More Kicks Than Pence A Life In Irish Journalism:

The Transformation Of Ireland 1900-2000 Diarmaid Ferriter, 2010-07-09 A ground breaking history of the twentieth century in Ireland written on the most ambitious scale by a brilliant young historian It is significant that it begins in 1900 and ends in 2000 most accounts have begun in 1912 or 1922 and largely ignored the end of the century Politics and political parties are examined in detail but high politics does not dominate the book which rather sets out to answer the question What was it like to grow up and live in 20th century Ireland It deals with the North in a comprehensive way focusing on the social and cultural aspects not just the obvious political and religious divisions

Twentieth-Century Ireland (New Gill History of Ireland 6) Dermot Keogh, 2005-09-27 Professor Dermot Keogh's Twentieth Century Ireland the sixth and final book in the New Gill History of Ireland series is a wide ranging informative and hugely engaging study of the long twentieth century surveying politics administrative history social and religious history culture and censorship politics literature and art It focuses on the consolidation of the new Irish state over the course of the twentieth century Professor Keogh highlights the long tragedy of emigration its effect on the Irish psyche and on the under performance of the Irish economy He emphasises the lost opportunities for reform of the 1960s and early 70s Membership of the EU had a diminished impact due to short term and sectionally motivated political thinking and an antiquated government structure Professor Keogh looks at how the despair of the 1950s revisited the country in the 1980s as almost an entire generation felt compelled to emigrate very often as undocumented workers in the United States Professor Keogh also argues that the violence in Northern Ireland from the late 1960s was an Anglo Irish failure which was turned around only when Britain acknowledged the role of the Irish government in its resolution He extends his analysis of the twentieth century to include a wide ranging survey of the most contentious events financial corruption child sexual abuse scandals in the Catholic Church between 1994 and 2005

Twentieth Century Ireland Table of Contents A War without Victors Cumann na nGaedheal and the Conservative Revolution De Valera and Fianna Fáil in Power 1932 1939 In the Time of War Neutral Ireland 1939 1945 Seán MacBride and the Rise of Clann na Poblachta The Inter Party Government 1948 1951 The Politics of Drift 1951 1959 Seán Lemass and the Rising Tide of the 1960s The Shifting Balance of Power Jack Lynch and Liam Cosgrave 1966 1977 Charles Haughey and the Poverty of Populism Ireland in the New Century

The Fourth Estate Mark O'Brien, 2017-01-09 This book examines the history of journalists and journalism in twentieth century Ireland While many media institutions have been subjected to historical scrutiny the professional and organisational development of journalists the changing practices of journalism and the contribution of journalists and journalism to the evolution of modern Ireland have not This book rectifies the deficit by mapping the development of journalism in Ireland from the late 1880s to today Placing the experiences of journalists and the practice of journalism at the heart of its analysis it examines for the first time the work of journalists within the ever changing context of Irish society Based on strong primary research including the previously unconsulted journals and

records produced by the many journalistic representative organisations that came and went over the decades and written in an accessible and engaging style The Fourth Estate will appeal to anyone interested in journalism history the media and the development of Ireland as a modern nation

More Kicks Than Pence Michael O'Toole,1992 Witty informative and affectionate personal record of a practicing Irish journalist's career O Toole's account spans three decades from the 1960s to the 1990s a period in which the Irish newspaper industry changed from a ramshackle to a competitive business Lively and original with hilarious anecdotes as well as notes on many serious social moral and ethical issues

Ireland Beyond Boundaries Liam Harte,Yvonne Whelan,2006-11-20 This is an authoritative up to date account of the development of Irish Studies over the past two decades The authors examine the key debates that have underpinned recent scholarship and analyse critical concerns that have shaped the subject's remarkable growth They trace the institutional fortunes of Irish Studies in Ireland the USA Canada Australia and Britain and features in depth critical accounts of specific trends and themes within Irish historiography literary criticism religion migration music cultural geography sport and media culture

De Valera, Fianna Fáil and the Irish Press Mark O'Brien,2001 The relationship between the Fianna Fáil party and the Irish Press both founded by Eamon de Valera in an era of political revolution has been much misunderstood Blamed for causing the bitter civil war and isolated in its aftermath by the political establishment de Valera took what seemed the only course of action and founded his own political party and newspaper In the aftermath of independence nation building began with both Fianna Fáil and Fine Gael competing to influence the process as much as possible The Irish Press gave voice to de Valera's vision for Ireland and Irishness and defended it from its detractors namely the Fine Gael party providing him with a means to counter hostility in the media orchestrated particularly by the Irish Independent and the Irish Times The author gives a fascinating view of the war of words between the two papers their fight for rural readership and the role of Irish Press in bringing Fianna Fáil to power He explores the possibility of the Irish Press being de Valera rather than party dominated and analyses the gradual disintegration of the relationship between the party and the paper as the de Valera family found itself gradually alienated from the paper's readers a modernising Ireland and a changing Fianna Fáil party

Sean Lemass: The Enigmatic Patriot John Horgan,1997-10-01 The definitive biography of Seán Lemass the finest Taoiseach in the history of the Irish State There are few facets of Irish life which do not owe something to the genius

effectiveness or determination of Lemass Horgan's biography explores that contribution quite brilliantly Bertie Ahern *The Irish Times* As a boy Seán Lemass fought in the 1916 rising He was a member of de Valera's first cabinet Minister for Industry and Commerce in every Fianna Fáil government between 1932 and 1959 and as Taoiseach from 1959 to 1966 was the pivotal figure in the modernisation of Ireland The Lemass that emerges from this fine book is an enigma and a passionate patriot a protectionist who later became an apostle of free trade a moderniser in what was often a party of traditionalists John Horgan's excellent biography is the work of a critical admirer who sees his subject as one of the most outstanding Irish political figures of the century The only biographer to have had complete access to all the government papers for the full period of Lemass's political career Horgan provides us with a rounded sympathetic yet critical examination of the life of one of twentieth century Ireland's most distinguished figures a comprehensive and thoughtful work worthy of the subject it lives up to its billing as a major biography of the Fianna Fáil leader Stephen Collins *The Sunday Tribune* Seán Lemass was not only one of the most formidable but for all his apparently bluff straightforwardness one of the most elusive personalities in the history of twentieth century Ireland John Horgan's study skilfully crafted and elegantly expressed is a major biography of a major figure greatly enhancing our understanding of the making of modern Ireland J J Lee author of *The Modernisation of Irish Society 1848-19* **Irish Publishing Record**, 1994 *The Irish Times* Terence Brown, 2015-03-12 A fascinating new history of the Irish Times The Irish Times is a pillar of Irish society Founded in 1859 as the paper of the Irish Protestant Middle Class it now has a position in Irish political social and cultural life which is incomparable In fact this history of the Irish Times is also a history of the Irish people Always independent in ownership and political view and never entwined in any way with the Roman Catholic Church it has become the weather vane the barometer of Irish life and society followed by people of all religious and political persuasions and none The paper is politically liberal and progressive as well as being centre right on economic issues This history is peopled by all the great figures of Irish history Daniel O'Connell W B Yeats Garret FitzGerald Conor Cruise O'Brien and the paper has numbered among its internationally renowned columnists Mary Holland Fintan O'Toole Nuala O Faolain John Waters and Kevin Myers Its influence on Irish Society is beyond question In his book Terence Brown tells the story of the paper with narrative skill wit and perception Analysis of the stance of the Times during events ranging from The Easter Rising The Civil War the Troubles and the recent economic recession make the book essential reading for students of Irish history be they the general reader the academic or amateur historian The book will be seen as crucial to our understanding of Irish history in the past century and a half **The Limerick Compendium** Jim Kemmy, 1997 [The Catholic Periodical and Literature Index](#), 1994 *Religion and Culture in Dialogue* Dermot A. Lane, 1993 **Mondays at Gaj's** Anne Stopper, 2006 What sets Mondays at Gaj's apart from other histories of the women's rights movement is that it is based on a series of personal interviews with the activists themselves allowing the IWLM founders to tell their own stories in their own words Mondays at Gaj's paints a fascinating portrait of an exciting period in
