Cornelius, Marybeth Ragsdale-Richards, 2023-01-16 Many of us grew up exploring fascinating worlds in books films and most importantly our imaginations places filled with mythological characters and magical landscapes where we had stunning experiences punctuated by the harmless pleasures that any child's mind can conjure These worlds sometimes end up in our childhood fictions which have in turn shaped countless imaginations and childhood adventures The essays in this book attempt to comprehend the worlds of children's progressive fiction from how they are created to how they affect readers This book explores what happens when speculative genres fantasy horror and science fiction and imaginative spaces collide headlong with the realities and surrealities of modern childhood It moves back and forth between Oz Wonderland Redwall and Fear Street and explores series such as Nancy Drew Inkheart The Mortal Instruments the Miss Peregrine series and more Many of these works feature children who must save the day to stop the bad guy kill the monster complete the quest and rescue adults leading us to wonder if fantastic spaces in children's progressive fiction are really helping kids prepare to save the world rather than helping them temporarily escape it *Drake. The enchanted island. New poems* Alfred Noyes, 1911 **Imagining the Tropics** Elizabeth S. Manley, Elizabeth Manley, 2025-05-13 Imagining the Tropics is a history of the development of tourism in the Caribbean

from the 1910s through the 1970s that focuses on the ways women's labors of hospitality writing and advocacy built the industry and its ubiquitous imagery of tropical island relaxation escape and romance. By examining a range of sources engaging an array of women protagonists and looking broadly across multiple Caribbean island states including Jamaica, Cuba, the Bahamas, Barbados, the Dominican Republic, Haiti, Puerto Rico, Trinidad and Tobago, and the U.S. and British Virgin Islands, it seeks to understand how the region came to be sold as a romantic escape from the troubles of the modern world. By putting women at the center of Caribbean tourism history as both its ambassadors and objects of desire, it seeks to explain some of the complicated contradictions that plague the business of pleasure but also to point toward ways of building alternative models to its present and past extractive realities.

The Invention of Northern Aesthetics in 18th-Century English Literature Yvonne Bezrucka, 2018-06-11. Free. Romantic and individualistic Britain's self-image in the eighteenth century constructs itself in opposition to the dominant power of a southern European aesthetics. Offering a fresh understanding of how the British intelligentsia created a Northern aesthetics to challenge the European yoke, this book explores the roots of British Romanticism and a newly created past. Literature, the arts, architecture, and gardening all contributed to the creation of this national, enlightened Northern cultural environment with its emphasis on a home-grown legal tradition, on a heroic Celtic past, and on the imagined democracy of King Arthur and his Roundtable of Knights as a prophetic precursor of Constitutional Monarchy. Set against the European Grand Tour, the British turned to the Domestic Picturesque, Anti-Grand Tour, and alongside a classical literary heritage championed British authors and British empiricism against continental religion that sanctioned an authoritarian politics that the Gothic Novel mocks. However, if empiricism and common law were vital to this emerging tradition, so too was the other driving force of Britain's medieval inheritance: the fantasy world of mythic heroes and a celebration of what would come to be known as the fairy way of writing.
