Main Line Is Murder:

Engaged to Murder Loretta Schwartz-Nobel, 2020 Tells the story of a Philadelphia school teacher and her two children who were callously murdered apparently as part of an insurance scheme *An Introduction to the Model Penal Code* Markus D. Dubber, 2015-03-10 In this second edition of his well received introductory overview of the Model Penal Code Markus Dubber retains the book's original aim to serve as an accessible companion to the Code Professor Dubber unlocks the Model Penal Code's potential as a key to the study of American criminal law for law students and teachers and for anyone else with an interest in understanding the basic contours of American criminal law While the book's general goal and basic approach remain unchanged its content has been thoroughly revised Citations to primary and secondary materials have been updated and supplemented where appropriate The American Law Institute's ongoing revision of the Code's sentencing and sexual offense provisions has been taken into account Also the comparative analysis found sporadically throughout the original edition has been expanded in places to provide additional context No-Body Homicides Mark Stobbe, 2023-05-05 No Body Homicides The Evolution of Investigation and Prosecution examines how police and prosecutors have become more successful in obtaining convictions for homicide when the remains of the victim are unavailable as evidence Based on an examination of over 600 cases in the United States and Canada this book shows the length some killers will go to avoid punishment and the determination of police and prosecutors to bring them to justice For over 300 years murderers in the United States and Canada could avoid prosecution by successfully disposing of the body of their victim No Body Homicides provides the reader with a historical overview of prosecutions in which a killer destroyed or hid the body of the victim It explains why prosecutions were once extremely rare and how legal attitudinal and technical changes have made them more common The book also explores how the logic of no body homicide prosecutions differs from body present homicides It allows police and prosecutors to draw on the accumulated experience of hundreds of prosecutions For criminology students it provides fascinating insights into the process of investigating and prosecuting homicides as well as a glimpse into the motivations and practices of killers who are so determined to avoid punishment that they remove the bodies of their victims No Body Homicides will be of practical interest to police or prosecutors confronted with a missing person's case that could be sinister It is also written to be appropriate as a supplementary text in an undergraduate criminology class or for an aficionado of True Crime **Engaged to Murder** Loretta Schwartz-Nobel, 1988 Tells the story of a Philadelphia schoolteacher and her two children who were callously murdered apparently as part of an insurance scheme *The Chicago of Fiction* James A. Kaser, 2011-02-01 The importance of Chicago in American culture has made the city's place in the American imagination a crucial topic for literary scholars and cultural historians While databases of bibliographical information on Chicago centered fiction are available they are of little use to scholars researching works written before the 1980s In *The Chicago of Fiction A Resource Guide* James A Kaser provides detailed synopses for more than 1 200 works of

fiction significantly set in Chicago and published between 1852 and 1980 The synopses include plot summaries names of major characters and an indication of physical settings An appendix provides bibliographical information for works dating from 1981 well into the 21st century while a biographical section provides basic information about the authors some of whom are obscure and would be difficult to find in other sources Written to assist researchers in locating works of fiction for analysis the plot summaries highlight ways in which the works touch on major aspects of social history and cultural studies i e class ethnicity gender immigrant experience and race The book is also a useful reader advisory tool for librarians and readers who want to identify materials for leisure reading particularly since genre juvenile and young adult fiction as well as literary fiction are included Sleuths in Skirts Frances A. DellaCava, Madeline H. Engel, 2002 This volume is a

comprehensive collection of critical essays on *The Taming of the Shrew* and includes extensive discussions of the play's various printed versions and its theatrical productions Aspinall has included only those essays that offer the most influential and controversial arguments surrounding the play The issues discussed include gender authority female autonomy and unruliness courtship and marriage language and speech and performance and theatricality The Essential Mystery Lists Roger M Sobin, 2011-09-30 For the first time in one place Roger M Sobin has compiled a list of nominees and award winners of virtually every mystery award ever presented He has also included many of the best of lists by more than fifty of the most important contributors to the genre Mr Sobin spent more than two decades gathering the data and lists in this volume much of that time he used to recheck the accuracy of the material he had collected Several of the best of lists appear here for the first time in book form Several others have been unavailable for a number of years Of special note are Anthony Boucher's Best Picks for the Year Boucher one of the major mystery reviewers of all time reviewed for *The San Francisco Chronicle* *Ellery Queen Mystery Magazine* and *The New York Times* From these resources Mr Sobin created Boucher's Best and Important Lists to Consider lists that provide insight into important writing in the field from 1942 through Boucher's death in 1968 This is a great resource for all mystery readers and collectors Winner of the 2008 Macavity Awards for Best Mystery Nonfiction **The Philadelphia Murder Story: A Colonel Primrose Mystery** Zenith Brown, Leslie Ford, 2018-01-24 The

Philadelphia Murder Story is a classic mystery novel by Zenith Brown first published under the pseudonym Leslie Ford **Two Lives Up on the Hill** John J. Riley, 2014-03 The story of Marie Cameron and Jim Kelly whose lives are lived in the beautiful village of Chestnut Hill Philadelphia Marie a lawyer lives a quality and privilege life Jim a carpenter lives a plain and simple life Their combined stories make for an unforgettable tale that spans 40 years **Murderers' Row** Robin Odell, Wilfred Gregg, 2011-10-30 Criminologist Robin Odell has compiled this gruesome gallery of cases from all over the world revealing the growth in serial slayings contract killings and middle class murders and investigating what motivates people to commit the ultimate crime As well as gangsters and ordinary felons the book includes doctors millionaires housewives children lawyers accountants officers and gentlemen who have succumbed to the killing instinct Behind the

sensational names concocted by the tabloid press Boston Strangler Dracula Killer Night Stalker Granny Killer lurk real murderers committing acts of violence in circumstances often more bizarre than fiction Arranged in an easy to use A Z format the book contains over 500 cases from serial killers such as Dennis Nilsen and Ted Bundy to those such as Jeremy Bamber and Steven Benson who dispatched their parents for money from murderous New Zealand teenagers whose story made a successful film to the many doctors and nurses who took life instead of saving it from unsolved murders such as the murder of Little Gregory in France to the paid assignments of John Waynes Hearn a Vietnam veteran who killed to order The result is a classic of true crime a definitive work on murder as a worldwide phenomenon Dying for a Vacation Donna Huston Murray,2013-04 Who could refuse a two week stay in a chateau perched on the edge of the Mediterranean Certainly not Richard who was fed up to his ears with the damp London weather Babysitting a treasure filled museum while his old Sorbonne roommate honeymooned in Spain was the least he could do The vandals who d been plaguing the chateau wouldn t dare return the repairmen Tom hired would be completely trustworthy and murder was only found in something by Agatha Christie Richard might even meet a woman someone capable of surprising him like never before He should go He really should He was dying for a vacation **Conflict, Bargaining, and Kinship Networks in Medieval Eastern Europe**

Christian Raffensperger,2018-04-26 Conflict Bargaining and Kinship Networks in Medieval Eastern Europe takes the familiar view of Eastern Europe families and conflicts and stands it on its head Instead of a world rife with civil war and killing this book presents a relatively structured environment where conflict is engaged in for the purposes of advancing one s position and where death among the royal families is relatively rare At the heart of this analysis is the use of situational kinship networks relationships created by elites for the purposes of engaging in conflict with their own kin but only for the duration of a particular conflict A new image of medieval Eastern Europe less consumed by civil war and mass death will change the perception of medieval Eastern Europe in the minds of readers This new perception is essential to not only present the past more accurately but also to allow for medieval Eastern Europe s integration into the larger medieval world as something other than an aberrant other Massacre at Duffy's Cut: Tragedy & Conspiracy on the Pennsylvania Railroad William E. Watson and J. Francis Watson,2018 Fifty seven Irish immigrant laborers arrived in the port of Philadelphia in June 1832 to work on Pennsylvania s Philadelphia and Columbia Railroad They all perished within six weeks Contractor Philip Duffy hired them to work a stretch of track in rural Chester County known as Duffy s Cut For more than 180 years the railroad maintained that cholera was to blame and kept the historical record under lock and key In a harrowing modern day excavation of their mass grave a group of academics and volunteers found evidence some of the laborers were murdered Authors and research leaders Dr William E Watson and Dr J Francis Watson reveal the tragedy mystery and discovery of what really happened at Duffy s Cut In the Volume Alex Hyde-White,2022-09-29 London born author Alex Hyde White s English father named him Punch hoping it would be lucky and he started his life as a precocious son of a rather famous actor In In

delight evocative equally of the frozen steppes bad vodka and worse sausage and full of larger than life characters Olga Pushkin is an endearing protagonist who is hopefully set for a series as long as the Trans Siberian Railway L C Tyler Written with a warmth that would thaw Siberia this intriguing but charming murder mystery is packed with psychological depth and wonderfully drawn characters It also features the best hedgehog I ve met in a novel Eleanor Ray **Evidence from the Earth** Raymond C. Murray,2004 First published in 1975 and updated in 1992 Forensic Geology by Raymond C Murray and John C F Tedrow was a classic in its field Now Murray has thoroughly revised and updated that earlier work to produce Evidence from the Earth Forensic Geology and C Murder's Rule Book D.D. Darwin,2025-06-04 The stories you are about to read are a collection of remarkable case files They include murder blackmail and endless intrigue covering the depths of men s and women s depraved minds These records came from the York Detective Agency later to be renamed the Reliance Agency MOSTLY MURDER Elizabeth Brassington,2019-09-24 This collection of short stories contains twelve murders which are dark and with bizarre and unexpected endings The villains are motivated by revenge and lack any feelings for their victims The behaviour within the stories is so outrageous that the murderous activities described start to become humorous In some the story lines descend into pure farce The collection sends up many of the characteristics of the classic whodunnit such as having a quirky detective on the case Several of the stories in the collection deal with actual and imagined deaths in a more serious tone and treat the perception of guilt within these situations Some tales vividly portray real events which took place in the author s childhood in Nottingham and this personal experience provides an authentic background to the other fictional stories
