Morality And American Foreign Policy:

Morality and American Foreign Policy Robert W. McElroy, 2014-07-14 Most international relations specialists since World War II have assumed that morality plays only the most peripheral role in the making of substantive foreign policy decisions To show that moral norms can and do significantly affect international affairs Robert McElroy investigates four cases of American foreign policy making U S food aid to the Soviet Union during the Russian famine of 1921 Nixon s decision to alter U S policies on biochemical weapons production in 1969 the signing of the Panama Canal Treaties in 1978 and the bombing of Dresden during World War II Originally published in 1992 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Moral**

Dimensions of American Foreign Policy Kenneth Winfred Thompson, 1984-01-01 Addressing recurrent themes and unresolved problems In foreign policy this volume makes Important distinctions between realism and Idealism prudential behavior and practical morality and power and force Contribu tors elaborate on conflicting views of international cooperation and devel opment national interest and interdependence and differing concepts of political morality Initially published by Transaction in 1984 the volume addresses issues of enduring significance in a post Cold War environment and comes at a significant time in world history when policymakers are compelled to reconsider the basis of conflict and consensus In terms other than pro Western or pro Communist values It has proven to be an essential resource for political scientists and theorists policymakers ethics scholars and historians **Christian Ethics and U.S. Foreign Policy** L. Larry

Pullen, 2000-01-01 Christian Ethics and U S Foreign Policy examines the evolution of American foreign policy toward the Soviet Union during the period 1973 1980 In particular Larry Pullen investigates how and why human rights issues became an increasingly significant part of the U S Soviet relationship focusing on the development of the Helsinki Accords and the process of monitoring compliance with its human rights provisions Pullen presents an informed critique of both realist Henry Kissinger s and idealist Jimmy Carter s human right s policies in the tradition of Christian realism associated with Reinhold Neibuhr The study is sure to provoke debate among students and scholars of foreign policy and ethics **Morality and**

Realism in American Foreign Policy George Pratt Shultz, 1985 **Morality and American Foreign Policy** Robert W.

McElroy, 1989 *Human Rights and US Foreign Policy* Jan Hancock, 2007-06-11 This book analyzes the role of human rights in the foreign policy of the George W Bush Administrations References to human rights freedom and democracy became prominent explanations for post 9 11 foreign policy yet human rights have been neither impartially nor universally integrated into decision making Jan Hancock addresses this apparent paradox by considering three distinct explanations The first

position holds that human rights form a constitutive foreign policy goal the second that evident double standards refute the first perspective This book seeks to progress beyond this familiar discussion by employing a Foucaultian method of discourse analysis to suggest a third explanation Through this analysis the author examines how a discourse of human rights has been artificially produced and implemented in the presentation of US foreign policy This illuminating study builds on a wealth of primary source evidence from human rights organizations to document the contradictions between the claims and practice of human rights made by the Bush Administrations as well as the political significance of denying this disjuncture Human Rights and US Foreign Policy will be of interest to advanced students and researchers of US foreign policy human rights international relations and security studies **Moral Dimensions of American Foreign Policy** Kenneth W.

Thompson,1984 Security, Economics, and Morality in American Foreign Policy William H. Meyer,2004 This introductory volume discusses American foreign policy since 1945 in three broad areas defense policies economic policy and trade and the ethical dimensions of human rights and environmental politics and US policy toward the Third World The book uses an historical approach rather than theoretical or policymaking approaches to give readers an understanding of how post Cold War policy has evolved from the structural constraints of the Cold War era American foreign policy issues discussed include security policy from Yalta to Vietnam and from Detente to the end of the Cold War and beyond nuclear deterrence and arms control war and peace in the Middle East and military intervention and peacekeeping after the Cold War as well as a history of America s foreign economic policies US policy toward the IMF World Bank and the World Trade Organization foreign policy and human rights and American policy toward Third World nations For those interested in contemporary and future American foreign policy Ethics As Foreign Policy Dan Bulley,2009-05-07 This book increases understanding of significant periods in contemporary British and EU foreign policy by reading them through the concepts of subjectivity responsibility and hospitality Evangelicals and American Foreign Policy Mark R. Amstutz,2014 Mark Amstutz offers a timely and insightful look at how Evangelicals have shaped America s role in the world and how they can best use their power without compromising their principles **American Foreign Policy and Process** James M. McCormick,2023-11-02 Explores the values and beliefs that have shaped American foreign policy and its key decision makers across presidential administrations

Morality and Foreign Policy Kenneth Martin Jensen,Elizabeth P. Faulkner,United States Institute of Peace,1991 Focusing on post World War II American foreign policy and its intellectual architect George Kennan this volume explores the moral dimensions of realpolitik and the ethical dilemmas posed by present day politics Is Kennan responsible for persuading the U S foreign policy establishment that morality should go by the wayside Or was Kennan right to regard as presumptuous the idea that Americans should tell other societies how to behave Kennan gives his own influential view in an article reprinted here from Foreign Affairs 1985 96 Workshop 6 **Ethics, American Foreign Policy, and the Third World** David L. Cingranelli,1993 Ethics American Foreign Policy and the Third World provides a balanced historical analysis of the

rhetoric and reality of American foreign policy toward Third World nations emphasizing the period since the end of World War II Cingranelli concentrates on the moral dimensions of foreign policy asking important questions about what should be the goals of American interaction with the Third World Throughout the book there is a focus on how American policy has encouraged or hindered the expression of human rights Cingranelli considers various interpretative approaches to readings of public records and documents To aid his analysis he presents a typology of different objectives in foreign policy Nationalist Exceptionalist Progressive and Radical Progressive Contrasting the periods before and after World War II he argues that despite setbacks and inconsistencies American foreign policy toward the Third World has increasingly included progressive values toward human rights and democracy

American Foreign Policy Glenn P. Hastedt, 2023-02-06 World affairs are constantly in flux so students need to be prepared not just to know what's happening in the headlines but how to make sense of those events Hastedt's American Foreign Policy helps students develop the critical thinking skills needed to participate in debates about foreign relations today and throughout their lives Rather than focus on normative questions about what direction the country should take on the world stage this text is designed to provide the historical and institutional context for the foreign policy process from the governmental and civil society actors involved to the issues that comprise the conduct and content of American foreign policy This thirteenth edition comes at a time when Biden's presidency is facing some of the most important foreign policy questions in a generation from the US withdrawal from Afghanistan to what we should do about the Russian invasion of Ukraine These issues have emerged as many of the traditional foundations in American foreign policy have been disrupted during the Trump administration pleasing some and angering others but almost uniformly raising political tensions at home and abroad The revision includes up to date coverage of the war in Ukraine the US exit from Afghanistan health diplomacy and the response to COVID the resurgence of great power politics and other features of the Biden administration's foreign policy This fully revised thirteenth edition features Updated coverage on the Biden presidency including the US withdrawal from Afghanistan the Russian invasion of Ukraine health diplomacy and the resurgence of great power politics NEW Learning Objectives to frame the expected student outcomes for each chapter Updated On the Agenda formerly Dateline features that open each chapter to set the stage and tie a current policy issue to the chapter content Expanded Critical Thinking Questions at the end of each chapter to engage students in higher order thinking beyond rote memorization An expanded art program including additional tables to engage diverse learning styles

Vietnam Trauma in American Foreign Policy Alan R. Beals, 2019-06-18 This study of ten fateful decisions made on Indochina between 1961-75 highlights the ascent of the civilian militarists and of strategy over diplomacy in United States policymaking and reveals the inexorably interlinked and escalating character of the decisions and the central purpose of American presidents not to have to face the expected domestic political consequences of defeat in Indochina As a result we were led into a prolonged stalemate in which acting and the management of programs became a more important preoccupation than thinking about our

purposes and values in which analysis become wholly subjective and therefore defective and in which decision making occurred in a closed system which did not allow for divergent inputs Morality and Foreign Policy Kenneth W.

Thompson,1982-02-01 Kenneth W Thompson admits that moral pronouncements and human conduct are often widely separated particularly in international events In order to balance harmony and disharmony world and self interests nations observe moral principles less rigidly than do smaller communities To understand how the separation between pronouncements and conduct widens in matters of foreign policy Thompson candidly faces such issues as the harsh decisions that countries must make the need for hypocrisy and the resulting self righteousness Morality and Foreign Policy looks at the assumptions and principles that underlie historic debates about the ethics of foreign policy Tracing decisions in policy from the 1800s to the present Thompson views his subject from an American perspective but also concentrates on diverse international contexts in which decisions are made Thompson cautiously maintains his balance on the fine wire between speaking up for America and embarking on an ideological crusade He provides such examples from current events as the Bay of Pigs in Cuba and the East West Cold War to show how easily one can fall on one side or the other He contrasts the problem of order in America and the Third World and shows how the latter is weighted by a special urgency protest and antithesis to the democratic process For Kenneth Thompson American moral reasoning is a practical alternative to abstract moralism or hopeless cynicism and he holds up this principle as a challenge not only to other countries but also to America itself

George Kennan and the Dilemmas of US Foreign Policy David Mayers,1990-04-12 One of a select group of American foreign service officers to receive specialized training on the Soviet Union in the late 1920s and early 1930s George Frost Kennan eventually became the American government's chief expert on Soviet affairs during the height of the Cold War Drawing upon a wealth of original research David Mayers fascinating life of George Kennan examines his high level participation in foreign policy making and interprets his political and philosophical development within a historical framework Mayers presents an engaging and lucid account of Kennan's training his rise to prominence during the late 1940s and his policy failures and his later roles as critic of America's external policy advocate of détente with the Soviet Union and proponent of nuclear arms limitation Mayers also explores Kennan's complicated relationships with such important political figures and analysts as Dean Acheson John Foster Dulles and Walter Lippmann

ETHICS AND MORALITY IN AMERICAN FOREIGN POLICY IN EURASIA. ROBERT. NALBANDOV,2025 *The Advanced Industrialized World in American Foreign Policy* ,1979 *American Foreign Policy* John Dumbrell,1996-11-04 This book examines the history of US

foreign policy since the Vietnam War It focuses on four themes the legacy of Vietnam the ending and aftermath of the Cold War the debate over American international decline and the frequently undemocratic conduct of US foreign policy The book considers alternative explanations for the Cold War's end It evaluates the foreign policy leadership of Presidents Carter Reagan Bush and Clinton and assesses prospects for US foreign policy after the Cold War

This book delves into Morality And American Foreign Policy. Morality And American Foreign Policy is a crucial topic that needs to be grasped by everyone, ranging from students and scholars to the general public.
