A Profile of Jewish Believers in the UK Church Jonathan Allen, 2018-03-02 Given that mission agencies have been reporting for the last two hundred years or more the number of Jewish people coming to faith in Christ this book asks the question where are they and their descendants now Using a multidisciplinary approach covering social identity theory social memory theory and translation theory this book constructs a profile of Jewish believers in the UK church based upon interviews carried out with church members and leaders who are Jewish or have experience working with Jewish believers After examining both theory and data the conclusion is that church is a hostile environment for Jewish identity Unlike Chinese Ghanaian and Korean churches whose members are encouraged to retain their traditions as diaspora communities reaching out to their own people the church has a strongly assimilationist policy toward Jewish believers who are encouraged even pressured to forget their Jewish traditions customs and practices in favor of blending into Gentile church and disappearing Jewish believers are at best an oxymoron at worst an anathema not to be trusted or tolerated unless as in the days of the early church from the third century onwards they renounce their previous lives families and communities
