Sharon Butala and others **The Routledge Introduction to Gender and Sexuality in Literature in Canada** Linda M. Morra, 2023-01-31 The Routledge Introduction to Gender and Sexuality in Literature in Canada charts the evolution of gender and sexuality as they have been represented and performed in the literatures of Canada for more than three centuries From early colonial texts by Frances Brooke to settler texts by Susanna Moodie and Catherine Parr Traill to more contemporary texts by Jane Rule Alice Munro Joshua Whitehead Ivan Coyote and others this volume will introduce readers to how gender and sexuality have been variably conceived in Canada and the work they perform across multiple genres Calling upon recent currents of gender theory and examining the composition structure and history of selected literary texts that is the literary sediments that have accumulated over centuries readers of this book will explore how those representations shift over time By examining literature in Canada in relation to crucial cultural political and historical contexts readers will better apprehend why that literature has significantly transformed and broadened to address racialized and fluid identities that continue to challenge and disrupt any stable notion of gendered and sexualized identity today **Queer Indigenous Studies** Qwo-Li Driskill, Chris Finley, Brian Joseph Gilley, Scott Lauria Morgensen, 2011-03-05 This book is an imagining So begins this collection examining critical Indigenous centered approaches to understanding gay lesbian bisexual transgender queer and Two Spirit GLBTQ2 lives and communities and the creative implications of queer theory in Native studies This book is not so much a manifesto as it is a dialogue a writing in conversation among a luminous group of scholar activists revisiting the history of gay and lesbian studies in Indigenous communities while forging a path for Indigenous centered theories and methodologies The bold opening to Queer Indigenous Studies invites new dialogues in Native American and Indigenous studies about the directions and implications of queer Indigenous studies The collection notably engages Indigenous GLBTQ2 movements as alliances that also call for allies beyond their bounds which the co editors and contributors model by crossing their varied identities including Native trans straight non Native feminist Two Spirit mixed blood and queer to name just a few Rooted in the Indigenous Americas and the Pacific and drawing on disciplines ranging from literature to anthropology contributors to Queer Indigenous Studies call Indigenous GLBTQ2 movements and allies to center an analysis that critiques the relationship between colonialism and heteropatriarchy By answering critical turns in Indigenous scholarship that center Indigenous epistemologies and methodologies contributors join in reshaping Native studies queer studies transgender studies and Indigenous feminisms Based on the reality that queer Indigenous people experience multilayered oppression that profoundly impacts our safety health and survival this book is at once an imagining and an invitation to the reader to join in the discussion of decolonizing queer Indigenous research and theory and by doing so to partake in allied resistance working toward positive change **Poetry and Sustainability in Education** Sandra Lee Kleppe, Angela Sorby, 2022-08-23 This edited collection offers educators at all levels a range of practical and theoretical approaches to teaching poetry in the context of environmental sustainability The contributors are keenly aware of the

urgency facing the planet's ecosystems ecosystems which include all of us and this volume makes the case that teaching poetry is not a luxury Each of the book's three sections works from a specific angle and register Part I focuses on pragmatic approaches to classroom activities and curricular choices Part II considers policies and politics including the role of the UN's Education for Sustainable Development ESD program and Part III takes a widescreen view exploring the philosophical issues that arise when poems are integrated into sustainability curricula This book exemplifies how poetry empowers readers to think imaginatively about how to sustain and why to sustain our world its resources and its beauty **Dhuuluu-Yala** Anita Heiss, 2003 Dhuuluu Yala is a Wiradjuri phrase meaning to talk straight and this book is straight talk about publishing Indigenous literature in Australia It also includes broader issues that writers need to consider engaging with readers and reviewers The book covers the period up to the mid 1900s though some references are included up to 2000 Changes have been made since that date however the issues identified in Dhuuluu Yala remain current and to a large extent unresolved The history of defining Aboriginality in Australia and the experience of being Aboriginal have both impacted on the production of Aboriginal writing today These twin themes are the major focus of the book The pioneering roles of Aboriginal writers who have gone before and created a space has allowed for the growth of an Indigenous publishing industry Indeed a literary and publishing culture have developed also because of the increasing desire and need for an authentic Indigenous voice in Australian literature Although funding and other mechanisms are in place and possibilities afforded Indigenous writers have improved opportunities are still limited leading to some authors choosing to self publish **Witness, I Am** Gregory Scofield, 2016-10-01 Witness I Am is divided into three gripping sections of new poetry from one of Canada's most recognized poets The first part of the book Dangerous Sound contains contemporary themed poems about identity and belonging undone and rendered into modern sound poetry Muskrat Woman the middle part of the book is a breathtaking epic poem that considers the issue of missing and murdered indigenous women through the reimagining and retelling of a sacred Cree creation story The final section of the book Ghost Dance raids the autobiographical so often found in Scofield's poetry weaving the personal and universal into a tapestry of sharp poetic luminosity From Killer Scofield eerily slices the dreadful in with the exquisite I could this day of proficient blooms take your fingers tie them down one by one This one for the runaway this one for the joker this one for the sass talker this one for the judge this one for the jury Oh I could kill you **Thunder Through My Veins** Gregory Scofield, 2019-09-10 Gregory Scofield's Thunder Through My Veins is the heartbreakingly beautiful memoir of one man's journey toward self discovery acceptance and the healing power of art Few people can justify a memoir at the age of thirty three Gregory Scofield is the exception a young man who has inhabited several lives in the time most of us can manage only one Born into a Métis family of Cree Scottish English and French descent but never told of his heritage Gregory knew he was different His father disappeared after he was born and at five he was separated from his mother and sent to live with strangers and extended family There began a childhood marked by constant loss poverty

violence and self hatred Only his love for his sensitive but battered mother and his Auntie Georgina a neighbor who befriended him kept him alive It wasn't until he set out to search for his roots and began to chronicle his life in evocative award winning poetry that he found himself released from the burdens of the past and able to draw upon the wisdom of those who went before him *Thunder Through My Veins* is Gregory's traumatic tender and hopeful story of his fight to rediscover and accept himself in the face of a heritage with diametrically opposed backgrounds *Indigenous Men and Masculinities* Robert Alexander Innes, Kim Anderson, 2015-11-06 What do we know of masculinities in non patriarchal societies Indigenous peoples of the Americas and beyond come from traditions of gender equity complementarity and the sacred feminine concepts that were unimaginable and shocking to Euro western peoples at contact *Indigenous Men and Masculinities* edited by Kim Anderson and Robert Alexander Innes brings together prominent thinkers to explore the meaning of masculinities and being a man within such traditions further examining the colonial disruption and imposition of patriarchy on Indigenous men Building on Indigenous knowledge systems Indigenous feminism and queer theory the sixteen essays by scholars and activists from Canada the U S and New Zealand open pathways for the nascent field of Indigenous masculinities The authors explore subjects of representation through art and literature as well as Indigenous masculinities in sport prisons and gangs *Indigenous Men and Masculinities* highlights voices of Indigenous male writers traditional knowledge keepers ex gang members war veterans fathers youth two spirited people and Indigenous men working to end violence against women It offers a refreshing vision toward equitable societies that celebrate healthy and diverse masculinities **Across Cultures / Across Borders** Paul Depasquale, Renate Eigenbrod, Emma Larocque, 2009-12-23 *Across Cultures Across Borders* is a collection of new critical essays interviews and other writings by twenty five established and emerging Canadian Aboriginal and Native American scholars and creative writers across Turtle Island Together these original works illustrate diverse but interconnecting knowledges and offer powerfully relevant observations on Native literature and culture *Green Matters*, 2019-11-26 *Green Matters* offers a fascinating insight into the regenerative function of literature with regard to environmental concerns Based on recent developments in ecocriticism the book demonstrates how the aesthetic dimension of literary texts makes them a vital force in the struggle for sustainable futures Applying this understanding to individual works from a number of different thematic fields cultural contexts and literary genres *Green Matters* presents novel approaches to the manifold ways in which literature can make a difference While the first sections of the book highlight the transnational the focus on Canada in the last section allows a more specific exploration of how themes genres and literary forms develop their own manifestations within a national context Through its unifying ecocultural focus and its variegated approaches the volume is an essential contribution to contemporary environmental humanities *Sanctioned Ignorance* Paul Martin, 2013-11-15 There is no such thing as the ivory tower Rather there sit side by side numerous windowless towers of knowledge each seeming to have only a small entrance and no discernable exit Paul Martin Multilingual multicultural and

vast Canada enjoys a rich diversity of literatures So why does Canadian Literature as it has been taught fail to encompass a common geography history and government yet reveal the diverse experiences of its immigrants long term residents and original peoples Martin s research interviews with 95 professors in 27 universities maps the institutional chasms in communication and the nature of their persistence His own example of venturing out from his tower to dialogue with colleagues shows a way toward cultivating a conception of the literatures of Canada that is expansive and inclusive Canadianists professors of English French Postcolonial and Comparative Literatures and leaders in education will profit from Martin s frank investigations

Transnational Canadas Kit Dobson, 2011-04-07 Transnational Canadas marks the first sustained inquiry into the relationship between globalization and Canadian literature written in English Tracking developments in the literature and its study from the centennial period to the present it shows how current work in transnational studies can provide new insights for researchers and students Arguing first that the dichotomy of Canadian nationalism and globalization is no longer valid in today s economic climate Transnational Canadas explores the legacy of leftist nationalism in Canadian literature It examines the interventions of multicultural writing in the 1980s and 1990s investigating the cultural politics of the period and how they increasingly became part of Canada s state structure Under globalization the book concludes we need to understand new forms of subjectivity and mobility as sites for cultural politics and look beyond received notions of belonging and being An original contribution to the study of Canadian literature Transnational Canadas seeks to invigorate discussion by challenging students and researchers to understand the national and the global simultaneously to look at the politics of identity beyond the rubric of multiculturalism and to rethink the slippery notion of the political for the contemporary era

Carrying the Burden of Peace Sam McKegney, 2021-04-27 Can a critical examination of Indigenous masculinities be an honor song one that celebrates rather than pathologizes one that seeks diversity and strength one that overturns heteropatriarchy without centering settler colonialism Can a critical examination of Indigenous masculinities even be creative inclusive erotic Sam McKegney answers affirmatively Countering the perception that masculinity has been so contaminated as to be irredeemable the book explores Indigenous literary art for understandings of masculinity that exceed the impoverished inheritance of colonialism Carrying the Burden of Peace weaves together stories of Indigenous life love eroticism pain and joy to map the contours of diverse empowered and non dominant Indigenous masculinities It is from here that a more balanced world may be pursued
