The Crying Tree and the Magic Rock John Russell, 2024-10-15 My fourth book The Crying Tree and the Magic Rock is a collection of mind blowing true tales of the supernatural My new book examines not just newer experiences but it revisits some of the incredible events that I wrote about in my first two books Riding with Ghosts Angels and the Spirits of the Dead and A Knock in the Attic with relevant updates to those narratives such as the night that my precious and beloved deceased cat Gizmo came back in the flesh to visit me yet once again proving that there is a powerful spiritual continuum in our lives that endures and provides additional truths and reassurances that our souls live on I write about never before told occurrences such as the time when my psychic powers fried a bus the hair raising supernatural event that happened to me when I was just a boy running my paper route on my bicycle in the dark the magic rocks I've found over the years that changed in apparent weight and size and appearance strange teleportations of objects from one sealed box to another after we had moved an incredible story of the Devil himself dancing with several women in a West Texas nightclub during Cinco de Mayo guidance from the Other Side that enabled me to save the life of a young child and the bizarre story of a snake that saved me and my buddies from a beatdown Sometimes my paranormal experiences are teaching moments that are subtle memorable and occasionally heartrending including life lessons that I've learned while observing nature animals and people In some of my essays written in a style reminiscent of Robert Fulghum you'll discover the spiritual lessons I learned from watching ducks in the river a moth stuck in dewy grass and a sacred moment I experienced with of all things a taco And then there's those pesky UFOs Read about my own up close and personal encounters with these strange craft and my subsequent observations that have led me to draw distinct conclusions about their behaviors That's just a smattering of the amazing true tales you'll enjoy reading in my newest book The Crying Tree and the Magic Rock

The Magic of Jewels and Charms George Frederick Kunz,1915

The Golden Bough: A Study in Magic and Religion (Complete) Sir James George Frazer,1957-01-01 Who does not know Turner s picture of the Golden Bough The scene suffused with the golden glow of imagination in which the divine mind of Turner steeped and transfigured even the fairest natural landscape is a dream like vision of the little woodland lake of Nemi Diana s Mirror as it was called by the ancients No one who has seen that calm water lapped in a green hollow of the Alban hills can ever forget it The two characteristic Italian villages which slumber on its banks and the equally Italian palazzo whose terraced gardens descend steeply to the lake hardly break the stillness and even the solitariness of the scene Dian herself might still linger by this lonely shore still haunt these woodlands wild In antiquity this sylvan landscape was the scene of a strange and recurring tragedy On the northern shore of the lake right under the precipitous cliffs on which the modern village of Nemi is perched stood the sacred grove and sanctuary of Diana Nemorensis or Diana of the Wood The lake and the grove were sometimes known as the lake and grove of Aricia But the town of Aricia the modern La Riccia was situated about three miles off at the foot of the Alban Mount and separated by a steep descent from the lake which lies in a small crater like hollow on the mountain side In this sacred grove there grew a certain tree round which at any time of the day and probably far into the night a strange figure might be seen to prowl In his hand he carried a drawn sword and he kept peering warily about him as if every instant he expected to be set upon by an enemy He was a priest and a murderer and the man for whom he looked was sooner or later to murder him and hold the priesthood in his stead Such was the rule of the sanctuary A candidate for the priesthood could only succeed to office by slaying the priest and having slain him he held office till he was himself slain by a stronger or a craftier This strange rule has no parallel in classical antiquity and cannot be explained from it To find an explanation we must go farther afield No one will probably deny that such a custom savours of a

barbarous age and surviving into imperial times stands out in striking isolation from the polished Italian society of the day like a primeval rock rising from a smooth shaven lawn It is the very rudeness and barbarity of the custom which allow us a hope of explaining it For recent researches into the early history of man have revealed the essential similarity with which under many superficial differences the human mind has elaborated its first crude philosophy of life Accordingly if we can show that a barbarous custom like that of the priesthood of Nemi has existed elsewhere if we can detect the motives which led to its institution if we can prove that these motives have operated widely perhaps universally in human society producing in varied circumstances a variety of institutions specifically different but generically alike if we can show lastly that these very motives with some of their derivative institutions were actually at work in classical antiquity then we may fairly infer that at a remoter age the same motives gave birth to the priesthood of Nemi Such an inference in default of direct evidence as to how the priesthood did actually arise can never amount to demonstration But it will be more or less probable according to the degree of completeness with which it fulfils the conditions indicated above The object of this book is by meeting these conditions to offer a fairly probable explanation of the priesthood of Nemi I begin by setting forth the few facts and legends which have come down to us on the subject According to one story the worship of Diana at Nemi was instituted by Orestes who after killing Thoas King of the Tauric Chersonese the Crimea fled with his sister to Italy bringing with him the image of the Tauric Diana The bloody ritual which legend ascribed to that goddess is familiar to classical readers it is said that every stranger who landed on the shore was sacrificed on her altar But transported to Italy the rite assumed a milder form Within the sanctuary at Nemi grew a certain tree of which no branch might be broken Only a runaway slave was allowed to break off if he could one of its boughs Success in the attempt entitled him to fight the priest in single combat and if he slew him he reigned in his stead with the title of King of the Wood Rex Nemorensis Tradition averred that the fateful branch was that Golden Bough which at the Sibyl's bidding Aeneas plucked before he essayed the perilous journey to the world of the dead The flight of the slave represented it was said the flight of Orestes his combat with the priest was a reminiscence of the human sacrifices once offered to the Tauric Diana This rule of succession by the sword was observed down to imperial times for amongst his other freaks Caligula thinking that the priest of Nemi had held office too long hired a more stalwart ruffian to slay him

Faith and Magic in Early Modern Finland Raisa Maria Toivo, 2016-04-08 Early modern Finland is rarely the focus of attention in the study of European history but it has a place in the context of northern European religious and political culture While Finland was theoretically Lutheran a religious plurality

embodied in ceremonies and interpreted as magic survived and flourished Blessing candles pilgrimages and offerings to forest spirits merged with catechism hearings and sermon preaching among the lay piety What were the circumstances that allowed for such a continuity of magic How were the manifestations and experiences that defined faith and magic tied together How did western and eastern religious influences manifest themselves in Finnish magic Faith and Magic in Early Modern Finland shows us how peripheral Finland can shed light on the wider context of European magic and religion

Ager,2022-04-27 Magic was a fundamental part of the Greco Roman world Curses erotic spells healing charms divination and other supernatural methods of trying to change the universe were

everyday methods of coping with the difficulties of life in antiquity While ancient magic is most often studied through texts like surviving Greco Egyptian spellbooks and artifacts like lead curse tablets for a Greek or Roman magician a ritual was a rich sensual experience full of unusual tastes smells textures and sounds bright colors and sensations like fasting and sleeplessness Greco Roman magical rituals were particularly dominated by the sense of smell both fragrant smells and foul odors Ritual practitioners surrounded themselves with clouds of fragrant incense and perfume to create a sweet and inviting atmosphere for contact with the divine and to alter their own perceptions they also used odors as an instrumental weapon to attack enemies and command the gods Elsewhere odiferous herbs were used equally as medical cures and magical ingredients In literature scent and magic became intertwined as metaphors with fragrant spells representing the dangers of sensual perfumes and conversely smells acting as a visceral way of envisioning the mysterious action of magic The Scent of Ancient Magic explores the complex interconnection of scent and magic in the Greco Roman world between 800 BCE and CE 600 drawing on ancient literature and the modern study of the senses to examine the sensory depth and richness of ancient magic Author Britta K Ager looks at how ancient magicians used scents as part of their spells to put themselves in the right mindset for an encounter with a god or to attack their enemies through scent Ager also examines the magicians who appear in ancient fiction like Medea and Circe and the more metaphorical ways in which their spells are confused with perfumes and herbs This book brings together recent scholarship on ancient magic from classical studies and on scent from the interdisciplinary field of sensory studies in order to examine how practicing ancient magicians used scents for ritual purposes how scent and magic were conceptually related in ancient literature and culture and how the assumption that strong scents convey powerful effects of various sorts was also found in related areas like ancient medical practices and normative religious ritual
