family dramas and blistering satires including This Sporting Life O Lucky Man and Britannia Hospital Students of British cinema and television from the 1950s to 1990s will find this book a valuable source of information about a director whose work came to public attention with Free Cinema but who unlike many of his peers in that movement did not take the Hollywood route to success What emerges is a strong feeling for the character of the man as well as for a remarkable career in British cinema The book will appeal to admirers researchers and students alike Making use of hitherto unseen original materials from Anderson's extensive personal and professional records it is most valuable as a study of how the films came about the production problems involved the collaborative input of others as well as the completed films promotion and reception It also offers a finely argued take on the whole issue of film authorship and achieves the rare feat of being academically authoritative whilst also being completely accessible It prompts renewed respect for the man and the artist and a desire to watch the films all over again A Philosophical History of Documentary, 1895–1959 Dan Geva, 2021-09-15 This book presents a chronology of thirty definitions attributed to the word term phrase and concept of documentary between the years 1895 and 1959 The book dedicates one chapter to each of the thirty definitions scrutinizing their idiosyncratic language games from close range while focusing on their historical roots and concealed philosophical sources of inspiration Dan Geva s principal argument is twofold first that each definition is an original ethical premise of documentary and second that only the structured assemblage of the entire set of definitions successfully depicts the true ethical nature of documentary insofar as we agree to consider its philosophical history as a reflective object of thought in a perpetual state of being self defined an ethics sui generis **Shadows of Progress** Patrick Russell, James Piers Taylor, 2019-07-25 Britain emerged from war a changed country facing new social industrial and cultural challenges Its documentary film tradition established in the 1930s and 1940s around legendary figures such as Grierson Rotha and Jennings continued evolving utilising technical advances displaying robust aesthetic concerns and benefiting from the entry into the industry of wealthy commercial sponsors Thousands of films were seen by millions worldwide Received wisdom has been that British documentary went into swift decline after the war resurrected only by Free Cinema and the arrival of television documentary Shadows of Progress demolishes these simplistic assumptions presenting instead a complex and nuanced picture of the sponsored documentary in flux Patrick Russell and James Piers Taylor explore the reasons for the period s critical neglect and address the sponsorship production distribution and key themes of British documentary They paint a vivid picture of institutions from public bodies to multinational industries constantly redefining their relationships with film as a form of enlightened public relations Many of the issues that these films addressed could not be more topical today the rise of environmentalism the balance of state and industry individual and community a nation and a world travelling from bust to boom and back again In the second part of the book contributors from the curatorial and academic world provide career biographies of key film makers of the period From Lindsay Anderson's lesser known early career to neglected film makers

training ground for the ruling elite and a symbol of national identity and tradition But beyond the elegant architecture and evergreen playing fields is a turbulent history of teenage rebellion sexual dissidence and political radicalism James Brooke Smith wades into the wilder shores of public school life over the last three hundred years in Gilded Youth He uncovers armed mutinies in the late eighteenth century a Victorian craze for flagellation dandy aesthetes of the 1920s quasi scientific discourse on masturbation Communist scares in the 1930s and the salacious tabloid scandals of the present day Drawing on personal experience extensive research and public school representations in poetry school slang spy films popular novels and rock music Brooke Smith offers a fresh account of upper class adolescence in Britain and the role of elite private education in shaping youth culture He shows how this central British institution has inspired a counterculture of artists intellectuals and radicals from Percy Shelley and George Orwell to Peter Gabriel and Richard Branson who have rebelled against both the schools themselves and the wider society for which they stand Written with verve and humor in the tradition of Owen Jones s The Establishment And How They Get Away With It this highly original cultural history is an eye opening leap over the hallowed iron gates of privilege and perturbation Untold Stories Alan Bennett, 2007-03-20 Presents a collection of the author's previously unpublished works including the title piece a memoir of his family and growing up in Leeds diary entries for the years 1996 to 2004 and additional essays reviews and comic pieces Richard Harris Joe Jackson, 2022-11-18 In 1987 when Richard Harris the legendary star of This Sporting Life The Field and Harry Potter and the Philosopher's Stone was interviewed for the first time by Joe Jackson they almost came to blows Jackson was determined to unearth deeper truths about the actor than he usually disclosed during interviews Harris had manipulated the media all his life largely to keep people from getting to really know him However by the time that interview ended they had become firm friends It was only then that Jackson told Harris I want to show the public that there is far more to you than your superficial image as a boozing brawling womaniser Harris loved this idea and two years later he asked Jackson to write his biography Richard Harris Raising Hell and Reaching for Heaven is that biography But it is much more besides Based on a searingly honest series of interviews Jackson recorded with Harris between 1987 and 2001 plus the author's journal entries and extensive notes this book is also a part memoir that tells a highly personal and moving back story about why it was inevitable that Jackson and Harris would connect at the deepest possible level This book will finally prove beyond a doubt that there was far more to Richard Harris indisputably one of Ireland's greatest actors as well as a Grammy award winning recording artist and published poet than has previously been revealed **Encyclopedia of the Documentary Film 3-Volume Set** Ian Aitken, 2013-10-18 The Encyclopedia of the Documentary Film is a fully international reference work on the history of the documentary film from the Lumi re brothers Workers Leaving the Lumi re Factory 1885 to Michael Moore s Fahrenheit 911 2004 This Encyclopedia provides a resource that critically analyzes that history in all its aspects Not only does this Encyclopedia examine individual films and the careers of individual film makers it also provides overview articles of national
