Maitreya, the Future Buddha Alan Sponberg, Helen Hardacre, 1988-04-29 This 1988 book is a multidisciplinary and cross cultural study of the legend that has evolved around the figure of Maitreya Parabola, 1984 **Books in Print Supplement**, 1979 Adorning Maitreya's Intent Rongtonpa, 2017-02-21 A seminal commentary on one of the most important works of Mahayana Buddhism According to tradition Distinguishing the Middle from the Extremes Madhy ntavibh ga was revealed by Maitreya to Asa ga and the radical view it presents forever changed the way Mahayana Buddhists perceive reality Here the Tibetan master Rongt n unpacks this manual and its practices for us in a way that is at once accessible and profound with actual practical meditative applications The work explains the vast paths of the three vehicles of Buddhism emphasizing the view of Yog c ra and demonstrates the inseparability of experience and emptiness It offers a detailed presentation of the three natures of reality an accurate understanding of which provides the antidotes to confusion and suffering The translator s introduction presents a clear overview of all the concepts explored in the text making it easy for the reader to bridge its ideas to actual practice Dunhuang Manuscript Culture Imre Galambos, 2020-12-07 Dunhuang Manuscript Culture explores the world of Chinese manuscripts from ninth tenth century Dunhuang an oasis city along the network of pre modern routes known today collectively as the Silk Roads The manuscripts have been discovered in 1900 in a sealed off side chamber of a Buddhist cave temple where they had lain undisturbed for for almost nine hundred years The discovery comprised tens of thousands of texts written in over twenty different languages and scripts including Chinese Tibetan Old Uighur Khotanese Sogdian and Sanskrit This study centres around four groups of manuscripts from the mid ninth to the late tenth centuries a period when the region was an independent kingdom ruled by local families The central argument is that the manuscripts attest to the unique cultural diversity of the region during this period exhibiting alongside obvious Chinese elements the heavy influence of Central Asian cultures As a result it was much less Chinese than commonly portrayed in modern scholarship The book makes a contribution to the study of cultural and linguistic interaction along the Silk Roads **Catalog of Copyright Entries** Library of Congress. deceased faithful navigate the complex underworld bureaucracy avert the punitive terrors of hell and arrive at the happy realm of rebirth The author is concerned with the formative period of this important Buddhist deity before his underworldly aspect eclipses his connections to other religious expressions and at a time when the art mythology practices and texts of his cult were still replete with possibilities She begins by problematizing the reigning model of Dizang one that proposes an evolution of gradual sinicization and increasing vulgarization of a relatively unknown Indian bodhisattva Ksitigarbha into a Chinese deity of the underworld Such a model the author argues obscures the many faceted personality and iconography of Dizang Rejecting it she deploys a broad array of materials art epigraphy ritual texts scripture and narrative literature to recomplexify Dizang and restore as much as possible from the fragmented historical sources what this figure meant to Chinese Buddhists from the sixth to tenth centuries Rather than privilege any one genre of evidence the author treats both material artifacts and literary works canonical and noncanonical sources Adopting an archaeological approach she excavates motifs from and finds resonances across disparate genres to paint a vibrant detailed picture of the medieval Dizang cult Through her analysis the cult far from being an isolated phenomenon is revealed as integrally woven into the entire fabric of Chinese Buddhism functioning as a kaleidoscopic lens encompassing a multivalent religio cultural assimilation that resists the usual bifurcation of doctrine and practice or elite and popular religion The Making of a Savior Bodhisattva presents a fascinating wealth of material on the personality iconography and lore associated with the medieval Dizang It elucidates the complex cultural religious and social forces shaping the florescence of this savior cult in Tang China while simultaneously addressing several broader theoretical issues that have preoccupied the field Zhiru not only questions the use of sinicization as a lens through which to view Chinese Buddhist history she also brings both canonical and noncanonical literature into dialogue with a body of archaeological remains that has been ignored in the study of East Asian Buddhism
