The Magical Record of the Beast 666 Aleister Crowley, 1972      Magical Record of the Beast 666 Aleister Crowley, 1998-06-26      **Magia Sexualis** Hugh B. Urban, 2006-10-04 Sexuality and the occult arts have long been associated in the western imagination but it was not until the nineteenth century that a large and sophisticated body of literature on sexual magic the use of sex as a source of magical power emerged This book the first history of western sexual magic as a modern spiritual tradition places these practices in the context of the larger discourse surrounding sexuality in American and European society over the last 150 years to discover how sexual magic was transformed from a terrifying medieval nightmare of heresy and social subversion into a modern ideal of personal empowerment and social liberation Focusing on a series of key figures including American spiritualist Paschal Beverly Randolph Aleister Crowley Julius Evola Gerald Gardner and Anton LaVey Hugh Urban traces the emergence of sexual magic out of older western esoteric traditions including Gnosticism and Kabbalah which were progressively fused with recently discovered eastern traditions such as Hindu and Buddhist Tantra His study gives remarkable new insight into sexuality in the modern era specifically on issues such as the politics of birth control the classification of sexual deviance debates over homosexuality and feminism and the role of sexuality in our own new world of post modern spirituality consumer capitalism and the Internet      Stealing Fire from Heaven Nevill Drury, 2011-03-02 The Western magical traditions are currently undergoing an international resurgence In Stealing Fire from Heaven Nevill Drury offers an overview of the modern occult revival and seeks to explain this growing interest in ancient magical belief systems Gnosticism and the Hermetica the medieval Kabbalah Tarot and Alchemy and more recently Rosicrucianism and Freemasonry collectively laid the basis for the modern magical revival which first began to gather momentum in Europe at the end of the nineteenth century Western magic has since become increasingly eclectic drawing on such diverse sources as classical Greco Roman mythology Celtic cosmology Kundalini yoga and Tantra shamanism chaos theory and the various spiritual traditions associated in many different cultures with the Universal Goddess Drury traces the rise of various forms of magical belief and practice from the influential Hermetic Order of the Golden Dawn to the emergence of Wicca and Goddess worship as expressions of contemporary feminine spirituality He also explores Chaos Magick and the occult practices of the so called Left Hand Path as well as twenty first century magical forays into cyberspace He believes that the rise of modern Western magic stems essentially from the quest for personal spiritual transformation and direct experience of the sacred a quest which the trance occultist and visionary artist Austin Osman Spare once referred to as stealing fire from heaven Considered in this light Drury argues modern Western magic can be regarded as a form of alternative spirituality in which the practitioners seek direct engagement with the mythic realm      *Hidden Intercourse* Wouter J. Hanegraaff, Jeffrey Kripal, 2008-12-31 From rumours about gnostic orgies in antiquity to the explicit erotic symbolism of alchemical texts from the subtly coded eroticism of medieval kabbalah to the sexual magic practiced by contemporary occultists and

countercultural translations of Asian Tantra the history of Western esotericism is rich in references to the domains of eros and sexuality This volume which brings together an impressive array of top level specialists is the first to analyze the eroticism of the esoteric without sensationalism or cheap generalizations but on the basis of expert scholarship and attention to textual and historical detail While there are few other domains where the imagination may so easily run wild the various contributions seek to distinguish fact from fiction only to find that historical realities are sometimes even stranger than the fantasies In doing so they reveal the outlines of a largely unknown history spanning more than twenty centuries

**India and the Occult** G. Djurdjevic, 2014-05-21 India and the Occult explores the reception of Indian spirituality among Western occultists through case studies Rather than focusing on the activities of Theosophical Society India and the Occult looks at the hard core occultism in particular the British 20th century currents associated with Aleister Crowley Dion Fortune Kenneth Grant etc

*The Prophets and the Goddess* Dionysios Psilopoulos, 2017-11-06 This text discusses how W B Yeats Aleister Crowley Ezra Pound and Robert Graves had access to the forbidden knowledge of the Goddess These four poets experienced a confrontation with their unconscious and let the grace of the Goddess touch their heart strings Consequently through this surrendering they created avant garde poetry and were inspired to write seditious manifestos that would teach humanity an esoteric creed This creed based on humans eternal divine essence aspires to liberate the eternal feminine These poets became the instruments of the Goddess As defenders of the Light they took arms against the forces of inertia and proclaimed the eleusis of a new faith This creed pledges to overthrow the anachronistic religious and social institutions and initiate a new world order and a new divinity based on the ancient rites of the Great Goddess No matter how disparate these four were in character they shared the vision of transmitting esoteric knowledge to profane humanity They were specifically chosen by the Goddess as Her troubadours and they pave Her way to the religious consciousness of the people

New Religions and Spiritualities Stephen Hunt, 2017-03-02 Since the 1960s a fresh wave of new religions and what has come to be termed spiritualities have been evident on a global scale This volume in The Library of Essays on Sexuality and Religion focuses on these new religions and their often contentious attitudes towards human sexuality Part 1 through previously published articles provides instances of affirming orientations of the new religions towards sexuality This entails scrutinising examples of innovative religion from a historical perspective as well as those of a more contemporary nature Part 2 examines with pertinent illustrations the controversial character of new religions in their cultist forms and matters of sexual control and abuse Part 3 considers sexuality as articulated through paganism the occult and esotericism in the postmodern setting Part 4 examines both hetero and non hetero expressions of sexuality through the so called New Spiritualities Quasi religions and the more hidden forms of religiosity

*The Eloquent Blood* Manon Hedenborg White, 2020 The Eloquent Blood focuses on the changing construction of femininity and feminine sexuality in interpretations of the goddess Babalon A central deity in Thelema the religion founded by the notorious British occultist Aleister Crowley 1875 1947 Babalon is based on Crowley s

favorable reinterpretation of the biblical Whore of Babylon and is associated with liberated female sexuality and the spiritual ideal of passionate union with existence Combining research on historical and contemporary Western esotericism with feminist and queer theory the book sheds light on the ways in which esoteric movements and systems of thought have developed over time in relation to political movements

**Gnostic Philosophy** Tobias Churton,2005-01-25 An extensive examination of the history of gnosticism and how its philosophy has influenced the Western esoteric tradition Explains how the Gnostic understanding of self realization is embodied in the esoteric traditions of the Rosicrucians and Freemasons Explores how gnosticism continues to influence contemporary spirituality Shows gnosticism to be a philosophical key that helps spiritual seekers remember their higher selves Gnosticism was a contemporary of early Christianity and its demise can be traced to Christianity s efforts to silence its teachings The Gnostic message however was not destroyed but simply went underground Starting with the first emergence of Gnosticism the author shows how its influence extended from the teachings of neo Platonists and the magical traditions of the Middle Ages to the beliefs and ideas of the Sufis Jacob B hme Carl Jung Rudolf Steiner and the Rosicrucians and Freemasons In the language of spiritual freemasonry gnosis is the rejected stone necessary for the completion of the Temple a Temple of a new cosmic understanding that today s heirs to Gnosticism continue to strive to create The Gnostics believed that the universe embodies a ceaseless contest between opposing principles Terrestrial life exhibits the struggle between good and evil life and death beauty and ugliness and enlightenment and ignorance gnosis and agnosis The very nature of physical space and time are obstacles to humanity s ability to remember its divine origins and recover its original unity with God Thus the preeminent gnostic secret is that we are God in potential and the purpose of bona fide gnostic teaching is to return us to our godlike nature Tobias Churton is a filmmaker and the founding editor of the magazine Freemasonry Today He studied theology at Oxford University and created the award winning documentary series and accompanying book The Gnostics as well as several other films on Christian doctrine mysticism and magical folklore He lives in England **The Weiser Concise Guide to Aleister Crowley** Richard Kaczynski,2009-04-01 Shrouded in mystery and misunderstanding

Aleister Crowley is one of the 20th century's most revered occult figures. With *The Weiser Concise Guide to Aleister Crowley*, readers are given a careful, comprehensive overview of Crowley's life from poet to practicing magician, as well as his life's work, including the basic principles and rituals of his magical practices. Set aside your preconceptions and dismiss the rumors: Crowley was certainly a complex, controversial, and colorful man, but the truth is far more interesting than the legend.

**Aleister Crowley** Tobias Churton, 2014-05-20 At last, the unexpurgated true story of the amazing Aleister Crowley: philosopher, poet, artist, writer, magus, explorer, parapsychology, and spy. Packed with fresh research and previously unpublished Crowleyana, for 100 years Aleister Crowley's true achievements have been suppressed and his true character defaced in a campaign of vilification unparalleled in British history. Until now, Crowley's life has not been written; it has been written over. Tobias Churton is a world authority on Freemasonry, Rosicrucianism, and Gnosticism. In writing *Aleister Crowley*, he enjoyed complete access to all Crowley's restricted papers, unpublished letters, and personal diaries kept in a trust at London's Warburg Institute and in the Ordo Templi Orientis archives. Ninety percent of the authentic material here has never before been published.
