Gloria Naylor Charles E. Wilson Jr., 2001-05-30 In each of her five novels Gloria Naylor invites the reader to join her characters in their journeys to move beyond established boundaries and embrace an increasingly diverse society

With lucid analyses of each work this Critical Companion helps readers comprehend how Naylor successfully links the trials of her African American characters to the struggles of human beings at variance with seemingly insurmountable obstacles. Insights into Naylor's own struggles and successes are provided in a richly drawn biographical chapter which incorporates fresh materials from a recent interview conducted for this book. Naylor's place within the larger framework of the African American narrative traditions is considered as well. Beginning with a full chapter on Naylor's debut success *The Women of Brewster Place* (1982) the literary components of each novel are examined: *Linden Hills* (1985), *Mama Day* (1988), *Bailey's Cafe* (1992) and *The Men of Brewster Place* (1998). In addition to a comprehensive plot synopsis, character portraits and thematic discussions given for each, all works are carefully related to their historical contexts. By understanding the extent to which seminal events such as the Great Migration and the ushering in of the Civil Rights Movement serve as the background for Naylor's works, readers can better appreciate them. Throughout the text, particularly in the alternate critical readings provided, all terms and concepts are clearly explained for the student and the general reader. A select bibliography cites biographical sources, interviews, reviews, criticism and related works of interest.

Granny Midwives and Black Women Writers Valerie Lee, 1996. Midwives, women healers and root workers have been central figures in the African American folk traditions. Particularly in Black communities in the rural south, these women served vital social, cultural and political functions. It was believed that they possessed magical powers; they negotiated the barrier between life and death and were often regarded as the knower in a community. Today, even as medical science has discredited or superseded their power, granny midwives have resurfaced as pivotal characters in the narratives of contemporary African American literature. *Granny Midwives and Black Women Writers* examines the lives of real granny midwives and other healers through oral narratives, ethnographic research and documentation and considers them in tandem with their fictional counterparts in the work of Toni Morrison, Gloria Naylor, Alice Walker and others.

The Foremother Figure in Early Black Women's Literature Jacqueline Bryant, 2018-10-29 Originally published in 1999 The Foremother Figure in Early Black Women's Literature looks at how stereotypical foremother figure exists in nineteenth century American literature The book argues that older black woman portrayed in early black women's works differs significantly from the older black women portrayed in early white women's works The foremother figure then emerging in early black women's fiction revises the stereotypical mother figure in early white women's fiction In the context of the mulatta heroine the foremother produces minimal language that through an Afrocentric rhetoric distinguishes her from the stereotypical mother and thus links her peripheral role and unusual behaviour to cultural continuity and radical uplift

Home Matters R. Rubenstein, 2001-02-23 Despite its typically regressive associations with homesickness the longing associated with nostalgia may also function progressively as a vehicle for imaginatively fixing the past in two senses securing and mending or repairing Considering fiction by two British and six American women writers of different generations and ethnicities this study explores tensions between home and exile insider and outsider longing and belonging loss and recovery Rubenstein argues that nostalgia functions narratively as a strategy for interrogating not only notions of

home homesickness and homeland but also cultural historical dislocation aging and moral responsibility These narratives re frame a significant locus of concern in contemporary female experience personal and or cultural displacement and longing for home are ultimately transmuted imaginatively at least by a restorative vision that enables healing and emotional repair

Margins Speaking to Margins: Multinational Perspectives on African-American Literature Rafael Miguel Montes, 2025-03-25 African American scholars in the United States and Western Europe continue to concentrate on African American literary studies The expanding interest in Caribbean publishing which focuses on the intersection of Afro Caribbean and African American communities indicates that there is an expanding academic readership for African American narrative studies and other intellectual outputs from other countries This collection features writers from underrepresented countries including India Tunisia Romania Morocco Zimbabwe Nigeria and South Africa discussing their perspectives on African American narratives The collection is rich in pedagogical vibrancy as many academics teach African American literature to national students It explores how non American contributors teach African American narratives to a global audience aiming to help academics envision teaching narratives outside their comfortability and understanding a culture they may not have contact with This collection aims to provide meaningful readings of these works recognizing the potential for change and promoting inclusivity in Women s Writings and Marginal Literature [Searching for Sycorax](#) Kinitra D. Brooks, 2018 Searching for Sycorax highlights the unique position of Black women in horror as both characters and creators Kinitra D Brooks creates a racially gendered critical analysis of African

diasporic women challenging the horror genre's historic themes and interrogating forms of literature that have often been ignored by Black feminist theory Brooks examines the works of women across the African diaspora from Haiti Trinidad and Jamaica to England and the United States looking at new and canonized horror texts by Nalo Hopkinson NK Jemisin Gloria Naylor and Chesya Burke These Black women fiction writers take advantage of horror's ability to highlight U S white dominant cultural anxieties by using Africana folklore to revise horror's semiotics within their own imaginary Ultimately Brooks compares the legacy of Shakespeare's Sycorax of *The Tempest* to Black women writers themselves who deprived of mainstream access to self articulation nevertheless influence the trajectory of horror criticism by forcing the genre to de centralize whiteness and maleness

The Fiction of Gloria Naylor Maxine Lavon Montgomery, 2010-11-26 The Fiction of Gloria Naylor is one of the very first critical studies of this acclaimed writer Including an insightful interview with Naylor and focusing on her first four novels the book situates various acts of insurgency throughout her work within a larger framework of African American opposition to hegemonic authority But what truly distinguishes this volume is its engagement with African American vernacular forms and twentieth century political movements In her provocative analysis Maxine Lavon Montgomery argues that Naylor constantly attempts to reconfigure the home and homespace to be more conducive to black self actualization thus providing a stark contrast to a dominant white patriarchy evident in a broader public sphere Employing a postcolonial and feminist theoretical framework to analyze Naylor's evolving body of work Montgomery pays particular attention to black slave historiography tales of conjure trickster lore and oral devices involving masking word play and code switching the vernacular strategies that have catapulted Naylor to the vanguard of contemporary African American letters Montgomery argues for the existence of home as a place that is not exclusively architectural or geographic in nature She posits that in Naylor's writings home exists as an intermediate space embedded in cultural memory and encoded in the vernacular Home closely resembles a highly symbolic signifying system bound with vexed issues of racial sovereignty as well as literary authority Through a reinscription of the subversive frequently clandestine acts of resistance on the part of the border subject those outside the dominant culture Naylor recasts space in such a way as to undermine reader expectation and destabilize established models of dominance influence and control Thoroughly researched and sophisticated in its approach *The Fiction of Gloria Naylor* will be essential reading for scholars and students of African American American and Africana Literary and Cultural studies
