Magical Child Within You:

The Magical Child Within You Bruce Davis, 1985 Magical Child Joseph Chilton Pearce, 1992-03-01 *Magical Child* a classic work profoundly questioned the current thinking on childbirth practices parenting and educating our children Now its daring ideas about how Western society is damaging our children and how we can better nurture them and ourselves ring truer than ever From the very instant of birth says Joseph Chilton Pearce the human child has only one concern to learn all that there is to learn about the world This planet is the child s playground and nothing should interfere with a child s play Raised this way the *Magical Child* is a happy genius capable of anything equipped to fulfill his amazing potential Expanding on the ideas of internationally acclaimed child psychologist Jean Piaget Pearce traces the growth of the mind brain from birth to adulthood He connects the alarming rise in autism hyperkinetic behavior childhood schizophrenia and adolescent suicide to the all too common errors we make in raising and educating our children Then he shows how we can restore the astonishing wealth of creative intelligence that is the birthright of every human being Pearce challenged all our notions about child rearing and in the process challenges us to re examine ourselves Pearce s message is simple it is never too late to play for we are all *Magical Children* **From Magical Child to Magical Teen** Joseph Chilton Pearce, 2003-02-24 A

groundbreaking perspective on Nature s plan for full human creativity and intelligence during the teen years Shows what is at the core of today s serious social and psychological problems Explores the sexual and spiritual stage of adolescent development Details the connection between adolescent brain and heart development and the issue of nature vs nurture By the author of *Magical Child* 250 000 copies sold Something is supposed to happen during the adolescent years something greater than MTV video games and the Internet Joseph Chilton Pearce describes this something as the natural mandate for post biological development the development of the sexual and spiritual senses and expansion of our growth process outside of our bodies and into the physical world that surrounds us Though first written in the mid 1980s the message of *From Magical Child to Magical Teen* is even more compelling and helpful today especially for those who live with and work with adolescents Drawing on the stages of development outlined by Swiss biologist Jean Piaget and the brain research of neuroscientist Paul MacLean Pearce demonstrates how nature has built into us an agenda for the intelligent unfolding of our lives He offers a powerful critique of contemporary child rearing practices and a groundbreaking alternative to existing perspectives on adolescence so we can unleash our greatest potential as well as that of our children in order to experience our fullness in the manner nature intended all along *The Ethereal Travellers and the Magical Child* Thunderbird

believed that if you travelled far enough to the edge of the world you would fall off This was a mirage that limited their lives Today the mirage that we all live by is the idea that I will be happy when I will be happy when I am married I will be happy when I leave my job I will be happy when I am rich I will be happy when I am on holidays This belief leads to us over thinking and over analyzing all the ways that we might be happier at some point in the future But what if happiness is the wrong aim What if happiness is like the horizon an imaginary line that seems real until we start to chase it In this book Ali Walker shows that instead of seeking happiness in the future we can all practice awareness in each moment This is how we train ourselves to generate calming positive and uplifting thoughts and emotions Drawing on the author s research in psychology and her work with clients Get Conscious breaks down the four elements of self awareness and provides strategies for mastering each Feel Honor all emotions Think Choose positive thoughts Sense Trust the messages of your body Act Go with the flow of life and love Includes case studies rituals exercises and activities to help you tune into your inner being and let self awareness
