reading one in terms of the other Donne reads in the body God s great love for the material the ravages of the Fall God s redemptive action in Christ and in the lives of the saints and the literal and figurative deaths that serve as gateways to resurrection and eschatological fulfillment
