## **Maigret Et La Jeune Morte Number 23:**

Maigret's World Murielle Wenger, Stephen Trussel, 2017-09-13 Georges Simenon's 75 novels and 28 short stories that feature Chief Inspector Jules Maigret provide us with a great deal of information about the French police detective but only in small episodic doses. As readers become acquainted with Maigret one detail at a time he slowly takes on a flesh and bone realism not merely a character in a story but someone we would like to meet in real life. This book presents all the canonical facts and details about the detective and his world in one place presented with tabulations and analyses that enable a better understanding of the works and of Maigret himself. *Investigating Simenon* Russell Campbell, 2022-09-21 For nearly a century the work of Belgian crime writer and psychological novelist Georges Simenon creator of Chief Inspector Maigret has captivated readers worldwide. This investigation situates Simenon's work in its historical context and interprets it as a reaction to shifting gender relations in Western society. Simenon's compelling narratives capture the anxieties of men whose patriarchal position was under threat in an era of insurgent feminist movements. These concerns are also evident in Simenon's pervasive preoccupation with sexuality as well as his political stance that stems from his petit bourgeois upbringing. This groundbreaking study includes interwoven commentary on all 191 novels Simenon published under his own name including several that have never been translated into English as well as a number of short stories and several pseudonymous works.

**General Catalogue of Printed Books** British Museum. Department of Printed Books, 1969. *Simenon* Stanley G. Eskin, 2025-03-05 The most comprehensive account of Georges Simenon's life and work in either English or French from his youth and adolescence in Belgium through his spirited beginnings as a writer of pulp fiction in the Paris of the 20s his invention of Maigret in 1930 his turn to straight fiction in the 30s and from the 40s on his prolific output of detective and straight fiction. His obsession with women and his major friendships Jean Renoir Charlie Chaplin Thornton Wilder and others are detailed. Also critical evaluations of his fiction including the largely ignored pulp fiction. Simenon's relationship to popular traditions literature detective fiction high literature and the critics are offered. The photographs are rare and revealing e.g. with Josephine Baker cutting up in a bistro. **Author - Title Catalog** University of California, Berkeley. Library, 1963.
