

From Human Dignity to Natural Law

AN INTRODUCTION

Richard Berquist

Foreword by Steven J. Jensen

Natural Law And Human Dignity

Joseph Drew

Natural Law And Human Dignity:

From Human Dignity to Natural Law Richard H. Berquist, 2019 An exposition of human dignity as the foundation of moral order From this starting point the author derives the most important precepts of natural law from human dignity in a systematic way Using the principle of human dignity the author then develops natural law precepts to guide human behavior in various areas of life corresponding to the natural inclinations life issues sexual issues political issues and the contemplative life

Natural Law & Human Dignity Eberhard Schockenhoff, 2003 Do human rights apply only to a certain culture group or can they be demanded of all cultures and religions This discussion about a common world ethos demonstrates how relevant and explosive that question is In his study of ethical relativism and historical thinking Eberhard Schockenhoff shows how the universal recognition of fundamental norms that guarantee the minimum conditions for human existence can be substantiated Dealing critically with the two most important branches of research in present day moral theology autonomous morality and teleological ethics the author presents a new theological ethical theory of natural law Integrating the theory of practical reason and Aquinas understanding of natural inclinations Schockenhoff compares this synthesis to the insights of present day anthropology This method allows him to re establish a connection to classical natural law ethics In so doing he indicates how ethics can fulfill its most important duty to arrive at the recognition of anthropologically grounded material norms without falling prey to a logical error According to Schockenhoff claims of natural law and of human rights formulate an indispensable minimum while biblical ethics the decalogue and the Sermon of the Mount and the high ethos of the world religions point the way to an encompassing realization of the concept of the good life Renowned moral theologian Eberhard Schockenhoff is professor at Albert Ludwigs Universit t Freiburg He is the author of numerous works and managing editor of Zeitschrift f r Medizinische Ethik Brian McNeil is a parish priest in Munich and a translator of theological literature PRAISE FOR THE BOOK The book is impressive in many respects It is thorough and precise about the specific problems associated with natural law theory and the chapters on relativism and historicism exhibit impressive erudition and insight Few books on natural law grapple so extensively and fairly with objectors as does this one and its responses are admirable in their breadth and depth Mark Graham Theological Studies A masterly treatment of many of the most important issues in moral theology Brian V Johnstone Studia Moralia This book demonstrates convincingly that natural law has not become obsolete in ethical discussions Peter Fonk Theologische Revue In regard to topics that are coined by the Roman Catholic tradition the author includes Protestant authors in his considerations with a naturalness that has to be seen as a fortunate sign of ecumenical openness Schockenhoff manages to revive answers of the tradition that have sometimes been put aside and to bring them up in the challenges of today Heinrich Bedford Strohm Theologische Literaturzeitung An exceptional discussion of the concept of natural law as it applies to a modern world of moral relativism This is a high quality work providing both a wide overview of the concerns of natural law and offering a respectable solution

worth further consideration Schockenhoff's work is highly recommended Matthew Ryan McWhorter Catholic Books Review OnLine This book by one of the leading Catholic moral theologians in Germany teaching at Freiburg University presents a simple thesis in an elaborate and sophisticated fashion Schockenhoff's highly learned and impressive account deserves attention and critical engagement Bernd Wannenwetsch Studies in Christian Ethics Natural Law & Human Dignity Eberhard Schockenhoff, 2003 Publisher's description Do human rights apply only to a certain culture group or can they be demanded of all cultures and religions This discussion about a common world ethos demonstrates how relevant and explosive that question is In his study of ethical relativism and historical thinking Eberhard Schockenhoff shows how the universal recognition of fundamental norms that guarantee the minimum conditions for human existence can be substantiated Dealing critically with the two most important branches of research in present day moral theology autonomous morality and teleological ethics the author presents a new theological ethical theory of natural law Integrating the theory of practical reason and Aquinas's understanding of natural inclinations Schockenhoff compares this synthesis to the insights of present day anthropology This method allows him to re-establish a connection to classical natural law ethics In so doing he indicates how ethics can fulfill its most important duty to arrive at the recognition of anthropologically grounded material norms without falling prey to a logical error According to Schockenhoff claims of natural law and of human rights formulate an indispensable minimum while biblical ethics the decalogue and the Sermon of the Mount and the high ethos of the world religions point the way to an encompassing realization of the concept of the good life Natural Law and Human Dignity Ernst Bloch, 1986 Ernst Bloch was one of the most original and influential of contemporary European thinkers leaving his mark in fields ranging from philosophy and social theory to aesthetics and theology This book represents a unique attempt to reconcile the traditional oppositions of the natural law and social utopian traditions providing basic insights into the meaning of human rights in a socialist society **From Human Dignity to Natural Law** Richard Berquist, Jensen, 2019-10-11 From Human Dignity to Natural Law shows how the whole of the natural law as understood in the Aristotelian Thomistic tradition is contained implicitly in human dignity Human dignity means existing for one's own good the common good as well as one's individual good and not as a mere means to an alien good But what is the true human good This question is answered with a careful analysis of Aristotle's definition of happiness The natural law can then be understood as the precepts that guide us in achieving happiness To show that human dignity is a reality in the nature of things and not a mere human invention it is necessary to show that human beings exist by nature for the achievement of the properly human good in which happiness is found This implies finality in nature Since contemporary natural science does not recognize final causality the book explains why living things at least must exist for a purpose and why the scientific method as currently understood is not able to deal with this question These reflections will also enable us to respond to a common criticism of natural law theory that it attempts to derive statements of what ought to be from statements about what is After defining the natural law and relating

it to human or positive law Richard Berquist considers Aquinas's formulation of the first principle of the natural law It then discusses the love commandments to love God above all things and to love one's neighbor as oneself as the first precepts of the natural law Subsequent chapters are devoted to clarifying and defending natural law precepts concerned with the life issues with sexual morality and marriage and with fundamental natural rights From Human Dignity to Natural Law concludes with a discussion of alternatives to the natural law Ernst Bloch Vincent Geoghegan,1996 In this much needed critical introduction Geoghegan critically appraises Bloch's ideas and presents them in a clear and accessible manner

Natural Law and Religious Freedom J. Daryl Charles,2017-07-20 Every successive generation finds fresh reasons for the study of natural law Current interest in the natural law may well be due to a pervasive moral pessimism in the Western cultural context and wider contemporary geopolitical challenges Those geopolitical challenges result from two significant and worrisome global developments unprecedented violent persecution of religious minorities on several continents and a growing climate of secular hostility toward religious faith in Western societies Natural Law and Religious Freedom aims to address what is relatively absent from the literature by demonstrating the importance of natural law ethics in both establishing and preserving basic human rights of which religious freedom has pride of place Probing contemporary challenges to natural law thinking that are both internal and external to religious faith and examining the character and constitution of natural law ethics Natural Law and Religious Freedom will be of interest to theologians ethicists and philosophers as well as policy analysts politicians and activists who are concerned to anchor religious freedom and human rights policy considerations in an enduring way **Natural Law and Calvinist Political Theory** L. S. Koetsier,2004-02

This thought provoking book begins with an historiography of Calvinist political theory and interpretations definitions of natural law Narrative of individuals Ancient Greece to Protestant Reformation who contributed to natural law Biography of John Calvin including his philosophy and his political theory Description of how Calvinist political theory developed between 1559 and 1649 Biography of John Locke his theology and his political theory The book concludes with a redefinition of Calvinist political theory **St. Paul, the Natural Law, and Contemporary Legal Theory** Jane Adolphe,Robert L.

Fastiggi,Michael Vacca,2012-01-01 St Paul the Natural Law and Contemporary Legal Theory grew out of the Year of St Paul 2008 2009 proclaimed by Pope Benedict XVI It brings together the insights of Scripture scholars theologians philosophers and law professors on the ongoing importance of the natural law for legal theory and international relations It argues that all human beings share certain common ethical standards based on the moral law written into the human heart **Human**

Rights and Natural Law Walter Schweidler,2012 **Natural Law** Anver M. Emon,Matthew Levering,David

Novak,2014-05-16 This book is an examination of natural law doctrine rooted in the classical writings of our respective three traditions Jewish Christian and Islamic Each of the authors provides an extensive essay reflecting on natural law doctrine in his tradition Each of the authors also provides a thoughtful response to the essays of the other two authors Readers will gain

a sense for how natural law or cognate terms resonated with classical thinkers such as Maimonides Origen Augustine al Ghazali and numerous others Readers will also be instructed in how the authors think that these sources can be mined for constructive reflection on natural law today A key theme in each essay is how the particularity of the respective religious tradition is squared with the evident universality of natural law claims The authors also explore how natural law doctrine functions in particular traditions for reflection upon the religious other

Creating Human Value as Public Management Theory Joseph Drew, 2025-04-16 Creating Human Value CHV is a powerful public management theory that places the person at the centre of all decision making It is founded on millennia old natural law philosophy updated to cope with contemporary problems At the heart of CHV is the ideal of human flourishing this is achieved through pursuing the common good via public policy in a way that respects human dignity To paraphrase Socrates it is about caring for the city rather than merely the city's possessions This book is the product of almost a decade of research and teaching of this compelling alternate public management theory to government decision makers in Australia and abroad In sum CHV is a much needed antidote to currently popular public management approaches that have unduly prioritized the common good over dignity with catastrophic consequences for the lives of many people This book will appeal to readers interested in public management public policy and government

The Sexual Person Todd A. Salzman, Michael G. Lawler, 2008-05-21 Two principles capture the essence of the official Catholic position on the morality of sexuality first that any human genital act must occur within the framework of heterosexual marriage second each and every marriage act must remain open to the transmission of life In this comprehensive overview of Catholicism and sexuality theologians Todd A Salzman and Michael G Lawler examine and challenge these principles Remaining firmly within the Catholic tradition they contend that the church is being inconsistent in its teaching by adopting a dynamic historically conscious anthropology and worldview on social ethics and the interpretation of scripture while adopting a static classicist anthropology and worldview on sexual ethics While some documents from Vatican II like *Gaudium et spes* the marital act promotes self giving by which spouses enrich each other gave hope for a renewed understanding of sexuality the church has not carried out the full implications of this approach In short say Salzman and Lawler emphasize relationships not acts and recognize Christianity's historically and culturally conditioned understanding of human sexuality *The Sexual Person* draws historically methodologically and anthropologically from the best of Catholic tradition and provides a context for current theological debates between traditionalists and revisionists regarding marriage cohabitation homosexuality reproductive technologies and what it means to be human This daring and potentially revolutionary book will be sure to provoke constructive dialogue among theologians and between theologians and the Magisterium

The Natural Law Foundations of Modern Social Theory Daniel Chernilo, 2013-01-31 After several decades in which it became a prime target for critique universalism remains one of the most important issues in social and political thought Daniel Chernilo reassesses social theory's universalistic orientation and explains its origins in natural law

theory using an impressive array of classical and contemporary sources that include among others Habermas Leo Strauss Weber Marx Hegel Rousseau and Hobbes The Natural Law Foundations of Modern Social Theory challenges previous accounts of the rise of social theory recovers a strong idea of humanity and revisits conventional arguments on sociology's relationship to modernity the enlightenment and natural law It reconnects social theory to its scientific and philosophical roots its descriptive and normative tasks and its historical and systematic planes Chernilo's defense of universalism for contemporary social theory will surely engage students of sociology political theory and moral philosophy alike

Rethinking Democracy for Post-Utopian Worlds Jorge León Casero, Julia Urabayen, 2024-06-06 This book is both a conceptualization and detailed analysis of the current crisis in which modern utopian categories of political institutions find themselves as well as a reflection and clarification of the new dangers and opportunities facing post utopian politics in the making Met with those who believe that no more utopian political projects are possible the post utopian movement maintains a non fantastic or illusory character of being able to apply new great discourses and radically democratic historical narratives while respecting both the autonomy and emancipation of individuals as plurality and the socio cultural differences of communities With this purpose in mind the book is divided into five thematically differentiated sections the new utopian categories beyond modern epistemes the possibility of liberal utopian democracies without neoliberalism the opportunities of socialist empowerments and insurgencies the necessity of thinking in the space between two ages and the urgency to create eco political post utopias

The Poesis of Peace Klaus-Gerd Giesen, Carool Kersten, Lenart Škof, 2017-03-27 Exploring the relations between the concepts of peace and violence with aesthetics nature the body and environmental issues The Poesis of Peace applies a multidisciplinary approach to case studies in both Western and non Western contexts including Islam Chinese philosophy Buddhist and Hindu traditions Established and renowned theologians and philosophers such as Kevin Hart Eduardo Mendieta and Clemens Sedmak as well as upcoming and talented young academics look at peace and non violence through the lens of recent scholarly advances on the subject achieved in the fields of theology philosophy political theory and environmentalism

Church, State, and Society J. Brian Benestad, 2012-08-07 How can the Catholic faith help not only Catholics but all people build a just and flourishing society The Catholic Church contributes first and foremost to the common good by forming the consciences of the faithful Faith helps reason achieve an understanding of the common good and guides individuals in living justly and harmoniously In this book J Brian Benestad provides a detailed accessible introduction to Catholic social doctrine CSD the Church's teachings on the human person the family society political life charity justice and social justice Church State and Society explains the nuanced understanding of human dignity and the common good found in the Catholic intellectual tradition It makes the case that liberal arts education is an essential part of the common good because it helps people understand their dignity and all that justice requires The author shows the influence of ancient and modern political philosophy and examines St Augustine St Thomas Aquinas papal social encyclicals

Vatican Council II and postconciliar magisterial teaching Benestad highlights the teachings of popes John Paul II and Benedict XVI that the attainment of the common good depends on the practice of the virtues by citizens and leaders alike In addition to discussing the tension between CSD and liberal democracy the book takes an in depth look at Key themes of social life the dignity of the human person human rights natural law and the common good Three principal mediating institutions of civil society family Church and Catholic university The economy work poverty immigration and the environment The international community and just war principles Excellent The best treatment of Catholic Social Doctrine as a whole and a precious reminder of the intrinsically problematic character of modern democracy Perspectives on Political Science

The Church and Development in Africa, Second Edition Stan Chu Ilo, 2014-10-20 In this book Stan Chu Ilo offers an integral theology of development and a critical social analysis of different development theories and practices in the world especially in Africa Ilo offers a comprehensive biblical anthropological and theological foundation of the principles and praxis of Catholic social ethics from the Second Vatican Council to Pope Francis Drawing from the social encyclical Charity in Truth Ilo shows how Catholic social teaching responds to some of the challenging questions and concerns of our times in relation to human rights ecology globalization international cooperation development and aid human and cultural development business ethics social justice and the challenges of poverty eradication He creatively applies these principles to the social context of Africa and lays a groundwork for sustainable Christian humanitarian and social justice initiatives in Africa

Natural Law and Modern Moral Philosophy: Volume 18, Social Philosophy and Policy, Part 1 Ellen Frankel Paul, Fred D. Miller (Jr.), Jeffrey Paul, 2001-01-29 The essays in this volume written by academic lawyers as well as legal and moral philosophers address some of the most intriguing questions raised by natural law theory and its implications for law morality and public policy Some of the essays explore the implications that natural law theory has for jurisprudence asking what natural law suggests about the use of legal devices such as constitutions and precedents Other essays examine the connections between natural law and natural rights

Definition and development of human rights and popular sovereignty in Europe Council Of Europe, European Commission for Democracy through Law, 2011-04-20 What role do the people play in defining and developing human rights This volume explores the very topical issue of the lack of democratic legitimisation of national and international courts and the question of whether rendering the original process of defining human rights more democratic at the national and international level would improve the degree of protection they afford The authors venture to raise the crucial question When can a democratic society be considered to be mature enough so as to be trusted to provide its own definition of human rights obligations

Natural Law And Human Dignity Introduction

In today's digital age, the availability of Natural Law And Human Dignity books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Natural Law And Human Dignity books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Natural Law And Human Dignity books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Natural Law And Human Dignity versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Natural Law And Human Dignity books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Natural Law And Human Dignity books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Natural Law And Human Dignity books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free

access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Natural Law And Human Dignity books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Natural Law And Human Dignity books and manuals for download and embark on your journey of knowledge?

FAQs About Natural Law And Human Dignity Books

1. Where can I buy Natural Law And Human Dignity books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Natural Law And Human Dignity book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Natural Law And Human Dignity books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Natural Law And Human Dignity audiobooks, and where can I find them? Audiobooks: Audio recordings of

books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.

8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Natural Law And Human Dignity books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
