Magic World Of Batik:

Batik Itie C. Hout, 2001 From about 1840 onwards batiks found their way from what was called the Netherlands East Indies then under Dutch colonial rule to the Netherlands where they were kept in private and public collections Owing to Holland's great interest in Batik Amsterdam's Tropenmuseum now owns a collection of over 3000 pieces Many represent the major batik centres that emerged on Java Madura and Sumatra Batiks tell the stories of their maker their wearers and eventual collectors By studying the history of individual pieces from their creation to their arrival in the Tropenmuseum we can relate them to their shared history Batik became a product of intercultural contact in a society where different ethnic groups lived next to or with each other This book focuses on this communication on batiks as visual witnesses of cultural encounter within the East but also between the East and the West This book will appeal to anyone interested in Indonesian arts and textiles It is a rich source of study for scholars interested in the art of batik and the society in which it developed to its high level of perfection *The Asian Family in Literature and Film* Bernard Wilson, Sharifah Aishah Osman, 2024-06-24 This book investigates the ways in which the family unit is now perceived in South and Southeast Asia and the Asian diaspora its numerous conceptions and the changes it has undergone over the last century and into the new one The prevailing threads that run through a significant part of the literature and cinema emerging from these societies are the challenges that confront those negotiating changing forms of family changes which are expressed historically politically and socio culturally and often in relation to gender ethnic or economic imbalances Though regional and localized in many ways they are also very much universal in the questions they ask the lessons they teach and the connections they make Theoretically and in terms of focus the collection offers a broad range embracing representation and analysis from scholars across the globe and across disciplines It assembles written and visual texts from and about India Indonesia Malaysia The Philippines Singapore and the Asian diaspora How have more fluid concepts of family in the late twentieth and early twenty first centuries affected the understanding of family in Asia How have families in Asia resisted or embraced change How have they responded to trauma What do other readings gendered feminist queer and diasporic bring to modern debates surrounding family To what extent are notions of family community society and nation represented as interchangeable concepts in Asian societies This book questions the power dynamics ethical considerations and moral imperatives that underpin families and societies within and beyond Asian borders *Art World*, 1917 *Building on Batik* Michael Hitchcock, Wiendu Nuryanti, 2016-12-05 The word batik is possibly of Malay origin from the word tik meaning to drip or to drop The term is applied to a resist dye technique invented independently in locations as diverse as Ancient Egypt Japan and Turkestan Batik is a remarkably flexible textile technique and is suited to small scale methods of production but demand from the fashion and tourism industries is increasing This volume brings together the experiences and concerns of the international community of batik producers It gives voice to their suggestions for ensuring that the producers of this traditional craft are integrated into its increasingly

global production rather than excluded from it Building on the work of batik designers and producers the book discusses the emergence of a global craft consciousness Batik producers report on innovative measures taken both individually and collectively to hold their market position while commercial producers frequently annex and mass produce traditional batik design The book concludes with a discussion of marketing and production innovations and tourism which enable the producers of batik to maintain the integrity of their designs whilst harnessing the benefits of new commercial forms **The**
