**Parapsychology, New Age, and the Occult**, 1993 **Yearning for the New Age** Diane Sasson, 2018-11-01 This biography of an unconventional woman in late 19th Century America is a study of the search for individual autonomy and spiritual growth Laura Holloway Langford a rebel girl from Tennessee moved to New York City where she supported her family as a journalist She soon became famous as the author of *Ladies of the White House* which secured her financial independence Promoted to associate editor of the *Brooklyn Daily Eagle* she gave readings and lectures and became involved in progressive women's causes the temperance movement and theosophy even traveling to Europe to meet Madame Blavatsky the movement's leader and writing for the theosophist newspaper *The Word* In the early 1870s she began a correspondence with Eldress Anna White of the Mount Lebanon New York Shaker community with whom she shared belief in pacifism feminism vegetarianism and cremation Attracted by the simplicity of Shaker life she eventually bought a farm from the Canaan Shakers where she lived and continued to write until her death in 1930 In tracing the life of this spiritual seeker Diane Sasson underscores the significant role played by cultural mediators like Holloway Langford in bringing new religious ideas to the American public and contributing to a growing interest in eastern religions and alternative approaches to health and spirituality that would alter the cultural landscape of the nation A richly detailed biography that will deepen historical understandings of New Age movements in America *American Studies* *Magic and Mysticism* Arthur Versluis, 2007 Provides overview from antiquity onwards on various Western religious esoteric movements This book includes topics such as alchemy Gnosticism Hermeticism Rosicrucianism Theosophy and more [New Age and Neopagan Religions in America](#) Sarah M. Pike, 2004 Sarah Pike traces the history of New Age and Neopagan religions in the United States from their origins in the

nineteenth century to their reemergence in the 1960s counterculture She also considers the differences and similarities between the New Age and Neopagan movements as well as the antagonistic relationship between these two practices and other religions in America particularly Christianity Covering such topics as healing gender and sexuality millennialism and ritual experience she offers a sympathetic yet critical treatment of religious practices often marginalized yet soaring in popularity Her book is a rich analysis of these spiritual worlds and social networks and questions why these faiths are flourishing at this point in American history      Everyday Religion Nancy Tatom Ammerman,2007 Attempting to let everyday religion raise critical questions about how we understand the role of religion in society this book examines the social circumstances of religion s presence and absence      *Between One and One Another* Michael Jackson,2012-01-04 Between One and One Another is a lively and fascinating exploration of the interplay between being a part of the lives of others and being apart from them Michael Jackson one of the leading and most innovative anthropologists today draws on a wealth of anthropological literary philosophical and autobiographical resources to make his case on the matter It s clear that a lifetime of learning and reflection has gone into the thoughts invested in this text Robert Desjarlais author of Counterplay An Anthropologist at the Chessboard      The Shape of Spirituality Dick Houtman,Galen Watts,2024-10-15 Around 20 percent of Americans fall into the category of spiritual but not religious Yoga has become a ubiquitous pastime for middle class Westerners Mindfulness is increasingly incorporated into school curricula sports programs and even corporate culture Hollywood icons and Silicon Valley trendsetters tout the benefits of a spiritual life These developments reflect a widespread turn away from religion toward spirituality Yet the nature of this spiritual turn is still poorly understood and its consequences sorely underappreciated The Shape of Spirituality brings together leading sociologists to challenge common notions that spirituality is individualistic privatized and apolitical and to make the definitive case for its social and political significance Contributors examine the sweeping influence of spirituality on a variety of realms including health care and therapeutic practice popular culture civic engagement public protest conspiracy culture and progressive politics Leveraging cutting edge quantitative and qualitative data this authoritative book makes clear that far from being marginal and inconsequential spirituality holds profound public importance today      **The Oxford Handbook of Religion in Modern Ireland** Gladys Ganiel,Andrew R. Holmes,2024 This volume offers a range of sociological political and historical perspectives on religion in Ireland from 1800 to the present Going beyond the usual Catholicism Protestantism dichotomy and adopting an all island approach the book s contributors address religion s interaction with several contemporary themes and debates in modern Ireland      *Great War Modernisms and 'The New Age' Magazine* Paul Jackson,2012-07-12 A study of the politics and philosophy of writers contributing to the Little Magazine The New Age during 1907 and 1922      **Magic and Modernity** Birgit Meyer,Peter Pels,2003 This is the first book to explore comparatively how magic usually portrayed as the antithesis of the modern is also at home in modernity      **The New Age** Alfred Richard Orage,Arthur Moore,1914      **Friendship**

Michael Jackson, 2023-05-16 In this book renowned anthropologist Michael Jackson draws on philosophy biography ethnography and literature to explore the meanings and affordances of friendship a relationship just as significant as yet somehow different from kinship and love Beginning with Aristotle's accounts of friendship as a political virtue and Montaigne's famous essay on friendship as a form of love Jackson examines the tension between the political and personal resonances of friendship in the philosophy of Hannah Arendt the biography of the Indian historian Brijen Gupta and the oral narratives of a Kuranko storyteller Ketu Ferenke Koroma He offers reflections on childhood friends imaginary friends lifelong friendships and friendships with animals He ruminates particularly on the complications of friendship in the context of anthropological fieldwork exploring the contradiction between the egalitarian spirit of friendship on the one hand and on the other the power imbalance between ethnographers and their interlocutors Through these stories Jackson explores the unpredictable interplay of mutability and mutuality in intimate human relationships and the critical importance of choice in forming friendship what it means to be loyal to friends through good times and bad and even in the face of danger Through a blend of memoir theory ethnography and fiction Jackson shows us how the elective affinities of friendship transcend culture gender and age and offer us perennial means of taking stock of our lives and getting a measure of our own self worth *Magical Thinking* Stuart McWilliams, 2011-12-08 Examining how scholarly writing has contended or conspired with discourses of enchantment from the Middle Ages to the present *Speaking Words of Wisdom* Michael McGowan, 2024-06-25 More popular than Jesus Despite the uproar it caused in America in 1966 John Lennon's famous assessment of the Beatles vis vis religion was not far off The Beatles did mean more to kids than the religions in which they were raised not only in America but everywhere in the world By all accounts the Beatles were the most significant musical group of the twentieth century Their albums sold in the hundreds of millions and the press was always eager to document their activities and perspectives And when fan appreciation morphed into worship Beatlemania took on religious significance Many young people around the world began to look to the Beatles their music their commentary their art for meaning in a turbulent decade *Speaking Words of Wisdom* is a deep dive into the Beatles relationship to religion through the lenses of philosophy cultural studies music history and religious studies Chapters explore topics such as religious life in Liverpool faith among individual band members why and how India entered the Beatles story fan worship deification and the Beatles long lasting legacy In the 1960s the Beatles facilitated a reevaluation of our deepest values The story of how the Beatles became modern day sages is an important case study for the ways in which consumers make culturally and religiously significant meaning from music people and events In addition to the editor the contributors to this book include David Bedford Kenneth Campbell John Covach Melissa Davis Anthony DeCurtis Mark Duffett Scott Freer Murray Leeder Sean MacLeod Grant Maxwell Christiane Meiser and Eyal Regev *The Cambridge History of Magic and Witchcraft in the West* David J. Collins, S. J., 2015-03-02 This book presents twenty chapters by experts in their fields providing a thorough and interdisciplinary overview of the theory and practice of magic in the West Its

chronological scope extends from the Ancient Near East to twenty first century North America its objects of analysis range from Persian curse tablets to US neo paganism For comparative purposes the volume includes chapters on developments in the Jewish and Muslim worlds evaluated not simply for what they contributed at various points to European notions of magic but also as models of alternative development in ancient Mediterranean legacy Similarly the volume highlights the transformative and challenging encounters of Europeans with non Europeans regarding the practice of magic in both early modern colonization and more recent decolonization

*Self-Alteration* Jean-Paul Baldacchino, Christopher Houston, 2023-11-10 *Self Alteration How People Change Themselves across Cultures* approaches the subject of the self and its becoming through the exploration of modes of its transformation including through religious and spiritual traditions and innovations embodied participation in therepeutic prorams like psychoanalysis and gendered care services and through political activism or relationships with animals The essays in this collection show that both minor and major modes of self alteration exist in many places and times and across very different modern societies

**The Nature of Magic** Susan Greenwood, 2020-06-03 This book examines how and why practitioners of nature religion Western witches druids shamans seek to relate spiritually with nature through magical consciousness Magic and consciousness are concepts that are often fraught with prejudice and ambiguity respectively Greenwood develops a new theory of magical consciousness by arguing that magic ultimately has more to do with the workings of the human mind in terms of an expanded awareness than with socio cultural explanations She combines her own subjective insights gained from magical practice with practitioners in depth accounts and sustained academic theory on the process of magic She also tracks magical consciousness in philosophy myth folklore story telling and the hi tech discourse of postmodernity and asks important questions concerning nature religion s environmental credentials such as whether it as inherently ecological as many of its practitioners claim

*Conjure in African American Society* Jeffrey E. Anderson, 2008-08 From black sorcerers client based practices in the antebellum South to the postmodern revival of hoodoo and its tandem spiritual supply stores the supernatural has long been a key component of the African American experience What began as a mixture of African European and Native American influences within slave communities finds expression today in a multimillion dollar business In *Conjure in African American Society* Jeffrey E Anderson unfolds a fascinating story as he traces the origins and evolution of conjuring practices across the centuries Though some may see the study of conjure as a perpetuation of old stereotypes that depict blacks as bound to superstition the truth Anderson reveals is far more complex Drawing on folklore fiction and nonfiction music art and interviews he explores various portrayals of the conjurer backward buffoon rebel against authority and symbol of racial pride He also examines the actual work performed by conjurers including the use of pharmacologically active herbs to treat illness psychology to ease mental ailments fear to bring about the death of enemies and acquittals at trials and advice to encourage clients to succeed on their own By critically examining the many influences that have shaped conjure over time Anderson

effectively redefines magic as a cultural power one that has profoundly touched the arts black Christianity and American society overall
